**What a cliff hanger**

Again the only thing I regret is finishing this exciting instalment, already eagerly awaiting the next, Dirk Patton you are my favourite author by far, compelling read , which left me wanting more, thank you

**Deb says**

**Dog**

Do not kill dog! He's one of my favorites. The book was exciting and fast paced. Although there are times when I hate your cliff hangers. This is one of them. Hurry up and write book 19.

---

**Tracey Mccall says**

**Oh my god!**

Brilliant as all the previous books in this series! High impact series, this book did not disappoint on action, curve balls and drama. The end wth! Well done Dirk Patton, please tell me the next book is coming out soon

---

**Bill Quinn says**

**The wait was worth it!**

The time it took to finish this book was miniscule compared to the time it will take for the next one to come out.Only because I will be so anticipating reading it.Great writing as usual,Dirk.Hurry with the next one.will ya?

---

**Kelly Cross says**

**NO!**

I won't do a spoiler but this cliffhanger is heartbreaking! And the next book isn't available! Hisssss! People you really need to try this book and this series. They are terrific. Well written. Great characters. I could go on and on.

---

**Sharon Hendrix says****Is this the end of Dog...again?**

Another great installment of Dirk's V Plague series. I feel this book moved the story line along at a pace that I felt was lacking in the last book...My interest never waned and now, of course, I am once again anxiously awaiting the go round...all I can say is this is a must read! I'm just hoping Dirk doesn't kill Dog for real this time.

---

**Paul Thomas says****Who knows what?**

Everything you think you know is about to be smashed like Dog going after a rabbit. Dirk Patton has once again made me angry because the next book isn't already out. This is a page burner type of book

---

**Carolyn Sullivan says****This is the best series ever!**

This is a five. You have to go back to the beginning to book one. You won't be sorry. I cannot wait for the next one! This writing moves fast and takes you on the trip of a lifetime.

**Edward Poole says**

Wow still great even after 18 books still can't wait for the next one to come out !!! Love the story line a the people in the series and what new ideas Dirk comes up with. Only sad thing is witing for the next book!!!!

---

**Chaosad says****Another amazing book**

Not sure why I'm not waiting till the end to read them all at once, probably because I'd die from lack of sleep and water because I just can't stop reading until I run out of book!

### **Please Don't End This Story**

I have read all 17 Voodoo Plague books before this one. And I hope there are more of these to come. Mr. Patton you have become my favorite author. I have read all of your books and none of them have been less than a 5 Star read.

---

## **Felicia says**

OMG this series is absolutely the best. Dirk Patton could keep writing book after book and I would read them. Colonel Chase, Rachel, Mavis, Dog, Igor, Irina Martinez and all the rest keep the action going from beginning to end. The Russians want it all, but the U.S. isn't about to let them have it. Our characters will keep on fighting against the Russians no matter what. Hope Dirk Patton is busy writing the next one,

## **Steve Terry says**

**Nooooooooooooooooo!!!**

Good God no! How dare you leave us with a cliffhanger of such ridiculously epic proportions!! Wow! That was one of the best of this series, top 3 for sure. That TRAITOR SOB!!! I really, really hope you have the next one close at hand because now I won't be able to stop thinking about it.

### **A Fantastic Thrill Ride**

This series has been going on for so long I keep thinking the story has got to be wearing out by now. Man I'm so glad I'm wrong every time. The characters are so deeply onset into my brain that I feel an actual connection and concern for their welfare. Dirk Patton, in my opinion, has taken over as one of the top 3 writers of all time. I get so engrossed in this Voodoo tale that before I know it I've read the entire book. The cliffhanger in this one takes my breath away. Please don't make me wait too long to see what happens. Thanks for the great evolution and entire construction of this story from beginning to now Book 18.

## **Brandie says**

### **Again wow!**

Dirk Patton is by far my favorite dystopian/apocalyptic author. After so many books the story keeps developing into so much more than I ever could have guessed. Twists, turns and heart breaking cliffhangers. This series has it all. Start with book 1! You won't regret it.
