How You Get The Girl (How You Get The Girl, #1) Quirah Casey

Ethan Hanson's 5 a.m. runs are usually boring, but that changes when he meets his new short, foul-mouthed, combat-boot-wearing neighbor. From that moment on, he can't keep Sabra Cross out of his mind, and he isn't sure he wants to. Unfortunately, he has a girlfriend, and he can't figure Sabra out. One minute, she seems to hate his guts but then she's shooting him half smiles that makes his heart beat out of his chest. He knows Sabra's keeping secrets and has problems with trusting others.

Is Ethan willing to risk the stable life he's built for a relationship that's doomed?

From Reader Review How You Get The Girl (How You Get The Girl, #1) for online ebook

Liliyana Shadowlyn says

A unique, unexpected, and totally relatable romance novel. I immediately related to Sabra and Ethan, and found myself wondering what I would do if I was in their shoes. The tricky steps of trying to navigate young love are not something I miss from my college years, but I applaud Quirah Casey for how masterfully the maze is navigated.

Received for fair and honest review

Jenesis Sanchez says

This book was so amazing; it was one of the best books that I have read in a long time. Plus the author is an amazing writer and so creative!!!!

Alexa Whitewolf says

This story was not what I expected, at all. It was WAY better. I went in expecting romance and drama, but what I got was a complex narrative with a cast of characters one more lovable than the next, an intrinsic look at mental disorders, and other issues teenagers and young adults deal with.

Sabra & Ethan's story will give you goosebumps (the good kind!), will make you laugh, cry and join in with their struggles. I loved Sabra's character for her strength and badassness, Ethan's for his understanding and romantic side, but honestly there's SO much more to this story than just those two!

Every character has an underlying facet just waiting to be explored, and just when you think you have them figured out, they surprise you all over again! I found the author researched well her subjects and themes, especially the mental illness so at the centre of the story.

The HEA at the end was a wonderful way to wrap it up – for a moment there, I was afraid it wouldn't happen! But it did, and I loved every bit of it.
