## **Sloan** Teresa Gabelman

Not only does VC leader, Sloan Murphy, have to keep the peace between the human and vampire race, but he also wrangles VC Warriors in his spare time. It's a job that could drive a saint insane, and Sloan is no saint, but insane he may be. While his Warriors find mates, he swears he will not follow in their footsteps.

Becky Spencer, his new secretary who he reluctantly employs, is set to threaten every stoic promise he's made. With an instant attraction that is hard to deny, she fits into his world with confident ease.

Even though Becky has sworn off men after her nasty divorce, she can't help the desire the sexy and serious Sloan Murphy stirs in her. It isn't until she sees how devoted he is to his job and the Warriors under his command, that her lusty feelings turn into more. Working in close quarters, they both fight the pull that grows with each passing minute.

Who will win, the secretary, the Warrior, or an attraction that just won't go away?

### Joanne Swinney says

There will only ever be one, Sloane Murphy. If you are a passionate reader of the VC Warriors series, you would have come to love Sloane. He's the MAN or Vampire should I say, he's the leader of the best bunch of paranormal hotties you will ever read about.

Sloane has sat back and laughed watching his employees turn upside down, and inside out all finding their mates. He was definitely not going to be one of them. I always thought he never would have found a mate to be honest. He works to hard, always on the go keeping the peace, handling situations. Forever and I mean forever shouting his usual "get out of my office" or words to that effect. Let's keep this review, PG. LOL!! I shall try my best.

Everyone, especially the mates of his employees not only recommend he needs a secretary, but hound him into getting one. Becky Spencer is a lovely woman, strong, independent and in desperate need of a job. Her ex husband, thank God for the ex, left her with nothing. She is rebuilding her life and although she has to go without a lot of things she's a very proud woman, and will not take handouts.

When Becky starts working for Sloane she fits in perfectly with everyone, of course the VC Warriors are not shy about meeting her, nor giving Sloane the payback he so deserves.

Plenty of sparks fly in this story and I do mean sparks. We see a completely differently side to Sloane and it just leaves you thinking, 'WOW'.

Remember Steve, I know like you could forget him. That boy kills me, I was lying in bed reading and had to put the book down before I woke the whole house up. I could not stop laughing. He's so funny without even realising. His story will have to be read through the day that's for sure. You know what though? I am now beyond eager to get my hands on Blaze's book. OH BOY!! That is going to blow up the pages.

Teresa Gabelman certainly brings her characters to life, keeping them as real as if you were reading about your neighbour. For me this series has by far been the best paranormal I have EVER read.

---

### Jo says

*She was his and no other motherfucker would ever have her.*

As the person in charge of the Cincinnati Chapter of Warriors and the eldest council leader, Sloan Murphy has his hands full. It also doesn't help that rogue vampires and Crimson Rush is still a problem, which means

the war they are fighting is not over. There is always someone wanting to take down the VC Warriors, his VC Warriors. What he doesn't want is a new secretary, and he definitely doesn't need the unwanted attraction he feels towards the human redhead. But letting her go seems impossible to do.

Becky Spenser is thrilled to have found the secretary position at the VC Warrior's office. After finally divorcing her loser husband, she's sworn off men and determined to be independent, to only answer for herself. The only good thing her ex ever gave her was her wonderful son, who is now an adult. And she is more than ready to start her new life. What she didn't expect was her intense attraction to her cranky and growly boss. How can she ignore him if all she wants to do is jump him?

*He had no room in his life for a mate, a human mate at that. He was not mate material. He knew that. Though deep down, he wanted it even knowing he couldn't have it.*

I have love the broody and bossy Sloan since the first book, and I was so excited to finally read his book. He is so damn sexy when he's so growly and I loved seeing his possessive and protective side when it came to Becky!

Unfortunately it took quite a while before I liked Becky. The way she lost her head around Sloan was too OTT and annoyed the hell out of me, and she had a few TSTL moments in the beginning which was difficult to ignore. However, she did get better by the 60% mark, and I loved that she was there for Katrina when she needed help.

