# Just One Night, Part 5

Elle Casey

**Just One Night, Part 5** Elle Casey

**NEW YORK TIMES and USA TODAY BESTSELLING AUTHOR, ELLE CASEY, brings readers PART 5 in the 6-part contemporary romance serial novel, JUST ONE NIGHT.**

*[This book is PART 5. Readers should begin by reading PARTS 1-4 first.]*

Jennifer thought they had everything figured out. She and William were going to start over from scratch and take a chance on a real relationship. But then he doesn't call, and she wonders if she somehow managed to misinterpret everything. Further investigation puts her on William's doorstep, walking into a hell of a mess. William is at loose ends, no longer part of the family fold and suffering the fallout in the form of take-out and hagfish. Will he find inspiration and meaning again or will he crash and burn?

This ebook is Part 5 of the contemporary romance serial novel, **JUST ONE NIGHT**, approximately 23,000 words or 93 paper pages long. **The story concludes with Part 6.**

**A note from Elle about this series:** Hello readers! I had such a great time writing this serial. Like you, I had no idea what was going to happen from one part to the next. I didn't even know how many parts there would be. It was great having all the feedback from my readers as each part was released; it definitely influenced the end result. Edward's story, **JUST ONE WEEK**, is coming soon in 2016. Add it to your Goodreads shelf today!

## From Reader Review Just One Night, Part 5 for online ebook

### **\*J\* Too Many Books Too Little Time says**

After reading Part 4 I was a little concerned with where things were going with this series.

But I must say, I like the direction this one took. I can kind of see things starting to wrap up.

Things pick up where Part 4 left off. Jennifer and William have agreed to take things slow. Do things right this time. Date, get to know, each other...make it about more than sex.

William has gotten some rather bad news and finds himself a bit in the dumps. He spends a few days doing a lot of

before he's rescued by Jennifer.

I did think the "British-isms" were a bit over the top in this one but I still found myself LOL more times than not.

Without giving too much away, I like where things are going and I am curious to see how it will all wrap up.

We didn't get much of Mia this go round but the charming Miss Meechum was back so that was fun.

So....no plans to throw in the towel yet!

---

### **♥Sharon♥ says**

3.5 Stars

Well this one just fell a bit short for me. At the end of Part 4 I was wondering where these two were going to go and I'm liking it but it was just missing that steam level that I have come to love with William and Jennifer!

I am looking forward to what will come of their business partnership of Stratford & Moorehouse and I hope they will be able to hand Hank his ass on a platter because I really do not like him nor do I like his love interest at the moment. That ending. What the hell is wrong with that bitch.

I missed Mia and Miss Meechum too. We only got little bits and pieces of them and for me they always rounded out the story. And while I enjoy the British lingo, I was getting a little lost because for me there were just too many.

I wasn't doing much of this....

And by the end I just felt like this....

\*\*\*\*\*3.5 Stars\*\*\*\*\*

The 5th installment opens with William wallowing in self pity after having left the family business. His pity party will be cut short by Jennifer. She helps him clean up his act, and gets him to start a joint business venture. He even ends up moving in to her tiny apartment with her as well.

This one was missing the SEXY!

There was maybe one sexy time scene but it was just missing the usual heat between the two and the entire time I felt like this was just a filler read.

There is a little action at the end that leaves us with a cliffy but I was wondering why that was even written into the story.

That secondary character has so little value to the story.

In any case, I still enjoyed getting more of William and Jennifer.

---

**Carol [Goodreads Addict] says**

Just One Night, Part 5, by Elle Casey is the fifth book in the serial novella series, Just One Night.

Is it possible that these get better and better? This whole book is practically quotable. Everything William says is hilarious and wonderful.

After the crazy way book four ended, William has holed up in his company owned apartment and is wallowing in self-pity. It's just like this that Jennifer finally finds him after not having heard from him for days right after they agreed to make a go of a relationship. So Jennifer, aka Nurse Ratchet, takes charge, throws William into a cold shower, sobers him up and begins to plan their future.

*“What are you thinking right now?” She asks.*

***“I was thinking that were I physically injured, I might fear having you as a nurse.”***

They pack up William’s things, move him into Jennifer’s apartment, and decide to form a partnership together.

***“How have I managed my life without her? I’m not sure of that, but I am quite sure of the fact that I don’t want to know what a future without her in it would be like.”***

As William and Jennifer begin to navigate both living and working together, they are also both coming to the realization that their feelings for each other are much stronger than they ever imagined they could be. And the pact they made in the previous book to abstain from sex while they begin their relationship anew lasted about five minutes, if that. These two can’t keep their hands off of each other.

***“I’m about to enter the mighty kingdom, the glory hole of all glory holes, the deep, dark, lovely place I like to think of as home.”***

As always, William’s inner and outer dialogue is constantly making me laugh. But as Jennifer and William are both finally seeming to have some things go right for them, Jennifer is paid a surprise visit by someone that has tragic results. And there you have the next cliffhanger. I can’t wait for book six to finally get the conclusion and see how this all turns out. I so want them to get their HEA.

