## Pirate Dave and his Randy Adventures Robyn Peterman

After all was said and done, the disgusting novella meant to destroy a story stealing New York Time's best-selling author's career was successful. Rena Gunderschlict, an accountant with no discernible literary talent, and her band of adorable porno writing grannies came up with the worst piece of literature, (and I use that word loosely), that was ever written. Amazingly enough, it became a cult classic. Who in the hell knew there was an underground need to know and love a Time-Traveling Vampire Warlock with erectile dysfunction and his conjoined lady loves, Laverne and Shirley?

Apparently the need is there and now so is the full version of their story . . .

\*\* Special Note from Author Robyn Peterman \*\*

This is a spoof. A profane romance spoof not meant for anyone under 18. I was threatened lovingly and repeatedly by my readers to write the full version of Pirate Dave. He was born of the need to create a horrific career ending romance novel to destroy a really bad, nasty villainess . . . and Thank you Buddha in a tube top, it worked! I laughed my way through writing this and I hope you will enjoy this small slice of my warped brain. NO, this is not what I normally write, but I certainly had a good time penning it! If you want to read the real romance story, you'll have to peruse HOW HARD CAN IT BE? You'll find the first three chapters at the end of the hot mess you're about to read . . . And now, I give you the career ending novella, (hopefully not mine) otherwise known as PIRATE DAVE AND HIS RANDY ADVENTURES.

## Pirate Dave and his Randy Adventures Details

## **From Reader Review Pirate Dave and his Randy Adventures for online ebook**

### **Candace Clark says**

Pirate Dave is my favorite. Honestly, I could not put this laugh out loud, pee my pants romp down. The antics between this randy Pirate and his hilarious crew take us on a time traveling journey of love, sprinkled with a little mystery, that involves Mother Nature, Poseidon and cell phone scrabble. Robyn's comedic timing is brilliant and this spoof encompasses it all. This is a great summer read! I will say if you haven't read *How Hard Can It Be?*, Peterman's debut novel, you must. It is in *How Hard Can It Be?* that Pirate Dave was born. Although Dave stands on his own quite nicely, once you have read this tale there's no way you won't want to find out how the heck this crazy Pirate came to be. I am anxiously awaiting her next novel in this series, *Size Matters*. Peterman's writing has such a refreshing perspective in the romance genre. There is no one out there writing like she does. Her stories are bigger than life, but at the same time not really. The comedy makes them so much more honest, because we all know that love stories never really happen the way they do in novels. This author is a keeper! But not for anyone under 18!

### **Sarah says**

Published in May 2013, this was delightfully silly, raunchy and dirty. I learned more creative euphemisms for the male genitalia and swear words in this one novella than I've acquired in the last 10+ years.

This is the story of Pirate Dave, a narcissistic time-traveling vampire warlock with a permanent erection, a crew of scurvy, smelly, and terrified pirates, and a long-term Scrabble war via cellphone with Poseidon. As the story opens, Pirate Dave is braving an earthquake to locate his ultimate concubine, who actually turns out to be a two-fer, as she's one half of conjoined twins named Laverne and Shirley.

Thankfully the story mainly takes place in 1492, because Laverne and Shirley do not seem to mind Dave's lice-infested chest hair, or his "manly" body odor. Personal hygiene is not a primary concern for pirates, thank you very much. In between accidentally slaughtering his crew, boinking Shirley, screaming insults at Poseidon (who responds with well-placed lightning bolts), and time-traveling for antibiotics and shopping binges, Dave manages to cross paths with a blind troll, a surgical team at Johns Hopkins Medical Center, and an immortal hag with giant fake boobs.

Truly a renaissance man!

This novella had me laughing, snickering, giggling and constantly yelling to my bemused husband, "Hey Honey, have you ever heard this one?" Even my manly stud of a mate learned a few things from Pirate Dave, my friends.

Everyone needs a little Pirate Dave in their life. Bawdy smut with laugh-out-loud humor is a rare combination. Go download this little gem!

### **J.D. Brown says**

I haven't read Peterman's first book "How Hard Can It Be?", which is the book where Pirate Dave originated, but I still loved this! I heard about it from a friend who was reading it. She was real cautious and hesitant while explaining what it was about, and I can understand why. There is a lot of cussing, adult humor, and a general lack of logic to this story that would probably make most people think "WTF is this trash?" - but I love a good silly comedy and I'm glad I took a chance on Pirate Dave. I laughed so hard, I almost peed my pants!

---

### **Tonya says**

If you ever wanted to read a story that had every name you can think of for a penis, this is it. LMAO!!! This story is raunchy, bawdy and hilarious!!! Ms. Peterman has a way with the male genitalia, and it's the funniest thing I have read in a very long time. This is a SPOOF so please read it as such, you won't regret it!!!

#### **Outlandish & Hilarious**

Robyn Peterman's Pirate Dave and his Randy Adventures was one of several freebies that I downloaded almost a month ago - and I finally got around to reading it this evening. This is one that I have a hard time fitting into any category. Why? Time-Travelling Vampire Warlock Pirate Dave (I usually shorten that to Pirate Dave) is already horny. Based on information from his fortunetelling colleague, he is working to save the loves of his life from the massive earthquake that is right now tearing about their home. Luckily, Pirate Dave lives on a pirate ship which has plenty of room for his two unconventional loves, and which has internet connection to the future to allow him to order anything he desires.(which are further sources of laughter.)

