“Junie B. Jones Captain Field Day” is about a girl who is in kindergarten. She is excited about the first day of school. When she started to go to school she liked to run. She has a race against other students. Room Nine competes against another class. Junie lost her shoe during the race and everyone was mad at her because she lost. She feels bad about it because the race was important. Junie reminds others that they are there to have fun and not fight.

Junie is a main character and she is kindergarten. She wanted to be the captain and be the best. There are other teachers and students in the story too.

The story takes place mostly at the school. The events last about one day.

The main theme of this book is to not be mad at others if they lose because they are trying their best and they would feel bad if others picked on them.

I would recommend it to boys and girls any age because everyone needs to be nice to others.

First, for anyone who felt they needed to be "boss" when they were in 1st grade....you'll love this book. Second, anyone who knows "BSB" or my twin sister, Shirley, this book is about her :) ANNNNDDDD, probably about me, too :)

Yes, it's written for 1st-2nd graders....but my 4th graders still love it when I read this book to them the morning before field day....and I read it to them because they get a huge kick out of it and it still makes me giggle.

Junie B. Jones Is Captain Field Day is a fiction book about Junie B. getting to be captain at school for her classroom during field day. Class number nine will be competing against class number eight. Unfortunately, for class number nine, they kept losing to class number eight and everyone in class number nine felt sad. Mrs. was not about that and asked if any student would compete in the last event of the pull up bar.

Surprisingly, the shy boy William volunteered to go against the strongest kid Frankie from class number eight. To everyone's surprise, William beat Frankie and it was the only win of the day for class number nine. The illustrations are simple to the point and not very difficult to understand. Students aged from second grade-fifth grade could easily follow along. This comes to my teaching lesson, none of the kids were happy about losing every event and Mrs. quickly sets everyone straight about field day. She told the kids it is not about winning or losing, but most importantly having fun in the events. These days' kids are really concerned about winning and they often forget to have fun, that's why I liked how Mrs. approached her students with the importance of having fun on field day.

Reading aloud to my 6 year old. This is one of the better ones . . . funny!

I really enjoyed this book. I love how Barbra Park writes as she is actually in Kindergarten using phrases such as "my cape \*flied in the air behind me" and "\*bestest friend, Grace". There are also cute jokes within the book like the one about how Graces number was a difficult one to remember "555-5555", and how she called her teacher "Mrs." or even sometimes "woman". I recommend this book to readers who are just starting to read chapter books. I believe its easy enough to comprehend and it keeps you on your toes. I also think it has a great lesson in it,(and this is a SPOILER) about the underdog, "Crybaby William" who actually ends up winning the field day at the end!!

I like how she calls her mother "That Woman". Not that I would call my mom that.

Jillian, my 5 year old, loved it!

### **Paula Wertz says**

Barbara Park is hilarious. My daughter absolutely loves her books! Junie B. is such a great character. Keeps my daughter entertained and loving to read!

In the book "Junie B. Jones is Captain Field Day" the main character, Junie, competes against another class. Junie is really excited about the day. The excitement extends into the school day, and Junie is selected as captain of the classroom. There are different events the classes compete against each other. Junie's class does really well until she accidentally loses the tag team event for her classroom.

Junie rubs it in that she becomes captain of Classroom Nine and her classmates did not, and she becomes bossy. Thelma is elected as captain of Classroom Eight, and Junie does not like the idea of another captain. Junie remains bossy until she realizes a good captain should support her members instead of yelling at them.

The story takes place at the playground at Junie's school. The time is not specified. The school is appropriate for the setting because the teachers were there to help show the kids the difference between right and wrong and how to correct their behavior.

A main theme is not to judge others because each person has a special talent to share with others. In the story a shy boy nicknamed Cry Baby Williams ends up doing the most pull ups and is stronger than the other people.

Young readers deserve better than this nauseatingly dumb crap.

### **Rick Silva says**

Junie B is excited for the upcoming field day, when she and her room 9 classmates will compete against their arch-kindergarten-rivals over in room 8 in a whole series of events. And her excitement reaches the boiling point when her name is drawn to be team captain. She dons a cape (well, a towel, really) and proclaims herself Captain Field Day, ready to lead her team to victory.

As Junie B herself would say...

"Yeah, only here's the problem..."

When the field day doesn't exactly go as planned for Room 9, it's up to an unlikely hero to save the day.

Even though you could see it coming, the ending was really well done, taking the spotlight off of Junie B for a bit without getting too preachy and without losing the fun of the story.

These books grew on me after quite a bit of time, because the first one put me off. The fact that a sweet little soul is within that brat called Junie which shines in at the end is charming. The comic aspect with people

having aspirin repeatedly due to her obnoxiousness saves the stories as well.

**Anna Burgos says**

the story was about a girl that was the captain of the class for kindergarden day

**Alondra says**

This book was about how Junie Wanted to be the captain of field day. They drew names and she got chosen. She was overexcited that many things happened. She was really happy and she made her special costume for field day. She made this costume with a towel as her cape yellow legging and this superman shirt. It looked pretty funny one her. On the day of field day her mom and family members went out and supported her. She competes with other classes. There class was doing well until they lost a game. Junie becomes more bossier since she is the captain. I recommend this book to anyone. It made me feel like I wanted to laugh a lot because I have read most of the Junie b jones book and they are funny. What she does is really funny. But one thing is that she doesn't care what others say much.
