Forbidden Night with the Highlander

Michelle Willingham

Forbidden Night with the Highlander Michelle Willingham
The handsome Highlander who seduced her...

...is the very man she must marry!

In this Warriors of the Night story, Lianna MacKinnon seeks to avoid her betrothal to a Norman lord by giving herself to an intriguing stranger. But afterward, she discovers her sensual lover is none other than Rhys de Laurent—her betrothed—in disguise! They've already had their wedding night... Now there's no escaping their marriage vows!

Harlequin Books says

"Michelle Willingham writes wonderful warriors that are always strong, sexy and stubborn. Book two of her Warriors of the Night series pairs a proud Norman warrior against a rebellious Scottish lass. Fans of Scottish romances will have a new warrior to fall in love with and a new maiden to root for. This battle of the sexes is fierce, with neither party willing to surrender. Willingham out does herself with a new book with authentic characters, lots of action and a passionate love story" (4 stars @ RT Book Reviews).

Miniseries: Warriors of the Night

Jen says

Another fabulous book by Michelle Willingham! This is the second book in the "Warriors of the Night" series! I really enjoyed the main couple... they both had been promised to one another at birth. Of course, neither one of them wishes to be stuck with the other, and they both feel like they have no freedom... Rhys figures he can maybe give Lianna to his brother; but their first meeting happens and there is no looking back for either one!

My only problem with this story was that Lianna was way too hard on Rhys. He tried hard to give her time to adjust to the idea of marrying him; but she remained firm in her hatred. I will say this; Rhys and Lianna were explosive together in the bedroom!!! Woo- eeee!!! Their intimate scene were sizzling!

This has turned out to be a wonderful mini- series! I'm eager for the third and final book in this series! It is about Rhys's sister who believes she is doomed to be alone for the rest of her life. Time to get started and finish the series!

For readers who enjoy historical romances, then definitely give this author a try!

Scotland 1171

The heroine of this story is Lianna MacKinnon. She thinks if she gives her innocence to a total stranger it will resolve her problem to marry a hated Norman Lord! Yet her father, Alastair advises Rhys to pretend he is another Scottish highlander and get to know his true daughter. As he knows his daughter won't even give him a chance if she knows he is the Norman she is being forced to marry. Rhys does not feel right about this dishonesty but understands her prejudice against Norman's. Plus her selfish gambling brother does not feel right about Rhys getting all the titles and lands he desires.

Rhys de Laurent and Lianna had been betrothed and a match since before Lianna was even born. Lianna knows most of her kin and clan think her ways as unusual, odd and different. As she keeps everything clean and tidy and in order. Some nowadays might call it obsessive compulsive disorder, known as OCD. She always has made sure she has known every clan member by name and what they need and cares for everyone. Her clan is starving and if this marriage does not happen it could be their destruction and exile! As the castle and lands belong to Rhys de Laurent.

The Normans have every right to throw the entire clan off the land. As Rhys father made an alliance that depended on this marriage. His father could of exiled The MacKinnon Clan long ago. However, since his mother and Rhys's grandmother loved her second husband, Fergus MacKinnon and her life in Scotland, he did not. Rhys Grandfather owned the lands. Plus Alastair knew his son would of been a horrible leader due to his dangerous habits and selfish needs. Yet is Lianna we're born a male she would of made a wonderful leader. Like her father, Lianna always puts the clan first, even when she is being mistreated by her own clan members!

The Now Lianna is duped by the stranger who is actually Rhys de Laurent her dreaded betrothed. Now she is caught in the very web she weaves and there is no turning back! Lianna has no choice but to marry this villain Norman bastard! What will she do? Abandon her clan to a

life of starvation and being homeless? How can she even let a filthy Norman touch her...again? Will she ever see Rhys and his people for whom he truly is? A fair and good leader who cares for his people. A good fighter with an intelligent mind, a passionate lover, a man that can't go of his pride with a few skeletons in his past.

