No God is Safe Orlando A. Sanchez

A Dangerous Client. An Impossible Case. An Offer He Should've Refused.

Children have gone missing in NYC.

Detective Simon Strong takes on what he thinks is a routine case-get proof of a spouse's infidelity. When he digs deeper, he stumbles onto the trail of the missing children, but what he discovers shatters his concepts of reality.

Tristan Montague is a mage on the run. Hiding from his sect and banned from the magical societies, he follows a trail of missing children to NYC. Now, together with Simon, they must prevent more abductions and stop those responsible for the disappearances.

They will face an enemy unlike any other-hungry for power and willing to destroy anyone who gets in their way. Will they locate the missing children? Will they reveal the power behind the abductions and stop them?

Join Montague & Strong in their first case as they risk it all to save those who can't save themselves!

Elizabeth Myers says

Nice and short

This is a really good short read. Even though it is short, it still has a beginning, middle and end. Better than flipping threw a magazine if your stuck in a waiting room. Action and adventure in a little package. Can't beat the price either.

Carrie O'Leary says

Nicely done Mr Sanchez, thoroughly enjoyed this prequel Novella to the series. I don't do recaps of the story, the author always does it best. All I will say is, if you are new to the series read at least book 1, Tombyards and Butterflies first. That way you get to fully appreciate the prequel. Stories aren't always best read chronologically. Good fun and nice quick read

Denise King says

Great addition to the magical urban fantasy genre. Love the backstory for my favorite action heroes in a gritty, and funny, urban fantasy. Who is crazy enough to take on a God, much less two? Simon and Monty of course. Nice little twist to which the bad actually is. And explains how Simon gained his unique immortality.

Penelope says

Yeah finally an answer to how Simon and Monty meet and how Simon got cursed.
It is a great taster story to get you hooked on Montague and Strong.
I highly recommend the next book and I look forward to more to come.

Li Kim Min says

a must read story short before starting on with Book 1: Tombyards and Butterflies otherwise you won't have enough of a feel of the characters' personalities and the reason of their close friendship otherwise. Seeing as Book 1 drops you right into the action right in the beginning and drops a ton of characters and plot lines left and right often leaving you going: "Who's that? What? Then how?"

It's definitely less confusing after you've read the shorts. XD

Beverly says

It is good that this was a special dual buy with the first book, Tombyards & Butterflies, because I would not have purchased a mere 42 page story for 99 cents. It is a good background story that introduces the main characters of the series, but it should have simply been the prologue of the first book and not a separate story.

Kati says

3.5 stars. Definitely interesting enough to get Book 2. I'm especially interested in how the friendship between Simon and Monty develops.

Laura says

Montague and Strong never disappoint, even when they don't even know each other yet. I'm sure that I'm not the only one who wondered how this particular odd couple met and became partners. The story is worthy of the rest of their adventures. When Shiva, yes that Shiva, comes to Simon with a case, he doesn't think he can refuse, especially when Shiva starts name dropping the name of Simon's friend Ramirez at the NYTF. But Ramirez has no idea how Shiva got Simon's name, he needs Simon to partner with a mage to rescue a group of kidnapped children. Tristan Montague meet Simon Strong. Strong meet Montague. Unsurprisingly, the two cases intersect and even though Monty and Simon appear to get along like oil and water, lives are at stake so they set aside their differences to get the job done. I won't spoil the action. Suffice it to say, we also learn how Simon earns his curse. Two huge questions answered!

Of course, the story also raises as many questions as it answers. For instance, what did Simon do to get himself retired from the NYTF? Why did Shiva pick Simon to be his fall guy? Did Simon have some sort of latent ability before he met Shiva? Why does Montague decide to stay in New York? Where do the vampires come into the mix? Hopefully, these and other questions will be answered in future works!

Msjodi777 says

Kinda different but fun.

Very new to this author, but I did enjoy this book, so not only will I continue the series, but I recommended it to friends. <><

Michelle Casson says

No one is safe once you read the first Montague & Strong book, no one. You are hooked completely. I always wondered how the boys got together. I also wondered just what Simon did to make Kali so mad that she cursed him to immortality. Now I know. Read this and you will too.

Mandy Walkden-Brown says

Thoroughly entertaining!

Action and humour filled introduction to these characters and the series.

Rather enjoyed discovering how Monty and Simon met. Good to know that Simon had a knack for annoying Monty right from the first few seconds of their initial meeting!

The duo manage to find themselves right in the middle of a battle between two gods from the Hindu pantheon. Not the safest place to be, but then that never stops this pair.

Another well written, fun read from this author.

Natalie Fallon says

Case file to answer how it all started

Monty and Simon have already appeared in 2 books, starting with Tombyards and Butterflies and more recently Full Moon Howl, and this Case File tells us all how the British Mage and American supernatural go-to immortal met and started working together as well as answering the question of how Simon got his immortality curse. Although I read it in the order of being written I'm sure this could be read as an introduction or at any point in the series and, as with all books in the series, is sure to entertain with action and humour.

Katy Lohman says

Orlando Sanchez writes addictive books...this novella included. This is a prequel to his Montague and Strong series, and shows how the men met. When it's not hilarious, it's deadly serious, and I find his take on a well-known goddess to be one of those "Oh, I never thought that before" moments. I read this the same day that I got it, because I couldn't stop until I figured out what happened.

Ellen Sheffer says

If you like Dresden

If you like Harry, you'll like Simon. Same kind of snarky, only he isn't the Wizard, Montague is. Sorry, mage not wizard. This was a short prequel - how Simon meet Monty - so I don't know how it's going to work over the longer run, but I thoroughly enjoyed this and will continue on with the next installment. Can't wait!

Maryann Sims says

This is a short little story or a novella about how Monty and Simon met. Also how making a mistake can get you cursed with life, and how sometimes a mage feels sorry enough to stick around and make sure you live or is it how you can live?

All in all a great read, full of the humor that makes Simon so dear and near to your heart while at the same time you want to smack him upside the head.

I wouldn't say you needed to read this first before the other books, but it does put the missing pieces together.