I laughed my way through this romance spoof (which was greatly needed, so thank you!); had a hilariously fun time meeting all the characters; and realized that this one story was just \*\*not\*\* enough of Pirate Dave. I read the 3 bonus chapters at the end of the story that had spun off this spoof story and already feel that they are family - can't wait to finish that story. In checking Robyn Peterman's booklist for more gems from Pirate Dave, I noticed an author interview that Pirate Dave hi-jacked from his author Robyn. I recommend that you check Robyn's Blog site and read the interview - if you are not already familiar with Darynda Jones and her main character Charley, Pirate Dave ensures through the course of the interview that you meet them on quite an intimate level. Since they are Pirate Dave's newest crush, Darynda and Charley have been added to my new-author-series reading crush - any crush of Pirate Dave's is a reading crush of mine. ~grin~

And I am thrilled that several rumors mention that there are several more offerings from Robyn during the remainder of the calendar year, including at least one of those will be devoted strictly to more Pirate Dave Adventures. Even better - more going on with Rena and the porno grannies are in one or maybe 2 upcoming books. Just all rumors, you know - but where there is smoke, there's a flurry of words hitting those pages.

\*\*Whatever\*\* additional writings appear in these series, I will gladly read.

A quick mention to Pirate Dave - you need to remember more often that you \*\*are\*\* a Time-Travelling Vampire Warlock Pirate. You really get yourself into sooooo many situations that could be avoided if you actually remembered you have all these additional powers \*\*outside\*\* of the bedroom. We all have short-term memory issues, especially as we get older - but your memory lapses seem to be beyond the norm, even for Time-Travelling Vampire Warlock Pirates. ~smile~

### **Laurel says**

Too funny for words, but this book is just so WRONG! The good news is that it's meant to be wrong in just this way! Be very careful - eating or drinking while reading this author can be hazardous to your health!

---

### **Jim McKittrick says**

I am not a romance reader, but I was told I had to read this little thing. It was so bad, it was good. I didn't realize there were so many names for the male member. If you want a good spoof, this is it.

---

### **Carole says**

A career ending romance spoof? No I don't think so. As long as you don't take this truly disturbing piece of literature seriously and enjoy it for what it is. And that is as a rude, crude, and socially unacceptable parody of really bad romance books. I laughed and learned many new synonyms for a particular male body part that by itself made it worth the read.

---

### **Wrist Decay says**

Every time a book is mentioned in a book, I want to read that other book. When someone in a book mentions their favorite author, I read those, too. It should come as no surprise then, that I read Pirate Dave, because this "book" is mentioned in How Hard Can It Be?

On long drives to San Fran, I read Pirate Dave aloud to my husband, and if you buy it, I recommend reading it aloud (but not in public). It is pretty much the most awesome awful book ever!

---

### **Monette Michaels says**

I loved How Hard Can It Be?, and so I had to read the story within the story.

Pirate Dave is like a train wreck -- you know you wanna look. Once again the fertile mind of Robyn Peterman has made me laugh out loud while reading. No Pepsi was consumed as I read the book. I learned my lesson with her last book -- my sinuses are still recovering. Oh, and this time Mother Nature has a large role to play in addition to Poseidon (damn that scurvy sea god!). This book is definitely adult material; don't let the cartoon-like covers fool you. ;)

---

### **Patches Braz says**

Pirate Dave is a Time-Traveling Vampire Warlock of the grossest kind, but to funny to be all that put off by him. Along with his two concubines Laverne and Shirley conjoined twins well than not than are again!! Pirate Dave is a Scrabble-Holic and plays against Poseidon along with a wicked sense of humor Mother Nature and his Crew Mates and The Blow Up Doll!

This has to be the funniest and weirdest book I have ever read. My family thought I was on something I was laughing so hard! This is an Adult Spoof Book!

A must read if you are looking for something so different and need a good laugh!

5 STARS

Patches

### **Rosanna Leo says**

Start crank calling Poseidon and get your beef bayonet ready! This is the craziest story I have ever read...so crazy it is brilliant. Ms. Peterman has crafted a pirate/romance spoof that will have you spewing your drink. I laughed out loud and fell in lust with vampire warlock Pirate Dave. Just insane in the very best way. The description of Dave crank-calling water god Poseidon had me in stitches. Robyn Peterman has just become one of my go-to authors.

---

### **Mel says**

A fun, short read...this is a spoof and is intended for mature readers above 18 years of age. This is the spoof novel used to end the villain's career in " How Hard Can It Be?". Robyn completed Pirate Dave's story at the request of her fans. Thank you Robyn! It was a blast reading his warped world.

---

### **Stacy McKittrick says**

She ain't kidding when she says it took a warped brain to write this. However did she think up all that crap? This is a very funny spoof of a so-called paranormal romance. Yeah, not much romance, but lots of raunchiness. It helps to read "How Hard Can it Be?" first, so you get all the references. Very funny!
