Poppy M.A. Horst , Michelle Horst

~ Poppy ~

Storm, the eldest son of a heartless businessman is forced to choose a bride. His father wants grandchildren to secure the future of Royal Industries, and he wants them now.

Forced to choose from a specific list of women that's been promised to the Royal family, Storm holds a masked ball and invites the six women.

Poppy has lived a sheltered life. She has been homeschooled by her overprotective mother. Attending the masked ball is an exciting experience for her until she lands in the arms of Storm Royal. Electricity crackles around them.

Poppy's delicate new love is shattered when she finds out why Storm really wants to marry her. She's only a means to an end, another piece of property.

Can Storm win Poppy's trust while trying to keep his fiery desire for her under control?

This is one force of nature Poppy didn't see coming.

Warning

This is an over the top, insta-love, hot as hell fairytale with a twist of kinkiness.

Each book in The Force of Nature series is standalone & about a different couple.

This is Book One

From Reader Review Poppy for online ebook

Janice Somers says

I so love reading every author who writes their interpretation of fairy tales. This was such a great story. I loved Poppy and Storm.

Instant love, Instant lust and someone gets their nose broke. It a quick read with a lot of steamy lustfulness and 2 epilogues.

Curly Carla Celebrity Readers says

This book went a little too fast in the love department for me. I'm not really a fan of insta-love.

Katrina says

No disrespect to other reviewers, but personally I found this to be an absurd little book. Not only there was a worst and fastest case of insta love / lust, but the case of the shy, sheltered virgin bride turning in to dirty talking vantom within a page. I found nothing romantic or appealing about it. Those Flower girls can bloom in someone else's garden.

Julianna says

Poppy is the first installment of **A Force of Nature Fairytale** by M.A. Horst!

First off, I don't usually like instant-love stories because they don't usually have enough information, but with *Poppy* I was immediately hooked.

Poppy is a fragile woman because her mother sheltered her from the world. However, when their whole family is invited to a masquerade party by the Royal family, Poppy is filled with excitement. As the day goes by her excitement doesn't die down, but when she get to the ball, she quickly realizes it's a cruel place. As she goes up stairs away from prying eyes, she meets a man.. A man who she envisioned as her prince charming.

??The only thing she wasn't prepared for was being swept away in the arms of Storm Royal. Let alone married.

These past days, I live for short stories and M.A. Horst defiantly delivered! I absolutely love Storm Royal. I mean who wouldn't when he's a caveman one minute, and a softy another! And did I mention he talks dirty?! **swoon** It was completely instant love and usually I don't enjoy them, but M.A. Horst has changed my mind. I enjoyed the fast pace of the story and the way you pretty much leap into the story. It's refreshing and again, I love both Storm and Poppy. The only thing that I didn't quite like was how Poppy always apologizes, then again, it's understandable why she does that. I cannot wait until I get my hands on

the other installments! Hurry up!

???I would highly recommend to those who love instant-love and looking for a short story. ???

Tempting Sexy Thoughts

ARC for an Honest Review?

?Tonya? says

[they didn't say how many children they ended up with. We only know of the first one for sure and then it's mentioned about other kids (hide spoiler)]

Cranky - The Book Curmudgeon says

*** 3 Cranky Stars ***

Poppy Flowers is about to embark on a night that will change her life forever. All dressed up with stars in her eyes and hope in her heart she's off to the Royal's ball.

Storm Royal has to pick a bride tonight and it has to be a Flower. He only has one Flower in his sights and she disappeared.

This is a cute and quick read. I'm used to the dark reads by Michelle Horst and this couldn't be more opposite. This could be read on your lunch hour. It's a quick erotic read with a little turmoil and drama thrown in. A cute adaptation on the classic fairytale Cinderella.

Karin says

Such a sweet, sexy read!! I adored Storm and Poppy, they were electric together.

Storm is told by his father it's time he got married and provided him with grandchildren. He given his options at a ball that the extremely sheltered Poppy is excited to go to. The second Storm spots innocent and sweet Poppy he is more than happy about the prospect of marriage!!

I devoured this adult fairytale and can't wait for more!!

Jan says

She was shining like a star among fake diamonds.

HOT,SHORT SWEET ADDICTIVE!