*“Never doubt that I love you, Becky. I never thought it was possible and I denied it would ever happen, but it has and you are mine.”*

As always the sexy times were very steamy, and I loved how dominant Sloan was in the bedroom, it was so damn hot! Because of Becky these two are definitely my least favorite couple in this series, which is sad because I adore Sloan, but it just took too long for me to start liking Becky. But I'm so happy that he finally got his own HEA, he's been alone too long, and deserved someone who would love him, and who he could love.

There were many hilarious moments, especially because of Steve. I just love this goofball :-D And I'm so damn happy that he finally got his own cool power!

Two new characters that were recently introduced to this series had quite big roles in this book. Katrina, the young girl/woman who helped Jill at the former Halfway House in Slade, and Blaze an ex-Warrior who returned in A Warrior Wedding, are great characters. Both has such cool powers, and it seems tragic pasts. I love the chemistry between them, and I hope Blaze will stop denying his attraction to her. And after what happened to Katrina at the end, I can't wait for the next book to find out whether she's going to be okay.

As always another new threat has come forth, one that is determined to destroy the VC Warriors, and I can't wait to see what will happen next.

This is one of my favorite PNR series'. I love these sexy warriors with their feisty mates. The romance is always so sexy and so romantic. And even though I was a disappointed with Becky and had a hard time liking her, I still loved everything else about this book. I can't wait for the next one, which will be Blaze's book.

---

## **Kristi Metcalf says**

I received a copy for a honest review

Sloan Murphy is the boss man of the VC Warriors as well as the oldest member of the vampire council. He does it all and if vampires could get high blood pressure and have heart attacks Sloan would be a prime candidate for both. Becky Spencer is Sloan's new secretary that he really doesn't want. She's got a douche bag for a ex, a son in college that she loves, and is swearing off all men, good thing Sloan isn't a man.

We get to see all of our favorite Warriors again; Sid and Jared are still smart asses, Damon and Duncan are still strong and true, Steve is still funny as hell and getting into trouble, Adam is still Adam, Jill is still throwing people through walls, Jax and Blaze are training the warrior wannabe's, and Slade well he's still my Dr. Hottie McVampire being all Dr. Buchanan.

Sloan really doesn't want a mate, he's too busy and he wasn't ever supposed to find his, but he can't stop thinking about Becky. It's so funny watching Becky silently swearing herself off Sloan all the time when he does something to melt her panties.

Watching Sloan try to fight his feeling the she's his mate is like watching a tree slowly fall, then BAM it happens!!

Since our last bad guy died in Jax's book, Gableman has given us a new slimy bad guy with thugs of his very own who's already done some damage and pissed off the Warriors!!

I love that Becky is tough and can stand up to the Warriors when she needed and that she's has the same goofy sense of humor that they do and can give it as good as they like to give it. She fits the group and most of all she is exactly what Sloan needs.

What's so great about Terese is all the while she's writing about the main couple, she's setting you up for the next one, with out letting the main couple down. The next book is gonna be awesome and I can't wait.

## **Cathy Campbell Strickland says**

Sloan is absolutely the best book in the series The Protectors...so far!! Teresa Gabelman just has a way of making the characters come alive for you. Makes you feel like you're right there in the action. Sloan has been alive for so long and the boss of the Warriors and we've always wanted him to find love and laughter...and finally he gets his story told. Does he find the love of his life? Does he find the love to make his choice so long ago mean something? Of course there's a whole lot of betting going on among the Warriors on those questions...but Sloan is THE BOSS! He gets things done...but maybe with a little help from a hot, sexy, redhead, he can finally wrangle those sexy Warriors of his in getting more work done. And Teresa also gives us a little taste of what's to come...but no spoilers here...this is absolutely a MUST READ...5+ STARS....I wish I could give it more stars because it is so worth it!!!

---

## **Jay Tee says**

Holy Moly!!!

Talk about the book to blow your mind and make you laugh out loud all at the same time.

OMG, so much I wanna say but can't otherwise I'd ruin it for you lovely readers and I so don't wanna do that.

Sloan, head honcho, top dog, head of the VC Warriors, is in dire need of a Secretary but will NEVER admit to that, but don't despair the rest of the Warriors will be there to save the day and find him a good Secretary, he also needs to find his one mate, his soul mate, but that's definitely off the cards...right

In comes Becky, she's a strong willed woman, single Mother and at the moment is steering clear of all Men, she just wants a good job to make ends meet and pay the bills.