**SueBee★bring me an alpha!★ says**

Part 5 of 6.

---

**Michelle says**

**3 +ish Stars**

Jennifer didn't expect to find William wallowing in his own filth when she knocked on his door, but that is

what she found. She isn't going to just leave him be though, getting him showered, sober and looking forward... oh, yeah and horizontal, is the plan.

I absolutely loved that Jennifer finally seemed to find some balls in this installment. The insecure girl I wanted to strangle was nowhere to be found. However, as great as finally not wishing death upon the heroine was, there was just something missing for me that was so present in the four prior installments. I felt like just as Jennifer grew on me and became likable, William suddenly started to annoy me. The adorable Brit grated on my nerves a bit. I feel so bitchy right now even thinking about this. I can't place if this feeling is one of those 'just read it at the wrong moment' things or something else.

I look forward to the new drama being introduced to this story and I hope that Jennifer stays on this path of self-confidence. I think William rubbing me the wrong way was just me maybe having a "moment" and that I'll quickly fall back in love with him with the next book.

### **TORI says**

#### **4 "It's About Time" Stars**

Finally Jennifer came to her senses!!! Whoo woo! I felt like William and Jennifer would get together like this, and I am so glad I was right, although the cliffy has got my head spinning a little!

I can't wait to read the last book and see how it all turns out.

And Heather...

I got something for yo ass!

---

### **Beverly says**

#### **3.5 Two Become Stars....**

First...I can't get that damn Spice Girls song out of my head...

I liked this one, but didn't love it like I did the others in the series. I am excited for *Stratford & Moorehouse*, but this one felt like it was rushed and a lot of content was thrown at us. I assume since things are wrapping up in the next book.

The last chapter...

Hank and Twat Monster

*After last 10% can't wait for book 6!!*

---

## **Jen says**

Another great installment in the *Just One Night* series by Elle Casey. I'm really enjoying watching Jennifer & William's relationship evolve. At the end of the last book they agreed to start their relationship over, more specifically, not sleep with one another again until they at least have a real date. William was going to call, but it's been days and he hasn't called. When she goes to check on him, she finds him in a drunken stupor. Instead of letting him wallow in his misery over losing his job she decides they should be partners and roommates. As she forces him to shower off the four days of "pity party" smell he has going on, she can't help but to offer to help him.

These two are great together, but living together and not shagging 24/7 may be harder than they thought. Just getting dressed to go meet an important client shows to be a challenge. By now we all know how much William loves Jennifer's breasts.

**"You are mine and I adore you."**

Just as these two are recognizing that they've fallen in love with the other problems arise. Will they get a chance to declare their love? I guess we will have to wait for book 6 to find out.

---

## **Jennifer Kyle says**

### **3.5 *Stratford & Moorehouse* Stars**

I'm a New Yorker so I'm not quite sure about William's dialogue, he came across way too formal in this book. The story was a bit flat to me but I liked the direction the author has brought the series.

Once again the story ends with a cliffhanger that wasn't frustrating like previous installments but just over the top for the circumstances and felt odd.

Looking forward to the next installment to see how the author wraps up this series.

*"You are mine and I adore you,"*

---

## **VEL says**

4 John Thomas ;) Stars!

Always a great pleasure dealing with the likes of William and Jennifer.

Part 5 finds these two in unsettling circumstances that they were not expecting. Jennifer is the one taking control and sorting things out, which is pretty good going bringing more of her character to life.

The chemistry between the two is again great fun, good banter and some real fun thoughts and phrases.

All helped along with the sassy side characters...

But bloody hell Elle Casey you are wicked in bringing in another twist at the last moment and leaving us hanging?!?!?

Once again, I shall be begging please please please roll out part 6 ASAP!!!!

---

## **Didi says**

3.5 STARS

Oh, wonderful William! The last chapter was perfect and paved the way for the direction this story is going. I'm very happy that things are beginning to wrap up. Not to say I haven't enjoyed this serial, I'VE LOVED IT! But anything ongoing can start to drone and leave the reader bored. Things are really looking up for William both professionally and personally. The ending to book 4 had me wondering how the author was going to wrap this up. Well, it exceeded my expectations and answered a few questions.

Jennifer actually came to William's rescue this time around and solidified for him why she's a keeper. She's

also started to come out of her insecurity shell and took some chances on the sexy Brit. This installment had them reaching new heights in their relationship, discovering things about how they feel about one another and standing up to old foes. The British lingo was a riot but I often found myself looking up many terms unfamiliar to me, they're so funny!

Ms. Meechum is back and creative as usual, there was no Ingrid this time around but I'm sure we'll see her again. I love the direction William and Jennifer's story is going, love their cute banter and sexy times. The ending was a mild cliffy but seeing as book 6 is the last according to the author, I'm sure we won't be waiting for long!