Storm:

I feel Like a protective lion that will tear anything apart that dares to come close to my woman. This delicate Flower is mine.

Not only did the blurb live up to it's name with a promise of a Fairy tale Story with a twist of Kinkiness but Storm Royal also lived up to his namesake and Stormed into Poppy's life in this insa-love and lust story sweeping the delicate flower that is poppy off her feet. .

A mascaraed ball, a promise of an engagement at the end of the night for the eldest Royal son, heir of the Royal Industries, Storm has 6 women to choose from and his sights were instantly set on Poppy Flower from the moment she walked through the doors of the crowded ballroom.

Poppy is a hot quick read sprinkled with Fairy-dust.

Fans of Aria Cole and Alexa Riley will love this series.

Tanaka K says

I am a huge fan of M.A. Horst. She gives me books that are truly magnificent to read. I love her darker reads but it is her sweet and swoon worthy books that just totally make me addicted to her books. Poppy was just one of these books. I needed a novella to read and Poppy was that novella that made me tingle in the best way.

Poppy was a heart warming and addictive read filled with so much kinky and sexy goodness. It had such a seductive storyline with a touch of insta love and hot action. For a novella, I was interested from the first page to the last page. It definitely brought out the hotness on another level. Poppy was definitely a force of

nature with smoking scenes that set me on fire.

I loved the characters. Poppy was such a sweet and innocent girl. She was the perfect contrast to Storm who was alpha and just freaking swoony that I wanted a piece of. Oh gosh, the scenes between them were just hot perfection. Wowza.

I am going to keep this short and sweet just like this book. Because it definitely was. You need to read this book.

?Tonya? says

two entries. reviewed on the other (it was linked to amazon)

Erica says

Poppy is book one in the Force of Nature Fairytale series of novellas that focus on a new couple in each story.

I loved the idea of fairytales with a bit of kink and knew the author wouldn't let me down.

The Royals are an affluent family, who made a deal years ago with the Flower family. Each Royal is to be given their choice of Flower to marry when the time comes.

Poppy has no clue what's going on. She has an overprotective mother who home schooled her and kept her away from any outside influences. She thinks she's simply attending the ball to witness Storm Royal's engagement announcement, she has no idea a deal had been made years ago and she's there as one of his options.

Once she finds out what Storm wants from her she's heartbroken, Storms got some work to do and fast if he intends to keep the girl.

Loved Poppy and am excited to get the next in this series.

Caro Richard says

The Flowers have been promised to the Royals in a deal many years ago and they are about to collect in this generation! Storm and Poppy....

Storm is just delish....'This delicate flower is mine.' And I loved Poppy, so sweet and innocent.

And like this book, my review is short and sweet!

Eve Recinella (Between The Bookends) says

This cover is super pretty. I love the colors used. I love the typography and graphics used. My issue is that the composition is slightly off. The title, the byline, and the author's name are all a tad too far to the right. It's driving the OCD graphics designer in me nuts! *lol*

This review is going to be a little bit on the short side because the book itself is super short. I very much enjoyed it though. It is VERY insta-love. Very sweet. It was well written and nicely paced. Both main characters were likable but don't expect a lot of character development or depth to plot. It had a *tiny* bit of angst and drama and some hot sex scenes. All topped off with a very sweet epilogue. Two thumbs up from yours truly.

C says

4/5

Hot fast safe read

- insta love
- OTT alpha male
- H not a Man whore
- No mention of his sexual past
- Virgin h
- Slight OW Drama from a jealous woman (H has never touched her and has no interest in her) H shuts down this OW fast
- Sickly sweet
- OTT cheesy Awesomeness!
- HEA with 2 epilogues

Tina Morgan says

Ok so this is a short read but oh so good!! Since this is a short story my review will be too because I don't want to give anything away!!

It is packed with some kinkiness that will get you hot under the collar and leave you needing a cold shower. Michelle packed quite a story in this little novella and I can't wait for the next one in the series. Also I love the way Michelle writes I am a huge fan of her's and look forward to everything that she puts out. I loved the dual pov's also, it is my favorite types of books!!! But if you just want a quick read that has a little kink to it this is the perfect book for you!! I highly recommend this book!!
