Love and Decay, Vol. Five

Rachel Higginson

Love and Decay, Vol. Five Rachel Higginson

Zombies- as if that wasn't enough to ruin any girl's dream of a happily ever after.

Reagan and friends have to make a critical decision. Will they abandon the storage facility and head for a safer settlement? Or will they return to the compound and rescue it from the Colony's hold?

Once the decision is made, Reagan and friends find themselves in more danger than ever before. Matthias Allen won't just let them go, especially with Tyler and Miller in toe. And then there's the feelings Reagan has developed for Kane. Plus, the ever present threat of a Zombie attack.

It seems everything is working against them to tear them apart and put them in the ground. Friendships are strained, lives are threatened and love is put to the ultimate test.

Love and Decay, Volume Five, is a compilation of Episodes Nine through Twelve in Season Two of Love and Decay. It is a Dystopian Romance Novella Series about Zombies, the end of the world and finding someone to share it with.

This story takes place over multiple episodes, with a release date every two weeks. Season Three of Love and Decay will release December 12th, 2014.

Dena says

Love sucks

This was real emotional with the relationship aspect because of Kane. I admired Reagan for standing up to herself and not being in denial. Being in love in a apocalypse is hard especially maintaining a relationship.

Joanne says

This is my first review so pardon if I rant. First i want to say I have really loved this series Rachel had fully engaged me and dragged me into this Zombie infested world kicking and screaming. I love the world building and the fact I actually care about the characters. I have been on a roller coaster of emotions: scared, anxious, happy, sad, the whole shebang.

But what I really liked about this volume was that it solved something I have been struggling with since i started reading this series, the love triangle issue. While not a huge fan (i usually hate, no loathe, love triangles) i can deal with them at the beginning of a series but after the main characters relationships develop, for me it slides into cheating territory. Basically the whole Kane thing was wrong, even if she didn't see it that way. She had feelings for Kane, yet she loves Hendrix? Pfff don't get into a committed (to the point of engagement form of commitment) relationship if some random hot guy with glasses can just walk right in and make you have feelings for him grr. What i loved the most was that Rachel didn't let Hendrix be a chump he saw what was going on and acted accordingly, while it broke my heart it was the right thing. She needs to sort her stuff out because right now she doesn't deserve Hendrix. It's about time she started fighting for this relationship and working to get him back it has been too easy for her.

Gah rant over overall this series had been fun, I've loved the crazy battles with Feeders, the characters, the hilarious teenage boy antics, the PARKERS *sigh*, for some reason i loved reading from Tylers POV gotta love her spunk. While i really dislike Kane this season has changed my view of him slightly, i dislike him less and i feel for what he had gone through, it was sad but a perfect ending. Now all i hope for is no more fraking love triangles (or i will jump off a cliff and forever forsake all romance themed books)

Connie says

I'm not even sure where to start with this review, all I can say is that the events that happened in this book left me feeling exhausted. I was SO excited to see how things would develop between Kane and Reagan after the kidnapping, because despite all the hate on him, he would always be my favourite character.

I was overjoyed when Reagan finally gave up trying to deny her feelings for him. The few moments that they spent alone since Kane's character was introduced will always be a highlight for me. It was amazing to see the character development of Kane and how his love for Reagan changed him for the better. When Kane died trying to save Reagan and Miller, it left me in tears and my heart ached for the future that Reagan and Kane could never have. No offense to those on Team Hendrix, but sometimes I really do hate his character because

of how he treated Reagan after she was rescued from the kidnapping event.

All in all, this volume left me heartbroken for Kane but I also cannot wait to see the adventures that awaits the rest of the group!

Ruth says

Kane...I'm not sure I hate or love him...hmmm
Hendrix, I still love that man, Reagan pull yourself together...
Killing Zombies <3

jamie sweeten says

Love , love, love it!

This series grabbed me and would not let go! From the very beginning , two girls kicking ass and surviving together in a zombie apocalypse . Then they meet the hottest guys ever and they can kick ass too! The relationships and the adventures they have together , seriously leave you begging for more. This would make a great tv series ! I've played it out in my head. And of course I've already assigned actors to the characters ! Ha "the Walking Dead" meets "Love & Decay" ! I there's nothing better than zombies , blood, gore, action, and fighting for your life with a little love triangle thrown in the mix . Can't wait to read the next episodes!! This is a must read for all you female zombie lovers!!

