So sweet, I cried! I just love these boys!

Santy says

Yeah I STILL can't stand Colin and his no-apology giving ass(despite the thoughtfulness of his gift).

I honestly believe for me to like him, he'd have to get another chance to right all his wrongs instead of trying to halfass it like he did in his book.

But I love Rafe so what can you do?!

This free story is a must-read for fans of *Out of Nowhere*.

In *Something Permanent*, told from Colin's POV, Colin and Daniel obsess over Valentine's Day (I loved seeing how much their relationship has progressed); Rafe and Rex are the Best Boyfriends EVER (but we already knew that); and Ginger's guy gives awesome advice (that four-way phone conversation was hysterical).

Colin has changed so much; he's a strong man, even though he doesn't think he is. **And his gift to Rafe? That took guts. Go, Colin!**

This story is sweet and funny, which is a nice change from Parrish's usual angsty fare. I only wish it hadn't ended on a fade-to-black scene.

FANTASTIC VALENTINE'S DAY SURPRISE FROM ROAN PARRISH!! Sorry for the all caps.

- I loved the progress of Daniel and Colin's relationship. They've come so far and I'm so happy to see how close they've gotten!
- A little glimpse of what's going on with Rex and Daniel! By the way, I'm really hoping they didn't get rid of the cabin now that they're living in Philly!!!
- Extra hearts for the absolute swoon worthy gift that Rex got Daniel. Seriously....can Rex be any more perfect?!? I'm gonna go with a NO.
- The whole phone conference with Colin, Daniel, Ginger and Christopher talking about Valentine's Day gifts had me laughing my ass off!! Also, I cannot freaking wait for Ginger and Christopher's book!!
- Colin's insecurities still tug at my heartstrings, but I love how settled and at peace he feels with Rafe...and I love Rafe's stability. He's such a pillar of strength for Colin.

This was just the perfect V-Day treat! I couldn't even find it in me to care that it's got a bunch of editing errors. Zero fucks to give because I'm too busy smiling.

Pretty great! It reminded me the reason why Collin and Rafe are my favorite couple in the series.

Really loved this short freebie. It's actually a Valentine's Day sweet story: Colin and Daniel trying to surprise their boyfriends.

It kind of made me forget why I disliked Colin so much. He was so stressed about picking a V-day present for Rafe. And what he chose in the end made me smile. SO sweet!!!

It was nice visiting Daniel again. I love him so much!

“Porno music started pouring through phone. “Ahh! Fuck. Okay, sorry. Jesus, I’m in my office,” he muttered, as if scolding the computer. “I clicked on a link that said ‘Valentine’s Wood’ and I thought it was, like, uh, woodworking stuff but. It was not.” (Daniel)

I snorted. Only someone with their mind firmly on hearts and flowers and their boyfriend's love of woodworking could have interpreted it that way.(Colin)"

I was extremely excited to read this! I am for one a HUGE lover of Colin & Rafe. They are my favorite couple out this universe. I know, hold your rage for a minute. His book resonated with me so much more. This man had such a deep internal hatred of himself, and everything around spoiled because of this. I really enjoyed this short, and wish it was longer. I really want to see more of these two. Hopefully Roan, gives me my present! Lovely Valentine's Day Short!

Okay, so I didn't like Colin in the first book (In The Middle Of Somewhere) I didn't even like him in his book (Out Of Nowhere) but here I loved him.

This is a free Valentine's short and it's cute, funny and wonderful.

It's Valentines Day and Colin doesn't know if he should get a present for Rafe and if so what should he get?

He seeks advice from Xavier and Daniel (who's equally useless) then Ginger (worse than Daniel) gets involved along with Christopher.

This is such a lovely cute read and I wish Colin's book had had moments like this.

OMG.

I laughed out loud, I chuckled, I had a tear in my eye - and all that in the space of a few (absolutely brilliant) pages.

We all remember Colin - gruff, a bit on the rough side and completely incapable expressing feelings verbally. And now it's Valentine's Day. What a heady mixture!

And Colin has no idea what to do about. It is his first 'real' Valentine's Day since he and Rafe have been together, but do they actually 'celebrate' it? Or not? Does one give presents? If yes, what?

I must say Daniel and Colin's discussion about the topic was priceless and really funny. I will not give away what Colin decides to do (and yes, he is doing something), but let me tell you, that's the part that made me all teary-eyed. So cute (but don't tell Colin I used that word referring to him, please!)

'Ridiculously' romantic, wonderfully swoon-worthy.
A first class addition to the book!

A really sweet, free short from Colin's POV on Valentine's Day. This should be a must-have for fans of the series.

Meep says

LOVED this. Only a short extra but it has so much personality.

Colin is fail, Daniel too made me laugh. But Christopher is clearly made of win, those post-its! LOL!

I loved seeing the brothers talk and how awkward they both are. Then Colin and Rafe. I so wanted to know what the present was. Then the reveal...awwww perfect.

A must read for fans of the first two books.

For anyone who needed a little bit more to make them love Colin - this is for you!
