Accidental Baby: A Billionaire Secret Baby Romance

Lara Swann

Accidental Baby: A Billionaire Secret Baby Romance Lara Swann

I've spent years raising my sister.

Starting a billion-dollar company to keep her secure.

That's all that's ever mattered.

Now she's at college, I take one night for myself...a little wild freedom...

Guess what happens?

It was only supposed to be one night - but she left me desperate for more.

Searching for the girl with the sparkling blue eyes and wild passion. Ava Lockley.

The one who danced and kissed and cried out with total abandon in my arms.

When she walked out in the middle of the night, I thought I'd never find her again.

Until she turns up at my office days later.

Part of a new team - working for me and totally off-limits.

My business has ruled my life for years...but I can't stay away.

One night turns into two, stealing moments together and sneaking around.

Then she says *she's pregnant*.

A baby. *My baby*.

If anyone finds out, my once-in-a-lifetime business deal is screwed.

She'll lose the one chance she's got at her dream job.

So now we have this secret - and all I want to do is tell people.

I'm going to be a Daddy.

The only thing that stops me is putting her career in jeopardy.

It can't stay hidden forever - but that doesn't matter.

This baby is mine. Ava is mine.

And I'll do whatever it takes for us to be a family.

Even if I have to give up my life's work.

Accidental Baby is a full, standalone romance with a sexy billionaire hero and a determined, fiery heroine.

No cheating or cliffhangers, and a Happily Ever After guaranteed.

Andrea says

With Damien I have met the man of my dreams as it seems...

Who would not want a man in their life who cares so deeply for his partner in such an all-encompassing way, so attentively and tenderly, lovingly and devotedly ...?

And with Ava he found the perfect partner too. She is as warm and caring as he himself, a little damaged by bad experiences in her past and so worthy of his caring and generosity...

Both characters are so very well and very vivid created that it is a pity they only are fictional... I would really love to know them in real life...

The plot is... WOW!

Gut-wrenching, heart-tearing, excruciating, thrilling, passionate... There are so many twists and turns, so many ups and downs... so many bumps on the road... it literally made me hold my breath most of the time or gasp for air!

It is a highly emotional read with lots of laughter and tears and an absolute must-read!

This is one of the best secret- baby- novels I have read so far and Ms. Swann surpassed herself once more with this phenomenal novel!

Lexee Toste says

I really enjoyed this story! It's well written and the characters pulled me in from beginning to end. Ava is trying to get her life together and the one time she does something a little crazy, she ends up pregnant. She is trying to figure out what the best thing to do is without getting her hopes up. Damien is at a bit of a standstill with his life and has been trying to figure out how and which way he wants to move forward. The two of them just click together but the circumstances that they find themselves in don't make it easy to go for it. I liked the way that the story developed. It felt very real. The sex is explicit and fits the characters and the story. It was all well done and a very enjoyable read.

I voluntarily reviewed an ARC of this book.

Joyce Black says

A long read that had a complex story line that kept this reader engaged throughout. There are certainly some very steamy scenes in this story. There are more complex issues delved into with this story than just a straight forward romantic tale. The main female character starts at an epic low in her life and by the end of the story has come into her own. The main male character had business ethics to deal with. This couple walked some fine work lines in order to maintain their relationship. Matters unfolded well for them but not without some dramatic events and a great deal of angst. Good read.

I voluntarily received an advance review copy of this novel and I am leaving an honest and unbiased review. I have no affiliation to this author.

Patricia says

Lara Swann presented a story that felt more real in the sense of the problems that follow people through life. Okay, the billionaire guy is definitely a fantasy but the problems with Ava were real and Damien a dream.

For some Ava's character may be difficult to understand but some of us can relate to her feelings of being inadequate and never fully trusting others. It's not what they say or do, its relating to the past and being unable to move past that. Damien is like prince charming and more patient than any man I've ever met :) Yet, his character finds love even when he wasn't looking for it and he put forth all he had to try to help Ava open her eyes and see what is in front of her.

I thought the book was well written with two very interesting characters along with a great supporting cast. And of course the HEA never fails to win me over.

