## **The Betrayal** Chris Taylor

When much decorated Australian Federal Police officer Declan Munro is accused of illegally accessing confidential police files containing child pornography, his world is turned upside down. Fronting the investigation into his alleged criminal behaviour is Senior Internal Affairs Investigator Chloe Sabattini. A veteran investigator, Chloe is taken aback to discover that not only is Declan likeable, but his protestations of innocence are believable. Furthermore, despite her best efforts, she finds herself drawn to him. But the evidence can't be ignored and Chloe vows to investigate the matter with all of the resources available to her.

The more she delves, the more she's convinced of Declan's innocence. Someone is framing him. But who? And why? And what does a high ranking Government Minister have to do with it?

An innocent man's life hangs in the balance. Will she discover the truth before it's too late? And will she be able to handle the fallout when she does?

**Lyn Owen says**

### **THE BETRAYAL**

These books just keep getting better and better! Absolutely recommend both the series and the author! I can't believe I've never read her work before! Obviously, that has been, and will continue to be remedied.

The Betrayal is the book in the Munro Family Series. It focuses on the second oldest brother, Declan Munro. Declan is an Australian Federal Police Officer that works in the Child Protection Unit. Unfortunately, he comes under investigation for allegedly illegally accessing child pornography from his work computer. This will turn his world upside down and he will feel helpless. Several Munro family members will make an appearance to show their support. Of course, the Senior Internal Affairs Investigator is an attractive woman that he can't keep his eyes off of named Chloe Sabbatini. The attraction between them is expected. Everything else that happens will definitely catch you off guard.

Clearly, Declan has been framed but it's impossible to guess who is behind the set-up and why. When I found out, I was surprised to say the least. The reason for the set-up is the most interesting piece of the book. Considering the other three books in the series, I went into this book with a very jaded perspective as to how things would play out. I was shocked by the misdirection that ensued. The author did not disappoint with her in-your-face depiction of the sexuality. More importantly, the book had a very steady flow to it that never left you bored. I was very interested in finding out what happened next. There was so much of a mystery that I can't really tell you much without ruining everything. There's romance, intrigue, suspense, and sex. I am looking forward to the next book in the series, although I will have to make sure that I don't go into it with any preconceived notions as to what will happen.

**Jocelyn says**

The Munro Series written by Aussie Author, Chris Taylor, is fantastic!!!:) The Betrayal is no.4 in the series & was a fab read!!!:)

---

**Jenny says**

The Betrayal is the story of Declan Munro and Chloe Sabattini. Declan Munro is an agent of Australian Federal Police Child Protection Agency, and Chloe is the senior IA Investigator for Australian Federal Police. The Betrayal is about how easy someone, in this case, a good friend can frame someone to protect themselves when things go bad. Chloe Sabattini is the lead investigator in Declan case. The story continues, to engage the reader with the blossoming romance between Declan and Chloe entwine with the criminal proceedings. Chloe started to realise Declan was innocent and that started the chain of events leading to the shocking conclusion. I recommend this book.

### **Debbie says**

I can't say enough good things about this book. I found it very hard to put down. After reading the first 3 books in the series, I thought they couldn't get better.. I was wrong. The twists all through the book left me interested until the very end and was sad to see it over. Can't wait to read the next one.

### **Michelle Lukasiewicz says**

#### **The Betrayal**

Another great book by Chris Taylor. This is the 4th book in the Munro Family series. This is my second time reading the series. I recommend this series to anyone who enjoys suspense romance. HEA and no cliffhanger.

Originally published in [Booksandspoons.weebly.com/book-blog](http://Booksandspoons.weebly.com/book-blog)

Legal drama with a decorated federal agent as a suspect of a heinous crime.

That alone got my interest, but there is so much more into the story, big families, love interest across the legal sides of the story, behind the scenes drama, twists in the plot that kept the interest high...

The story has fascinating details of the investigation, interrogation, and legal steps to be taken. The attraction between Chloe and Declan is immediate, but because of the investigation, they can't act on it. I enjoyed how the romance side of the story was played, it was genuine, sweet, as well passionate and loving.

Part of the story is also told from the villain's point of view., always adding more depth to the story. The twisted manipulation, lies, and criminal actions are endless, and cruel. He leaves so many victims in the path, just to fulfill his own fantasies, and desires.

Yes, the story is from Australian legal and police system, but both the language and the customs were not difficult to understand, the Australian slang kept to a minimum. Even though this story is part of a series, can

be easily read as a standalone novel.

A captivating and engaging book, that kept my interest from the first page to the last. Many surprising elements in the legal matters, as well as alluring love story, and meddling families

### **Tona Ogle says**

#### **An okay read**

While this book was slow to start IMO it really picks up momentum about 1/2-3/4 the way through. While certainly not the best of her works it's worth it in the end.
