## Code Red Jennie Hansen

When she was eleven, Nicole witnessed something horrible. However, she has been told enough times that the event could not have happened, that she believes it didn't—almost.

Now Nicole has returned to her childhood neighborhood. But soon, even the smallest things trigger disturbing memories. Nicole must learn the truth. Was her father murdered, or did he really desert the army—and his family? As Nicole and her new friend lieutenant Braedon Morgan edge closer to the truth, they become the target of a desperate terrorist cell. Soon the pair is racing against the clock to stop an evil few from destroying thousands of innocent civilians. But after a lifetime of betrayals, can Nicole trust Braedon to help her expose the truth? Once again Jennie Hansen delivers solid emotional impact in a fast-paced tale complete with action, intrigue, and, suspense.

### Sandy says

When she was eleven, Nicole witnessed something horrible. However, she has been told enough times that the event could not have happened, that she believes it didn't—almost.

Now Nicole has returned to her childhood neighborhood. But soon, even the smallest things trigger disturbing memories. Nicole must learn the truth. Was her father murdered, or did he really desert the army—and his family? As Nicole and her new friend lieutenant Braedon Morgan edge closer to the truth, they become the target of a desperate terrorist cell. Soon the pair is racing against the clock to stop an evil few from destroying thousands of innocent civilians. But after a lifetime of betrayals, can Nicole trust Braedon to help her expose the truth? Once again Jennie Hansen delivers solid emotional impact in a fast-paced tale complete with action, intrigue, and, suspense.

Really enjoyed this book!

### Wendy says

I hadn't read an LDS novel for a while, but this one was really good! I liked that it was more about the mystery than the romance or their faith. It kept me interested; I guess you could say I couldn't put it down, but not in a "I'm staying up all night to read" kind of way. Great story, likable characters; I'd recommend it.

---

### Kelly says

For a Mormon, military, murder mystery, it was not too bad. I there were elements of the LDS culture thrown in, but nothing too cheesy or preachy. I did have to read carefully because the author switched POV between 4 characters without warning, one paragraph you could be reading one sister, the next her love interest, and the next her other sister. Nice clean read.

---

### Rebecca says

Clean LDS romance. This was a mildly interesting, mildly exciting, and mildly mysterious book. I did a lot of skimming just so that I could finish it. This was not as good as some of her other books.

---

### Angelyn says

Decent thriller. Clean. I would read more of this author

---

### **Katelynn says**

Code Red By Jennie L. Hansen It was more of a book for a girl but it was ok i guess like it didn't suck but i will probably never pick up that book again .....Nicole was only a 11 when something horrible happens and she tries to say its not true and she almost believes it.....But soon even small things trigger the disturbing memories.....she must find out the truth did her father get murdered or did he really leave the army and his family?As Nicole and her new friend lieutenant Braedon Morgan edge closer to the truth, they become the target of a desperate terrorist cell.soon they find themselves racing against time to stop an evil few from destroying lots of innocent civilians.But later Nicole has problems trusting her friend because of her life betrayal and she is scared her friend wont help her expose the truth???

---

### **Brenda says**

This was a good story with great potential, but it fell short in a couple of ways. The editing process was bad. A character would be talking on the phone, then doing something completely different. (she never hung up and walked across the room) There were also a couple of times she meant to say, "JD thought of his kids" but she said, "Braedon thought of his kids". (jd was the dad, and Braedon was a single man). If things like that make you crazy like they do me, you may not enjoy this book. The love story was cute, but didn't follow any natural progression of a relationship- it just jumped around between hot and cold. Interesting plot however :)

---

### **Emily says**

Meh...Christians always recommend these Christian-based novels, and I just can't get into them. It's not that I want to read a bunch of porn-o trash, I just don't want the cheesy-ness of Christian Lit.

---

### **Becky says**

It's the first book I've read of hers and I liked it. Her style of writing is interesting because the character telling the story changes from paragraph to paragraph. At first I thought it would be distracting, but I kind of like knowing what everyone's thinking as the plot develops.

---

### **Lisa says**

I enjoyed this book until it got to the melodramatic, incredible climax. But that was only a few pages and I think the editors at Covenant must insist on this nonsense, even though most LDS romance/suspense novels would be better without it. Otherwise I had a hard time putting the book down and recommend it as above average for the genre. I look forward to reading other Jennie Hansen books.

---

### **LAWonder10 says**

I love all this authors writings. They are all great for Adult and Young adult alike. One never needs to fear anything in her books would be inappropriate. This one has more mystery in it than some. Very well written.

---

### **Deltarabbit says**

I lived in Washington State for 6 years. It was fun to read about places I remember. It was funny when she was talking about the house with all the flowers in the front yard and I knew exactly what house she was talking about. Suspenseful-easy read.

---

### **Shelli Clark says**

The book was really good... But I thought the ending was a let down. The author did a great job of building up the story but then at the end, I felt like it was rushed and she just wanted to be done writing it.

---

### **Shayne says**

I love Jennie's books. She is one of my favorite romantic intrigue authors. She's always got a great story line and they are simple, fun and entertaining to read. When I just want something to take my mind away from all the business books and just sit back and enjoy, Jennie's books are great!

---

### **Leann says**

Interesting mystery set in Tacoma, WA. Since I used to live 30 minutes from there I enjoyed that part. Clean book about a girl who witnessed her fathers murder and no one believed her. Many years later, she help solve the mystery of her missing father.
