**SOLD TO ME (Billionaire Romance) Mia Carson**  
**I'm Daniel Stone, and I don't take no for an answer.**

Money can buy everything, including the rundown inn I need to complete my luxury hotel deal. Some old lady is refusing to sell the damn inn to me - I can't have that. I won't let her stop my plans even if it means pretending to be a guest at her inn. I drive to the middle of nowhere, ready to make a deal of a lifetime with her, but instead of an old frail lady, I meet a fiery, sexy, stubborn woman, unwilling to let go of her past. Until I show her just how much she needs to move on...with me.

She tries to resist, of course, but she needs me more than she realized.

**And chasing her is quite a thrill.**

Owning her will be the ultimate prize. I won't let go - until the inn and its sexy owner belong to me.

She, and the inn, will be sold to me!

**I am Daniel Stone, and no one says no to me.**

**SOLD TO ME is a standalone, happily ever after romance novel with loads of steam and no fluff! This edition contains one extra full-length romance novel with even more steam!**

**Sweet**

4 stars

I loved this book very much but at the same time I felt like I was missing something from the characters. This author brought a bunch to the table as I enjoyed the drama and some cries during the book. The sex was tame but sweet. I did not read the second book not because it didn't interest me but because I just wanted to read this one.

Happy Sexy Reading

Very disappointing book. It started as one story and got lost . Never did find out how he won over buy I g the cottage.

---

**Diane Cox says****Great find**

Loved this book did want it to finish . got it as a free book and its two books in one .and they were two brilliant stories

---

**Brenda says****Very Good Read**

The book was filled with true emotions that people experience every day. Then the billionaire who is cold hearted and wants one thing only,see's the emotions come out in a way that has him helping the woman, but himself, also. During the whole escapade there is serious sex and it has a great ending!
