Stephanie Draper is on the run from an abusive husband--a terrifying breed of shifter. She seeks sanctuary in Tulsa, Oklahoma at her childhood home. Her stepfather is a respected Moon Pack werewolf, and even though she's human, she's considered a pack member, too.

Nolan Wright is also a Moon Pack werewolf and a cop with the Tulsa PD. He can sniff out a damsel in distress from five miles away ... and it doesn't take him long to find the beautiful and haunted Stephanie.

Beauty wants the Beast. Stephanie has built solid walls around her heart--for a good damned reason. But Nolan's kind and funny demeanor is creeping through the cracks of those walls, and soon, she finds herself falling for the handsome shifter. It feels like Stephanie may finally be able to piece together her shattered life ... until her monstrous husband returns for his final revenge...

#### **POWERFUL AND COMPELLING!**

Wow! I loved it! Ms. Bardsley has once again delivered another original and entertaining series! Her exceptional talent and skillful writing ability shine brightly in this first book of her new series, Moon Pack Rules-Her Werewolf Bodyguard Book 1. Exciting! Well Written! Original! Powerful! Gripping! Compelling! Addictive! Entertaining! Romantic! Sweet! The story is well written, original and compelling. The dialog is smart, well articulated and flows beautifully. The characters are interesting, life like and engaging. Handsome, sexy wolf shifter, Nathan, a police officer and pack enforcer, is assigned to protect a human female by his pack Alpha. Beautiful, brave, non-shifter Stephanie, escapes her violent, abusive husband, Garrett, and returns home to her loving stepfather who is recovering from a heart attack. What does fate have in store for Nathan and Stephanie? Will Stephanie find love and safety? Can Nathan keep Stephanie safe and restore her broken soul? Sexy male werewolves-check! Beautiful, brave heroine-check! Suspense, violence, heinous villains and romance-check, check check, and check! Oh! And did I mention it has a Wendigo! Yep! It most certainly does has a Wendigo shifter! How's that for original! This is only Book One of this series and I'm already on the edge of my seat! I can hardly wait for Book Two!

First part in a serial.

Stephanie's husband turned out to be a menace and when she finally gets away, she knows he'll come after her.

Good thing she can get help from the shifter community back home.

Quick read, shifters and action.

#### **Nice Read**

I really enjoyed this read. I can't wait to get started on book 2. This book is about a human female who married a shifter that have severe anger issues. I think that people will enjoy reading this series, one that I will recommend to others.

Part of Kindle Unlimited. Good start to short-read series. Wolf Shifter. She ran from her husband who is a monster. He is assigned to protect her. The attraction is undeniable. Can she overcome her past to let him in? Cliffhanger. Part 1 in series of 5.

## **Gladys Gonzales Atwell says**

Original and gripping are two words I would use to describe the plot line of Michele Bardsley's first episode of Her Werewolf bodyguard series!

Stephanie Draper is human, but her stepfather is a werewolf. He is the only person she knows who can protect her from her abusive husband--a terrifying breed of shifter. What he is will shock you! I do love love love when an author introduces a new brand of paranormal creature!! Ding Ding Michele just did!

In the first episode Michele does an excellent job of building the world, giving her characters dimension and showing us that Stephanie is strong regardless of her husband's past actions towards her. Enter Nolan Wright who is a Moon Pack werewolf and a cop with the Tulsa PD. He is a pack mate of her stepfathers and is glad to take on the job as Stephanie's personal body guard. (Insert dreamlike sigh)

The budding romance is endearing and sweet! I do enjoy the romance and couldn't wait for the next episode. Soooooooo I downloaded it! TEEEEE HEEEEEE!! Stay tuned for the review of episode 2!

Michele Bardsley I tip my Nerd Girl Hat to you!! 4 STARS!!

Disclaimers: Since this is a serial short, I highly advise that you read the books in order so that you get the full impact of the story.

### **Serial alert**

Very interesting plot. Wendingos, werewolves and a frightened abused woman, all meet dead center. This book was so short though nothing was established, hence two stars.

### **Good read for a novella**

This first episode was shorter than I would have liked. But the plot developing and the characters is wonderful. I enjoyed the interactions between Nolan and Stephanie. I am excited to see where this story leads.

### **Moniqua Sexton says**

I love me a good werewolf story. I think werewolf shifters are the sexiest fictional humans. The men are tall, husky, broad shoulders, bearded and just masculine. If he looks anything like Alcid on Trueblood, good Lord! To meet a man like that in real life is far and few between. The abuse that Stephanie suffered from her childish, boyish, insecure, dominating, controlling, wendigo husband, is unthinkable. To be eight months pregnant and have a man who claims to love you, push you down a flight of stairs, causing early labor and your child to die, is unforgivable. I'm happy she had Nolan around. What a man! The way he made love to her, I'm even jealous and this isn't even real. A love like that, a man willing to go to hell and back, just to keep you alive, if only. I loved this book and I still want more.

I have liked the other pack series and now have a new shifter to add = Wendigos. They seem to be really nasty customers. On to part 2.

#### **Another great story from Michele!**

Stephanie is running from a bad man, her husband a rare shifter, and he's coming for her. Getting away from him took a lot from her including her comfort of being herself. Nolan, pack enforcer, for Kade's werewolf pack is assigned to protect her. Will Stephanie trust Nolan to protect her?

**Sharon Webb says****Wow!!**

What a wonderful new series. I'm sure they are going to leave you hanging, so far this one did. But it's good, some sensual glances, characters feel real and story line is one you can follow.

**Shoulanda August says****Interesting and full of surprises!**
