Skeptical but Open

I have not yet attempted any of the connection techniques from this book but, I am looking forward to trying them.

Blairs explanations of how to be open to connections with loved ones seems very clear and honest to me. His messages are positive and that makes me feel hopeful.

Pauline Harding says

I really liked this book as I am interested in spirit communication. Blair really keeps explanations simple and this book is not full of fluff like others I have read.

The book was good as far as it went. It was a little too short, for me, considering the enormity of the subject matter.

As a practicing Spiritualist Medium and trying to encourage books to read, which increase development. This book and others by Blair, definitely have understanding and clear and concise depth to develop your insight and practices for entwining both realms. Excellent books.

Valerie Smith says**Very informative!!**

Every book I have read of Mr. Robertson's has been very informative. I love the way he writes. He's pretty funny!! ;) It was a little repetitive at the beginning especially if you read his other books but after that it flowed very nicely. It gave a whole new light on my interest which has been with me since a child. Thank you for your help!! Blessed be to you :)

Esther says

Three good processes

He describes good and easy processes. I will certainly do them. However I didn't enjoy his emphatic style. I don't like teachers who say "I want you to do this...." It brings attention on them. They should just say "do this...." Nor did I agree with some of his beliefs or interpretations. But the processes he outlines are very good.
