It's hard to make an honest living in a land brimming with magic and mystery, and treasure hunter Luvander is tired of being a penniless adventurer. Ever in search of gold and glory, she sets off for a fabled dungeon, "the Dragon's Maw," an ancient labyrinth, at the bottom of which slumbers endless wealth...or certain doom! But what starts out as a road to riches becomes the first step on an epic journey to destiny, for Luvander holds a secret in her heart that will shatter the chains of fate and bring light to a world encroached upon by an ancient darkness. Writer SEBASTIAN GIRNER (SHIRTLESS BEAR-FIGHTER!) and artist GALAAD are proud to present SCALES & SCOUNDRELS, a colorful and exciting new monthly fantasy adventure from Image Comics, for scoundrels of all ages!

## Chrissy says

Fun! It reminds me of Nimona (which you should read if you haven't.)

## Marisa Carpico says

Eh, like the art, it this is a bit too talk-y and honestly a bit messy storytelling-wise.

## Jessica says

Not a bad story, very tame compared to most comics I read. Not a bad comic for kids, G rating with very minor violence.

## Engel Dreizehn says

Fun and so far hilarious take a honest "rogue" trying to make a quick buck while smooth talking with acrobatics through a world of knights, wizards and dragons.

## Christa says

Okay I'm totally going to buy the volume of this when it comes out next year. I am HOOKED AND ITS ISSUE ONE.

## Chris Thompson says

A bit silly, but enjoyable. This could be a fun adventure. It's a rare E-rated comic from Image, anyway.

I posted an extended version of this review yippee!!! More work doesn't sound like me at all but here we are!!!! Find it hereeeee: <https://emmareadstoomuch.wordpress.co...>

**D**RAGONS**D**RAGONS**D**RAGONS**D**RAGONS**D**RAGONS**D**RAGONS**D**RAGONS**D**RAGONS  
DRAGONSDRAGONS.

Honestly, the entirety of this review should just be me shouting about dragons. Because guess what. IN THIS BOOK THERE ARE DRAGONS. DRAGONS disguised as PEOPLE, to be more precise.

Yes, my love for Aziz Ansari might be getting out of hand. So what.

Here are some more super cool things about this book:

One, the protagonist is a girl!!!! That feels very unique and awesome for a fantasy graphic novel (especially one that, as I may have mentioned, features **DRAGONS**).

Two, said girl is very badass and punch-y. I love a fighty protagonist. VIOLENCE!!!!

Three, there's a surprisingly solid amount of diversity!!!! Which is really so awesome.

Four, this is actually decently funny! We be crackin' jokes the whole time.

Five, THE ART IS SO GORGEOUS. UNBELIEVABLY BEAUTIFUL, ACTUALLY. There are certain panels that just made me turn into a heart-eyes emoji. Like the Gushers commercials from the early 2000s that depict kids eating Gushers and turning into grape-headed monsters. Except with beautiful drawings of sunsets over medieval-looking towns instead of Gushers and an emoticon instead of a horrifying 3D animated fruit.

Horrifying.

I only have little complaints. This is only a volume of what will be a larger graphic novel, so it's very short. Impossible to really fall in love with ya know??? It felt a little clichéd at some points and some of the dialogue felt false, but overall this was THE FUNNEST.

Bottom line: Dragonsdragonsdragonsdragonsdragons. Read this!!!

pre-review

Here is the coolest thing that has ever happened to me: I got an ARC of this before there was even a Goodreads page for it.

Yeah, that's right.

*I made this page.*

Google and Amazon are currently in a bidding war for my technical prowess.

Anyway can't wait to read this baby!!!!!!

This has potential. I like the art style and the way the colors are done. A promising sounding story even if i don't love the main character yet.

### **Sarah says**

I found this new start to be quite enjoyable!  
I look forward to the rest of the story!
