### **Almendra Ortega Allca says**

Wooo! Pero esto ni siquiera empieza! Definitivamente tengo una relación de amor/odio con Akashi.

### **Elena says**

Finally!!!! The final match between Seirin and Rakuzan.

This volume advances kind of slowly but I still liked it. I wanna know more about the Rakuzan guys and see what happens with the 'other' Akashi.

---

### **Mikaela says**

Ugh! I'm crying. Shige changed schools and quitted basketball. Omg! T.T and that wristband that Kuroko's wears now is Shige's. Ugh! So much feels.

Hmm.. the third place match started. A battle between "Kaijou" VS "Shuutoku" it seems like "Shuutoku" won. Since Kise wasn't playing because of his leg injury.

Foooo! Here it is. "Seirin" VS "Rakuzan" and the first point went to "Seirin" because of Kagami. Nice! He's already in "The Zone" but ugh "Rakuzan" is catching up quick. Oh no.

### **Kurtis Burkhardt says**

Pretty decent manga series, finally started getting somewhat good about half way thru but there's just no story to this manga???

After two whole volumes we are finally back to the matches. Only to be delayed with four other chapters, and when it started you know this match would be different. Akashi has his plans set for the whole team, yet you know it won't all go the way he wants it.

**Kimi says**

Sadness! Stupid Akashi!

**ayyahness says**

NO NO NO YOU DON'T UNDERSTAND MY FEELS FOR EVERYTHING

I love this manga uhuhu

## Keerthana says

I was tricked into thinking that this volume is just a filler where everyone just have pre final talks and stuff. But everything changed when Chapter 229's last page had this note.

**Victory, defeat, glory, frustration. This evening is when it will all be settled!!!**

And Holy shit! then comes the real deal.

The Final with me not being prepared for all those feels! Poor kuroko!

I can't even... I lost the ability to even....

Good thing that I started to read this manga after the completion of this series. Else I would be crying for kuroko till I read the next volume

## Sophie says

One down, four volumes to go - that's gonna be a looooong game. And since I never read that before it's kinda exciting ;)

**Arkadiusz Frankowski says**

I really enjoy reading this basketball manga. Great match storylines. A lot of strong opponents with good background.