Emma says

I have read and reviewed two of Lara Swann's books and really enjoyed them. I feel this one did not meet my expectations. I did not particularly like the female lead character Ava. She is prideful and determined and that made her take things the wrong way. It's ashamed that these qualities are used in an unhealthy way. She constantly overthinks things and she usually trended towards the negative side of it. Also she never trusted what the lead male character, Damien, said. He never lied to her. So, I could not understand why she was so distrustful. When something good came into her life, she again approached it in an unfavorable way. She thought any good things were an illusion bound to end just as quickly as it was created. It was tiresome that she always relied on her best friend, Vicki, to help her solve her problems. Why could she not just make up her own dang mind. Even though Damien was attracted to Ava, she still doubted him. Even though he wanted to be more to her than a one night stand, she still did not trust anything he said. My goodness was that annoying. Damien was a very strong character. He was the only redeeming part of the book. He sacrificed what he had planned for his future for his family. He started his own business and worked tirelessly to make it a success. It was sad that all of Ava's insecurities were projected onto him. That caused him to double guess his own motives about everything to make sure he did not do or say anything wrong. Because he took more responsibility for the relationship between him and Ava, that was his only drawback. This had a great storyline but I feel that the characters were could have been developed in a more positive way. Thank goodness this ends with a HEA. I received an Advanced Readers Copy of this book and am voluntarily leaving a review.

Caroline Doig says

Ava has moved back to her parents place she had split up with her boyfriend of 9 years and she's depressed, Ava texts her best friend Vicki and goes over to her place. Vicki tells Ava that it's time for her to get out and maybe pick up a one night stand or just go out and have a good time and Ava reluctantly agrees. Ava goes into another bar she has left her friend on the dance floor she needs to cool down after letting loose dancing with a guy, he follows her into the bar trying to pick her up but he doesn't understand the word no so Ava

walks off and right into a big strong body. Damien invented an app and now he's walking through the club wanting to celebrate on his own when this gorgeous girl walks right into him, Damien saves her from the weirdo and as a thank you she goes to buy him a drink. A little conversation and a bit of flirting later Damien takes Ava to another place in the club, they start to slow dance and then things start to get hot and heavy so Damien takes Ava to the hotel next door. Ava is blown away by the sex that they have she never knew sex could be like that, once she woke up she left before Damien woke up. That's all I'm giving you guys but there is so much more to this story to keep you entertained and turning the pages and I loved every bit of it. A fantastic story a 5 plus ?? read and I highly recommend this book it's definitely well worth the read.

Joni Simpson Foster says

I absolutely loved this book. It had all the feels.. If u love secret babies, then u will live this one. Lara wore this so very well.. I'm still reeling.

Jackie D says

Just when Ava doesn't think her life could be any crazier, a night out with her best friend Vicki takes that to whole new dramatic levels!

Down on her luck, feeling like everything she touches turns out badly.. her one night of bliss was a happy place amongst the madness of her insecurities, and daily malfunctions. Until she meets him again- cue the messy situation continuum!

Secrets, broken, confused hearts, insta feels aplenty- Damien and Ava are the perfectly imperfect pair!

Crash landing themselves headfirst into the deep end, we follow along as they work themselves out as well as each other!

It's a frustrating, heartwarming, steamy romance that had me hooked from the very start!

I highly suggest checking out this more than meets the eye story!

Renata Gill says

Once i started reading this book i couldnt put it down, hubby had to cook dinner!!! That's how good this book is.

Ava and Damien met at a club and had a one night stand never thinking that they would see each other a few days later across a conference table. Ava wants things to be professional and tells Damien that they cant see each other but Damien cant stop thinking about her even though it could be bad for business. Things get even more complicated when Ava falls pregnant.

The chemistry between Damien and Ava is unbelievable. This is a well written and very entertaining story. I would recommend this book to any book lover.

I voluntarily read an advanced reader copy of this book.

