Missing Witness: David Brunelle Legal Thriller #9 Stephen Penner

A man shot to death under a freeway overpass.

A suspect who flees into the night.

And a witness no one can find.

Homicide D.A. David Brunelle must figure out the connection between these three people in order to hold a murderer responsible. But how can he, when he has no idea who the witness really is or how to find her?

To prevail against a theatrical defense attorney, and win over a dubious judge, Brunelle enlists the help of his usual allies, plus a newbie prosecutor and a mysterious woman who seems to know everyone—except the missing witness.

It will take all of his abilities to put the pieces together in time to solve the puzzle and convict a killer.

Missing Witness

This was a great series. I hope it will not end here. This was series I really enjoyed. I highly recommend this series

James Georger says

If you are hooked on the complex nature of the law, and courtroom proceedings, you may really enjoy this series. The author seems to focus on a gray area of the law and build a drama around that, such that the reader is in suspense throughout the book. Much attention is devoted to arguments over motions, and seem very realistic and compelling. (at least, to a non-lawyer). The characters are complex, and not heavily painted with the Good/Evil brush. After reading a few in this series, I think they are a welcome respite from the Perry Mason portrayals of the legal process.

Great bargain at the Kindle Unlimited price.

Alexes Hourigan says

I'm hooked :-)? Great author, it's a must read.

Glenn LaRue says

Excellent legal murder mystery

The reader learns a lot about the work of a prosecutor and the legal system. With the novel nothing is certain, certainly not how a trial might end. Highly recommend