What can I say about this book!!

It was explosive, action packed, sizzling Hot.... I loved that we caught up with all the other warriors and HOT DAMN this author Can make me Laugh Out Loud.

It's definitely a book I would recommend, seriously go check out the whole series you won't be disappointed I guarantee it.

It was so much more than I could ever imagine, well done Teresa you are truly an Amazing writer, I love that you lure me into your stories and don't let go, and I thank you for another Epic read.

### **Nikki \*STFU I'm Reading\* Smith says**

Yessssss!! Sloans book!!! I hope he's as grumpy as ever. I love me a broody alpha!!

---

### **Theresa Jones says**

#### **Sloan or Blaze book???**

I thought this was Sloan's book but we got more Blaze and Katrina than Sloane and Becky. That frustrated the hell out of me and it was hard to enjoy the book especially considering the amount of time we waited for Sloane book.

I guess my expectations were to high and I set myself up for disappointment.

Now onto the plot. What happened to this Nico guy. Will they handle him in Blaze book?. I guess we will find that out as well as who attacked Katrina.

At this point do I really care? It takes forever for the next book to publish and this is a great example of why I am a Mallory Monroe fan through and through. She puts out a new book of her series every MONTH not YEAR.

### **Sloan by Teresa Gabelman**

I received this book from the author for an honest review.

Oh Sloan!! I have been waiting for the boss man to fall and fall hard he did. He TRIED to fight off the sassy redhead but he ended up falling head over heels, as we the reader did as well.

Sloan has been grumpy and moody in every book. I mean I get it. He is the boss and has a lot to run and control so love is not in the cards for him oooorrr so he thinks. It's not that he doesn't WANT love but he knows he is moody, grumpy and busy so women don't take kindly to being 2nd in line for his attention. Becky is done with men. After her failed marriage she is over men and going to switch teams...LOL then she gets this job with the VC Warriors as the boss' secretary. He is commanding and intense but super sexy. The chemistry these two have in sooo well written. They are joking and flirting but still keeping the whole boss/secretary thing going. Mainly Sloan is pushing her away and she is hiding for fear of being rejected. When they have their first kiss.....I was super excited and then watching Becky put him in his place...LOVED IT! She is definitely perfect for Sloan. All the Warriors, except for Sid because she also puts him in his place, love her as do their mates.

The buildup for the next book has me sooo excited for a few reasons....1 - new awesome bad guy. 2. - Blaze...need I say anymore???

---

### **Laura Johnson says**

Omg, love love this series. Can't get enough of theses HOT POSSESSIVE ALPHA VAMPIRES;]. So happy Sloane got his HEA??I can't say enough good things about this series. All these books have kick-ass characters with an awesome storyline. Each book has hot sexy vamps, strong heroines, suspense, witty, and steamy sex scenes that blow your mind. If you haven't read the series then this is a MUST READ!! Thank you Ms. G. YOU ROCK. Looking forward to read Blaze and Katrina's story soon.

---

### **Kim says**

Well this book is a perfect example of why I have stopped reading so many series. So many characters I vaguely remember but all of them showing up in the story along with ongoing or multiple story lines. It wasn't that long ago that I read these books back to back, some I loved some not so much. I really wanted to read Sloan's story the whole time so I thought surely I can pick this up without a re-read....but I didn't remember half of these "people" or who belonged with whom after such a short time. I was pretty lost when everyone was named right off the bat, some I remembered some I didn't but putting them with their mates or remembering what had gone on with the side plot.....I was clueless.

I remembered Sloan, obviously, probably because he was always my favorite anyway. I don't know how he hasn't lost his shit dealing with some of these twits and their irritating behavior at times. Of course I was hoping for more for him than Becky, she turned out to be rather ridiculous. She acted like she was twelve, lusted after him uncontrollably for a ridiculous amount of the book, had completely idiotic behavior at times, and repeatedly put herself in danger....and that ridiculous scooter crap. She was an idiot. I did love Sloan and liked seeing him finally get some help and be happy but geez I felt like he deserved better but oh well that's not what he got. He didn't get much of a fleshed out story they were fighting the attraction then flip the page and they're an item. Then after they are an item we have a tiny meltdown that showed how dense Becky is, yet again, fortunately her son was more mature and much smarter than her. Geez this woman was a twit.