I highly recommend you read this gripping emotional story about betrayal, lies, prejudice, pride, forgiveness, faith, trust, joy, passion, love and so much more! You can read as a stand alone but I highly recommend you read in series order. For example book #1 Forbidden Night with the Warrior is a actually about Rhys's younger brother Warrick De Laurent and Rosamund de Beaufort.

OMG have those tissue ready! Another Michelle Willingham emotional winner that I could not put down or stop sobbing through! If I get that attached in a story well it means it's an absolute masterpiece in my opinion. I have been a fan of Michelle Willingham books since her debut, she still blows me away with each and every book she writes and releases!

A delightful action packed emotional novel with all the elements romance readers love! Plus with phenomenal settings, many faceted characters and emotional plotting! I never know what to anticipate next...which is totally brilliant!

I can't wait for the third novel in this amazing Forbidden Night series. Book three is titled "Forbidden Night with the Prince". I have absolutely and unequivocally loved this emotional heartstring pulling series! It is definitely one you don't want to miss!

I received an advance readers copy from the author. I voluntarily agreed to do an honest and fair 'review and blog. All thoughts, ideas and words are my own.

Warriors of the Night Series

By Michelle Willingham

1)Forbidden Night with the Warrior - Warrick & Rosamund

2)Forbidden Night with the Highlander - Rhys & Lianna

3)Forbidden Night with the Prince - TBR 8/1/2018

Ann (Fanni Ann) says

Fancy being betrothed to someone you don't want to be betrothed to, then meeting a stranger and giving yourself to him to avoid said betrothal, then finding out the stranger is in fact your betrothed, well that's what happens to Lianna and Rhys. They both didn't want marriage until that meeting, they both have issues, can they overcome them and find true love.

This was a fabulous story and It grabbed my attention from the beginning, the story was well written and the characters well developed and very likeable, in fact I fell in love with Rhys.

I received a copy and voluntarily leave my own thoughts

Cheryl says

I absolutely loved this book. It was a fast paced story, full of adventure and intrigue. Two very different people, Rhys de Laurent and Lianna MacKinnon are to marry, one Norman and one Scot, although Rhys has a Scottish grandparent. Lianna finds the different cultures difficult to adjust to, there is also some secrets in Rhys' past. There is also the attraction to each other that Lianna tries to avoid. This is a thoroughly entertaining book that you won't want to put down. I received a copy and I have voluntarily reviewed it.

Esther says

Average read.

At times I lost interest in the storyline. I liked the hero but found the heroine frustrating.

Maria Dariotis says

Oh this was awesome!

Lianna MacKinnon is besides herself with worry she's betrothed to a Norman and she has no way to break this betrothal. Until she meets a handsome Highlander who makes her yearn for more than an arranged marriage.

Rhys de Laurent has been betrothed to Lianna since she was a babe, he doesn't need a wife or the emotional heartache, maybe he can persuade his brother Warrick to marry the girl. A meeting and a kiss later Lianna has fired his blood. The marriage will take place but not be easy. Both have trust issues, their attraction is all consuming.

As with all of Michelle Willingham 's stories this was captivating! Rhys certainly had some issues with women that his evil step mother had inflicted on him.

Lianna was in my opinion a woman that had issues with disorder she needed order in her life to think calmly and Rhys kept on pushing her boundaries. A definite must read, I fell in love with Rhys and Lianna and can't wait for Joan's story.

I received a complimentary copy from the author for my honest unbiased opinion.

Margaret says

A wedding after the wedding night

This book grabs you from the start. A Norman Knight with honor hopes to woo his betrothed, a Scottish lass. Rhys is a number one super sexy, hot and sweet hero, but he also has his issues of trust. His pursuit of Lianna will make your heart break for him, but she has many insecurities. I enjoyed the way Willingham worked Rhys and Lianna's self doubts together for an HEA.
