I love a series that ends with a fairytale ending! They had a lot of drama but they stuck it out and became as one! Like it should be no matter what!

Malaya is one crazy heffa. She made Shonte and Jarvis life a living hell knowing he didn't want her. What she did yo Javari made me want to jump in those pages a beat her tail. But payback is a beautiful thing. Karma was definitely a B\*\*\*, because Chad did a 360 on Ashanti. I didnt see that coming at all. This book is

a page turner but so are all of her books. Jarvis did his BS in the past but his love for Shonte was always shown.

Diamond Johnson has done it again, I tell you this Malaya character got on my last nerve I couldn't believe she actually cut the poor baby hair. Jarvis was BAE how he was handling everything to protect his family, I can say she got what she deserved. I'm glad everything worked out for them and I'm looking forward to La'Shay and Devontez love story. Great read!!!

Good series! Shay & Tez gonna be a mess but I'm looking forward to read about Tez upbringing. Chad wow wasn't expecting that. Ashanti got what she deserved! Tiffany, Melissa or Malaya, depends on who she's talking too was bat shit crazy. Clearly she should've stayed locked away! Shonte & Jav so cute once they put everything on the table& grew up!

Book two was rushed but this book right here was truly enjoyed . The characters was developed very well . I'm so happy with what happened to Malaya crazy self she got what truly deserved ,I'm so happy how you introduced us to the next book characters I'm already feeling .

### **Taz Will says**

Entertaining read for the most part. I was surprised to read about Chad but I still felt like his and Ashanti's characters weren't needed. Malaya got off too easy for me, I wanted her to feel the heat especially since Davis and Tony were after her. I think if that angle was used the author could've really taken this one to

another level.

Great story even paced not to many errors oh and of course I loved the characters even though Shonte irked me thru the entire series lol

**Loved it!**

Great story , loved it. The series was great. Got a little fantasized, but not over the top. What's with this number of words requirement?

---

**Tijuana Griggs says**

Jarvis and Shonte had that unbreakable love. They are truly meant to be together. Jarvis really grew into a great man and he always kept his word to Shonte. Malaya was certified crazy and some of the things she done, had me ready to jump in the story and slap her. Ashanti learned the hard way, the same way you get a man is the way you lose him. I can't wait to read about Tez and Ashanti hopefully they make it. Overall this entire series was 5??, Diamond you out did yourself.

Ms. Johnson I read the whole series before writing this review. It goes without saying that my love for the series rates 15 stars, 5 for each part. Your pen game is tight and your passion for writing shows in your books. The plot was on point as well as the storyline, and you gave me life with the character's. Kudos to you for a job well done!!!
