This volume summed up: WHAT?!

Lanie says

I can not deal with this.

How can they do this to me?!?!?!?!?!?

This made me cry.

Fucking bawl.

I shit you not, full on fucking bawling. Tears, whining noises, complete body shaking sobs.

My cat came to check on me, I was so upset.

HOW CAN THEY DO THIS TO ME?!?!?!?!?!?

Also, I fucking called it. My friend said it was "just a theory" but I was right.

5 stars.

I am fucking emotionally drained. But any story that can make me this sad and angry must be good.

Beautiful art as always. The next few volumes are going to be amazing. I hope we're gearing up for a fucking epic series finale. Because I can't take much more.

[SPOILERS MUY BESTIAS]

¡¡Agni!! ¡Nooooooooooooooooo! Me ha roto el corazón de mil formas, no me lo he creído hasta que he visto al shinigami ir a recoger su alma, es la primera vez que no me alegro de ver a Grell.

Por otra parte, me ha costado coger lo de "el hermano gemelo con el que el espectador no contaba". ¿Lo bueno? El resto de personajes saben que existe, o sea, no se lo ha sacado totalmente de la manga. ¿Lo malo? Que a nadie se le ha ocurrido puto mencionar al otro crío, ni ha salido en fotos ni leches. ¿Lo bueno? Que "Ciel" tomando su lugar puede explicar por qué algunos personajes dicen que el conde reapareció tras el incendio con una personalidad totalmente distinta, acompañado de aquel extraño mayordomo. ¿Lo malo? Que tengo que coger todo esto con pinzas. ¿EN SERIO NO HA SURGIDO EL TEMA DEL HERMANO

EN TODO ESTE TIEMPO? Siempre hablaban de uno, y había personajes que conocían al hermano.
No sé, es como que no me lo trago y a la vez sí :/
En fin, espero que el manga no comience a decaer porque la saga de la bruja verde la empecé con el mismo miedo y al final pegó subidón, pero esto... uff... difícil.

Gabriela says

I don't think any manga has brought me so close to tears. This is the most heartbreaking thing that I have ever seen. I can't handle this. And then, to be hit by a truck from the most shocking plot twist that I have ever read. I can't handle all these emotions.

Karissa says

This is the 26th volume in the Black Butler series and it was a fairly emotional and startling one with some huge twists. I enjoyed it a lot and remain a huge fan of this series.

The book plunges us right into the action with the death of a major character....sadness. Meanwhile some of the side characters are still recovering from the music hall incident. When Ciel finally gets home after making sure Samos has the care he needs (he's recovering from a mysterious attack), there is a huge surprise waiting both for Ciel and the readers.

This is an excellent installment in this series with some huge new twists and turns. Beautifully illustrated as usual! Of all the mangas I have read, this is one of the most beautifully illustrated ones and I love the characters and complex plots.

Overall this was an amazing installment in the Black Butler series that had me dying to read the next book in the series. I highly recommend this whole manga series, it's just so well done.

A regular character dies!

Most everything we know about Ciel Phantomhive has been a lie?

Secret origin time?

Juicy!
