Two Men for Me

**Mrs Harper is hungry** for satisfaction. Kurt, her poolboy has a young body that's too hot for her to resist, and his innocence electrifies the charge.

Brad, the valet attendant is called to serve her needs, but things go farther than she expected when she double-books the two men.

Warning: This 5,300 words+ story contains very graphic and explicit descriptions of sex, including bisexual sex, three-way sex and numerous varieties of very adult sex. It is intended exclusively for readers of 18 years and over.

Excerpt:

*A round drip of ice-cream glistened on Kurt's lip. Brad said,*

*"Oh, you have cream on your lip," Kurt tried to wipe it with his forearm. It was still there. I said,*

*"Maybe Brad could clean it up for you,"*

*Brad said,*

*"Yes, Kurt, let me," and he leaned towards Kurt. Out came Brad's long, nimble pink tongue, and he slurped it off. Kurt looked at Brad, both of them breathing deeply now. The two boys were very close, and Brad's voice was thick and low as he said,*

*"There could be a little more," their eyes were on each other's mouths and their chests heaved. They looked at each other for a long moment, then at me, then back at each other, their eyes slowly widening and narrowing. Kurt said,*

*"You'd better clean it properly then,"*

*I couldn't believe this was happening, right in front of my eyes. My stomach fluttered and my cream silk panties were getting terribly wet. My fingers were snaking down my stomach and towards the tops of my thighs. Brad's tongue lolled on his lip as he peered up into Kurt's eyes,*

*"Shall I?" Kurt said,*

*"I think you'd better,"*

*The short space between their imploring faces closed as Brad's tongue came slowly out, and licked all along Kurt's lip. Kurt's tongue came out to meet it, and the two mobile, wet pink muscles explored each other. Their lips became wider and closer, and my heart raced as I watched them come together. Their mouths locked and the deepening sounds of their breath mingled together, as they pressed their chests together. Kurt's hands cupped the globes of Brad's clenching ass and pulled their hips tight, to sway, swing, shove*

*and squeeze together. Brad's hand plunged into the top of Kurt's shorts, and searched around. When it caught a grip and was able to wrap itself around the stiffening shaft of Kurt's thick cock, both boys groaned frantically. Their mouths fastened harder as Brad's hand drove, first firmly, then furiously up and down on Kurt's shaft. Kurt pushed his hands into the back of Brad's jeans, then down and all around that gorgeous, tight ass...*

**Kathryn Parry says**

? Sorry not for me. It was just blah.

**Andita says**

**Good...**

story but a little short. I'm intrigued by the other books that feature the main female character in other stories introducing young men to each other. I'm not sure I want to read more-she's almost like a predator.

---

**Raine says**

Short, but an ok read.

---

**Andrea says**

This was just okay, It met my expectations though. This is basically a short erotic story. There's no depth to the characters and there's no plot. It's purely for enjoyment. This was my first MMF story.

---

**Gwen says**

**Short but very steamy read!!**

Mrs Harper is one naughty lady! Having two young stud for herself. Lucky gal ;) I will need to read the rest of her adventures.

---

**megan says**

Mrs Harper is getting it on with random young men .. Wish there was more to the story than just the random hot pool guy coming over for sex . Very short

---

### **Dawn Myers says**

This was an interesting journey of discovering ones self. Mrs. Harper is married and happy, she thinks this is the way things are going to be. Then the rug gets pulled out from under her. Everything she believed is now in question. So she decides to explore her sexuality. The story is interesting but becomes very repetitive. Mrs. Harper meets one or two guys and has sex with them and this continues through the whole book. My biggest complaint is there is too much sex and I wanted more back story. If you like threesomes then take a look. I received an ARC edition for my honest and voluntary review.

### **Cassie Hess-dean says**

This was a short story. Felt like the story was just thrown together. It's about a forty year old woman who encourages her 18yr old pool boy to explore her, her young valet and one another.

---

### **Sharon Kurtz says**

This was AWFUL. I can picture the author scribbling this erotica down in a frenzied haste on her lunch hour. The premise is a forty year old wealthy widow has a three day 'adventure' with two eighteen year old boys who not only do her, they do each other. ICK factor was 10+. Vulgar in the extreme. Deleted from kindle library.

---

### **Sky Diamond says**

It was okay. I didn't like how the sentences kept going on and on with 'and.' I couldn't connect with the characters and Mrs. Harper felt more like their mother than employer.

---

### **Cindy Krob says**

I was creeped out that she's some old, married lady just randomly getting it on with man-children. Porns have more back story than this

---

### **Todd says**

This was a very short romp, basically one long sex scene, pure smut, no build up no character development except for physical attributes and a little bit of submissive/assertive power exchange. I liked the mc's love of seeing two guys enjoy each other and her resulting sexual desire. It was right in my wheelhouse for stroke literature.