Blaze and Katrina took up a lot of page time too....I didn't remember them either and it took away from Sloan's story to me, not that there was much to it anyway. So after not remembering pretty much anything in this one, I doubt I'll be reading their story anyway, unless that was going to be the last in the series which I'm sure it won't be and these are either re-read them all or only read when complete type books for me, so I guess I'm out on another series.

---

### **Cheesecake says**

Sloan Sloan Sloan. Who knew he would be one of my fave heroes in this series! Before this book I had always kinda pictured him like Ed Asner in The Mary Tyler Moore Show, lol. That got updated but quick in this book. He's his usual grouchy cantankerous self and I expected him to be the worst when it came to refusing his mate. But he was practical and even a bit vulnerable, while somehow still being a grouchy work-a-holic.

Becky is in her mid 30's and recently divorced with a son who is off to his first year of college. She's pretty down on her luck, but not the kind to wallow in self pity. I liked her snarky well meaning joie de vivre. There is a secondary romance that will spill into the next book. Usually I hate that when the focus is split in a story, but I really liked Katarina and Blaze and look forward to reading the next book.

A new bad guy's in town and the rogue problem is as bad as ever. Cameo's of all our fave characters and Steve finally gets his power.

So this series is like a soap opera and none of the books are stand-a-lones.

---

### **CC says**

I was so looking forward to this book. Sloan is the oldest of the VC Warriors and seems a mystery. He is grumpy, overworked and needs a good mate! Having a preview of the story in the last book, I was excited.

Unfortunately, I felt like I got more of the set up for Blaze and Katrina than a story about Sloan and Becky. They had very little page time together. I was happy for them, and I wanted to see them together! Every time I thought we would get something, the story broke away to Blaze/Katrina. I feel like that story is now mostly told.

Anyway, I felt that Becky and Sloan had no intimate conversations. They did not get to know each other. It was just a few scenes and boom, they are mated. I feel I know Becky really well, but still did not learn a lot about Sloan. Heck I think I learned more about him in prior books than his own.

Overall I was disappointed.

She has an ex husband and a kid in college. No OW for him thank goodness!

---

### **Heather andrews says**

Jesus, Sloan was just so damn sexy, "Sloan passed her and mounted his bike, then looked at her. "You coming?" Sid needs to watch out because Sloan is stealing my heart! I loved the reactions Becky could goad out of Sloan, "I don't pout." Sloan growled as he followed her outside, walking her to her car." These men take protecting their women seriously, but Sloan just knocked that way out of the park with his alphaness, "was anyone hurt?" Sloan asked, his eyes narrowing when one of the paramedics made Becky moan in pain. Walking over, he knocked the guy out of the way and lifted Becky in his arms before he repeated his question to Duncan." I loved this damn book! I can't wait for Blaze to get his because he and Katrina have me so intrigued.

---

### **Barbara? says**

I have been anxiously awaiting Sloan's book. We left off last time with the gang pushing Sloan to hire a secretary to help him out. Becky walks in at the right time and makes a great impression. Sloan is attracted to her immediately but he resists. He's not mate material or so he keeps telling himself.

I had mixed feelings about this one. There was a lot of sexual tension and attraction between Sloan and Becky but not a lot of time as an actual couple. Even though I prefer to read romance I still enjoyed the book with the continuing story line...there's a new baddie in town.

I absolutely LOVED Becky. She was funny and sweet but she also didn't take shit from Sloan. She even put him in his place a time or two. But she was also what he needed. And when they were together, I loved them as a couple. We just didn't get a lot of couple time. Sloan was still his badass roaring self. When they finally get together, he was the possessive dirty talking alpha I love.

So, overall, it was still a good addition to the series. I can't wait to read Blaze's book. This one sort of ended in a cliffy with him and Katrina so I kind of need his book NOW!

\*\*A nice little bonus...zero other woman or female vamps in this one.

---