Raecharmed says

Ava has been having a rough time of it lately so her friend talks her into going out to a new club. Already tipsy from drinking there they go out and start dancing with a bunch of guys. When one guy is persistent and won't take no for an answer another man she bumps into helps her. Damien is captivated by the woman before him and follows her to the bar and as they continue to talk he knows that there is something different about her. They end up going to a hotel close by and having an amazing night but Ava leaves before Damien can ask her out again. She thinks it's a one night stand and never expects to see him again. However when she gets added to a job that she has only been an outside contractor at she it brings Damien right back into her life again. Damien can't believe his luck when he sees Ava in his business meeting. They try to remain professional with each other but a business trip to New York changes everything. When Ava arrives back home from New York she is sicker than a dog but thinks it's food poisoning but when her friend has her take a pregnancy test she is terrified. What will Damien do once he learns she's pregnant with his child? Can they make a relationship work between them with only a few nights between them?

This is a great story once I started it I couldn't put it down. The chemistry between Damien and Ava is blazing hot. This is a well written and very entertaining story. I would recommend this book to any book lover.

I voluntarily read and reviewed this book.

Pontiki says

Really like Damien and Ava, interesting story of their initial attraction, development of their relationship, responsibility they take on as parents. I like Ava's caution when it comes to trusting Damien, putting her baby first.

I don't like Ava's friend, Vicki, much. She's always trying to push Ava, except when she was supportive with the pregnancy. It was totally out of left field for her to get angry when she wasn't receiving attention from Ava, very juvenile.

I also wish Ava could have gotten her career going without having Damien rescue her, too much dependency. The message should have been stronger about her overcoming the obstacle of their relationship when they were client/employee.

So, not bad, but could have been improved.

KU

Khurshid says

This was the first book I read of Lara Swann and was completely taken by the story of Ava and Damien.

This book deserved five stars, if I had more options I would give it more. Would love to read similar books by this author, and hope there to be a sequel to this book.

Great plot and very well thought of characters. Each character in the story had a part to play to make this story touching and real.

Two uncertain people in need of comfort and direction in life. Ava recovering from a break up of a nine year relationship and Damien trying to find his place after caring for his sister since she was eleven, who has finally found her wings to fly and experience her own life away from her loving brother.

Ava is out with her friend Vicki who is fun loving and wants Ava to come out of her shell of self doubt and to start enjoying her life once again. They get drunk and Ava wanders to the other side of the club and meets Damien. They have a one night stand and she lands up being pregnant.

As fate would have it she gets a job at his company, unknown to her, as a graphic designer with a team of others. She confides in Damien about her being pregnant with his child and their romance takes over from here. He is loving and caring, she is unsure of herself but fights to be normal for the sake of the baby. He wants her and the baby in his life and she relents after a lot of soul searching.

The story has its heart stopping moments as well as sweet cherish moments to make the reader feel a part of their family. And I loved the happy ending.

Sharon Richmond says

Accidental Baby: A Billionaire Secret Baby Romance

By Lara Swann. 5 Stars *****

Oh My Goodness, Talk about a story taking you on so many ups and downs your emotions are all over the place... Dang!!! But So Freaking Good!!!

Damion and Ava will have you wanting to knock their heads together one minute, and in the next smiling at what they do.

Both have such real insecurities about themselves you feel sad at times, while other times you are amazed.

Very emotional story in my eyes. But it is definitely worth reading more than once. And it has a sensual vibe thats pretty awesome.

Mature readers, some strong language and sexual content.

I have voluntarily read and reviewed an Advanced Reader Copy of this book. Reviewer for Nook Books and More Blog.

Kathryn Manzella says

Hot! It was supposed to be one night...she is getting over a long term relationship breaking up and he is living it up a bit after raising his little sister for so long.

But then they meet each other in a professional setting. It's hard to deny the attraction. When a surprise pregnancy occurs, she's in risk of losing her dream career and he also has a business deal to worry about but he wants to tell the whole world he's going to be a dad. Great story and good characters you find yourself liking and rooting for. Oh and Ava's ex, Jackson, is such a jerk... Augh!

I received this book as an Advanced Readers Copy and am voluntarily leaving my honest review and recommendation.

Nate says

I enjoyed Ava & Damien's story. Was an intriguing story. I'm voluntarily leaving an honest review for an arc of the book.
