**Saving Forever - Part 5** Lexy Timms

**This is Part 5 of a 5 book series**

**The Final Chapter**

*Book 1 of this series is FREE!*

A year of the unexpected has come and passed: unanticipated events, unforeseen turmoil and surprising love.

Elijah and Charity are about to have their first baby together. They are trying to adjust to married life after living on their own for so long. It isn't always an easy challenge.

As Charity deals with morning sickness, and trying to make Elijah's house their home, she also worries about her father. Their shaky relationship has changed for the better, but they are two stubborn people who don't always see eye to eye.

As life continues to be unpredictable, Elijah and Charity must form a nucleus so strong nothing or no one could tear apart their new family.

Love should be something that lasts forever, not is lost forever.

*\* This is NOT erotica\* This is a love story and a romance.*

*For mature readers only. There are sexual situations, but no graphic sex.*

## **From Reader Review Saving Forever - Part 5 for online ebook**

### **Whitney Letellier says**

LOVED this series. Such a heart felt story with great character development and plot. I really like her style of writing and can't wait to read more of her books!!

### **wendy Shelton(obsessedbybooks) says**

omg lexy timms is amazing I never will forget when I read saving forever bk 1 I remember falling in love with the ideal of charity and Elijah and continue to grow with their love for each other through books 2,3,4 and now here we are with book 5 the final for Mr. and Mrs. Dr. Bennett. it seems unreal. I love this couple so much, this story is so well written. you simply can't get enough of this awesome couple. with this book we see how they cope with long, tiring hours, stress of becoming parents and making their love for each other priority. A great ending to a great series. I loved seeing theirs lives unfold but I hate to see it end. definitely a must read starting with saving forever bk. 1

### **Kathryn Synoracki says**

I received this book from the author for an honest review! Great story that just gets better and better!

---

### **Liana Teraitua says**

#### **Elijah charity and Jamie Bennett rules**

---

### **TKins says**

I loved this book I think they are perfect for each other. I'm so glad charity got back in to training to be a surgeon.

My only grievance is that it was far far too short, needed much more.

---

### **Siriniti Kidd says**

this series was beautiful. it wasn't fake and rushed but smooth and so sweet.

---

## **Denise says**

This couple can't cut a break. But they really are so strong together and seeing them rally together when things get bad is breathtakingly beautiful.

---

## **Mandy Menasco says**

good read

## **Caroline Abernethy says**

### **Great book, just too short**

I have loved this series so far. I originally read the first three books about three years ago and that was the full series at the time. I read book one again recently and decided to read them all and found out that another five books have been published. I love both main characters and it's great to hear where their life's are going. My one complaint is that the five books cost over £10 and they are all just over two hours each. So the bundle is expensive.

*This was a great ending for the series it just came all together. I liked Elijah from the first three books but by the last two book he was beyond perfect what a great hero. As for Charity she had her good times and had her annoying times too but by the last two book I saw a side of her that I really liked.*

*Overall, It was a great series and had great characters and had awesome writing.*

### **{MY LIKE SCALE}**

**Romance: 5/5 (THEY ARE GREAT TOGETHER)**

**Drama: 5/5 (NOT MUCH)**

**Cover: 4/5 (SWEET COVER)**

**Charity: 4.5/5 (I LIKE HER SO MUCH MORE IN THIS BOOK)**

**Elijah: 5/5 (NO QUESTION HE IS DEFINITELY ONE OF MY FAVORITE HERO)**

**Writings: 5/5 (GREAT WRITING)**

**Humour: 3/5 (IT HAD FUNNY MOMENTS)**

**Hotness: 4/5 (JUST ENOUGH)**

**HEA:(view spoiler)**

### **Roberta says**

I liked this book a lot!!!!

Now Charity works in the hospital as a resident and she's having a baby. That's crazy!!! But she manages through study, work, the pregnancy and some not so nice event in the hospital! 5 stars!!!!

### **Cristina says**

This book nearly gave me a heart attack! For the last 20% of the book I was literally with my heart running a marathon. Thank God everything was ok in the end! ?

P. S. I know this is fiction, but I can't stop feeling like these characters are real. So... sue me! ?

### **Deb says**

Once again I loved this story! Always so much romance and excitement!! I only wish there was more to finish off so many opened areas of the story line. Lots going on, but not much of an idea where it will go, then it is done....??? Loved the whole series though, it is a great one to read!

### **Paula Genereau says**

Elijah & Charity are having a baby. While adjusting to married life they over come many things together.

Hurricane readers book review gave me the book for my honest review

---

### **Christine Menditto says**

I fell in love with Elijah and Charity in the first book and have loved them through every book so far, and this 5th one is no exception. These two have their love for each other scream off the page and you can't help but start to feel all the emotions they're going through. This book had some unexpected turns, but nothing overwhelming. It had me hooked from the beginning. Throughout the whole thing my emotions were all over the place right along with the book. The only thing wrong is that it felt too short! Love all the books I've read by Lexy Timms so far. I can't wait for more!
