Being a huge fantasy fan, I knew this one would be my favorite, but it surpassed all of my hopes. It reminds me of Xanth, the 80's cartoon Dungeons and Dragons, and Key Hunters all mixed together. It is such a great introduction to the world of fantasy.

Cleo, Evan and Ms Crowley are still looking for Ms Hilliard, and the latest key takes them into The Dragon's Eye. In the book, they meet manticores, trolls, elves and dwarves. There are other magical world creatures mentioned and as always some awesome artwork. The drawing of the manticore was my personal favorite.

When they find Ms. Hilliard, I started wondering how the series would continue. The answer basically helps keep the series fresh. Introduce a new baddie. I'm really interested in what the series does with him.
