## **Andrea says**

This is the second book in this series I've read and also the second time I have read this book. It was fantastic! I so want to read the rest of the pack series!

## **Snarky Mom says**

Good story with the "curse" and paranormal aspect, but really - the bad guy was so obvious that he could have reached out of the pages & bit me! (pun intended)

## **Nicole says**

This is the last story in the series and is the one I truly enjoyed the most. She(Karen) seemed to find the right blend of action with words and emotion to suit me. I highly recommend this story.
