## **Pure Sin** Susan Johnson

Flora Bonham met Adam Serre on the night his wife left him. Although he made it clear he was not interested, Flora was determined to tempt him as no other woman had. From award-winner Susan Johnson comes an enticing, sensual tale that follows her recent successes with *Outlaw* and the USA Today bestseller *Seized by Love*.

# From Reader Review Pure Sin for online ebook

## Danette Steward says

One word. HOT.

---

## Mitzi says

Great book.

---

## Becky says

Its starts off really different and a page turner. But the end was a let down.

## Angela says

So far, Ms. Johnson is all over the place. I feel no connection to either Flora or Adam. Hope it gets better. It took me awhile to get into this story but I admit I liked it once I began to care about the h/h. I think the problem with this book was Flora and Adam had mad passionate sex within an hour of meeting and had no real emotions behind the act. At least that's my take on Pure Sin. But as love grew between the two, so did my emotions for this story. This is not one of my favorite SJ novels but it's at least a 3 star read.

### Still good

I read this book many years ago. This is one that stood the test of time.  
It was fun fast paced and steamy. I enjoyed it

---

## Ndhud says

my first susan johnson's book, and this book absolutely shocked me because it's really "hot" for some kind of historical romance. But still i liked it too..

---

## Maura says

I liked the descriptions of the landscape our couple encounter. The hero was kind of hot and the heroine was

smart and not a doormat. There was a lot of sexual chemistry but not a lot of belief that this couple will have the hea I want to be sure of.

**Dianne Salzwedel says**

English lady is studying the Indians with her father, when she goes for a half breed. Good Sex

---

**Thea says**

Fast paced and engaging first half but dragging and lengthy middle part up to the end. Too vulgar at times.

---

**Isabel Mansfield says**

Great Read

---

**Christine says**

This is what every romance novel should be like. HOT! HOT! HOT!