Jenna says

How the hell is ____ still alive? He really is a freaking cockroach. Anyway, these episodes were so filled with drama and action. I still think that Kane and Reagan would have been a great couple if the Zombie apocalypse never happened. But since it did happen Kane just messed everything up at the beginning and his relationship with Reagan is unhealthy and not normal. I love Kane as a character and cried so much for him but I definitely want Reagan and Hendrix together in the end. I was starting to get bored with the same things happening over and over again but this volume of episodes helped me enjoy the series again.

Amy Curley says

Look. I, as a rule, don't read sappy sad books. Fault in our stars? Absolutely not. Humor, suspense, action, love? And zombies? Hell yeah. This book sent me on an emotional roller coaster I didn't think possible. It was SO good. Like SO SO good. Saying that it's a nail biter doesn't even begin to explain it. Is it possible to pace your house while reading, chewing your nails, and cursing your sister who begged you to read it and made you become absolutely obsessed with it, all at the same time?

My heart raced through this whole volume. I was so pissed at Reagan. I was so pissed at Hendrix. I was SO pissed at Kane. This book was supposed to be a funny, witty book about young adults (in there 20's)

surviving zombies. It wasn't supposed grip my nerves and heart strings with zombie-like claws and rip them out of my chest. I AM EXHAUSTED!

All I can say is: read this series. Holy shit read this series. You won't regret it.

P.s. Don't hate on the grammar. She'll get an editor one day.

Allie Rashkow says

Still loving this series. I have become spoiled since I had all of the 1st and the majority of the 2nd season already available when I began reading and hate that now I have to wait 5 months for more. But I have to say, loved it but I'm pissed. Seriously Hendrix? Seriously what happened with Kane? Hendrix best get his act together and get Reagan back and there BETTER be no new girl in the mix for him or I'm done. He worked so hard to get her to fall for him (and while I can see why he was upset, seriously he over reacted and now MUST fix his mistake!) and then just dumped her like it all meant nothing? What happened to "I love you more than all and to the end?" It sure doesn't seem like he meant those words right now. Again I repeat THERE BETTER BE NO NEW TEMPTATION FOR HIM and he best get his act together and win Reagan back or I swear to God I will...! Ugh. Now until December. I repeat again...Ugh.

Arianna M says

[

Episode 9: Page woke up yay!!!! I felt bad for Reagan when it came to Hendrix, but she did kind of bring it upon herself. I thought they would get back together but no. Don't they know they're the OTP?!?! I was sort of surprised when Kane tried to join Team Parker, but they did

Megan Murphy says

Wow

I saw that coming but was still shocked I'm really enjoying the character growth and reading about everything happen to our little group of misfits

Lindsay says

Whew, the ending of this was intense! I was great though.

Lenore Kosinski says

3.5 stars -- The volume started off with a bit more bang, and really had me feeling all the emotions. But I

don't know...I just started losing interest and had to fight with myself over the whole Kane stuff, and somewhere along the way I lost my way. I just wasn't as sucked into the storyline... Now that could totally be a me thing. I honestly can't tell. All I know is that while I had moments of great feels, I just felt like the episodes were missing something for me. I know part of that is that Reagan goes through so much and I couldn't always empathize with her...and if I can't vibe with the characters, then I'm just not going to enjoy myself as much. And because there was so much bad happening, I missed the lightness that the other characters can sometimes bring to the plot. The episodes became very Reagan-centric, and I missed the Parker family, and Haley, and even Tyler and Miller. So yeah. :(Trust me when I say that I'm very upset about this. I love this author, but the story just went in a direction that didn't appeal to me personally.

diana says

Matthias is crazy. He's like The Governor from TWD only he's way crazier. Or maybe not. And what was up with that ending?! I wasn't a big fan in the first place but I didn't actually want him to die.

I have no idea what to expect in the third season but I have a feeling there's going to be lots of zombies, more crazy from Matthias and a lot of emotional trauma from Reagan.

I cannot wait!

The Parkers are my newest book boyfriends <3

Michelle Sibley says

I had totally forgotten that I had started this series! And it was very easy to get back into I have to say, just a few pages in and I remembered the characters. This is such easy reading and easy to pick up and put down. If your Into your zombies, I'd recommend these books.

Tasha says

I felt uneasy through this book. The abusive relationship Reagan is in with Kane wasn't handled as well as it could have been. The author touched on how Reagan knew it was abusive and unhealthy but was falling in love anyway, although I know that's a realistic thing to happen in abusive relationships. The author could have done more to address a teen audience that this is unhealthy and although your feelings are valid that walking away or asking for help is always an option. Romanticising Kane's behaviour isn't responsible for the audience it's aimed at.
