**Hell on Heels** Robyn Peterman

Where does a Demon go when she gets deported from Hell?

Kentucky. Eden, Kentucky to be more specific—where nothing is exactly as it seems.

My name is Dixie. I'm a Demon—a lousy Demon. I'm a twenty-one year old virgin and I have a battery operated boyfriend. My magic is iffy at best and downright dangerous at worst. Leaving Hell to represent my race is not high on my list of things to do.

Hell was exact. Hell was simple. All I want to do is get to home base with the hotter than Hades Demon of my dreams and work on my dark side so Satan, my dad, will get off my ass.

Instead I end up in Kentucky looking for the Balance of Chaos, avoiding pole dancing classes with Mother Nature and finding out my invisible friend is a silver skinned destructive weather pattern.

And if that isn't craptastic enough, the damn Sword of Death is missing again and who ever has it wants the King of the Underworld dead. Seriously.

With new powers emerging daily, keeping my Demon side, horniness and general disgust under wraps doesn't make it any easier to fit in with the humans. Thankfully my priorities are in line; get laid...save world...try not to blow up kitchen appliances...and get laid again. I was ready to rumble.

All I want to do is go back to Hell, but with the balance of good and evil in my hands, I'm stuck in the garden of Eden. Oh well, what the Hell. Someone has to save the world before there's no world left to save. Might as well be me.

Yet another hit from Ms. Peterman. One-click away because I guarantee a bundle of laughs. Oh and the four baby Demons are back and they love bumbums (you'll see what I mean when you read the book)!

This is going to be a short review but that's mostly because ....you just have to buy and read the book because I'm not telling! Lol.

Satan's favourite daughter, Dixie (whom we met in the previous book), is back and has her very own story. I am pleased to say that she is not exactly the Dixie that we know but in a way she is. Yes, totally vague but please read above paragraph-I am not telling anyone anything! ;) Other favourite characters in this book- Satan (duh), Gigi aka Mother Nature (I heart her), Grandpa (I want to really hug him), The Kev (my krumecaca!), a very pregnant and unhappy Astrid (!!), to name a few. Some new additions and might I add pretty hot ones. Okay ONE really H.O.T addition-Hayden Black. Sigh....

Bottom line-read this book. Ms. Peterman has done it again so get ready for a hilarious, action-packed, sexy ride!!

One gripe-the story ended at 86% on my kindle and then there was a preview from another book. That is cheating and did not make me happy at all. The only reason I am not yelling and throwing my kindle across the room is because this book is still fantastic and managed to appease me.

P.S.: Love the hot sex scenes and the bumbum spanking! ;)

Marie's Tempting Reads Review:

Robyn Peterman does it again! She created another hilarious, fun, snarky romance that left me doubled over with laughter and just immensely pleased. With a Robyn Peterman book you can expect the unexpected, and that is just beyond awesome.

I really loved getting to know Dixie more through the third book in The Hot Damned Series. We first met her in book 2, Fashionably Dead Down Under and I just wanted so bad to be friends with her. She is surprisingly sweet for a Demon and has the kindest soul. I love her personality and her quirky ways and her friends are just as amazing and sweet, yet highly destructive. I loved watching Dixie flourish and fall in love with her soulmate and I so enjoyed watching her many adventures as her powers grow to amazing heights. I am absolutely in LUST with Hayden. I love the fact he has been waiting so long for Dixie and I just love how good he is to her. He is incredibly good looking and I found his cockiness hot. The scenes between Dixie and Hayden were beyond yummy! I found myself sighing dreamily and fanning myself. I could go on and on about the characters of Hell On Heels but I think I will stop before I totally give everything a way \*wink\*.

I can't tell you enough how much I loved this book and how much I am looking forward to the next book. I

am amazed with the creative juices that flow from Robyn Peterman. Her work is fun, sassy, snarky, and the characters unforgettable and the story imaginative and totally creative. Her Hot Damned books got so much humor and hysterical adventures that I nearly wet myself and had to stop a few times just to catch my breath. Yes, its THAT good! That is why I give Hell On Heels a whopping FIVE OUT OF FIVE STARS! If I could, I would give this a 10! If you like your paranormal romance with lots of laughs, plenty of adventure and sensual, sexy passion, then Hell On Heels is the book for you.

This is the third installment of the Hot Damned series and sweet little Dixie really grows up in this book. Robyn Peterman has outdone herself again and really delivered another amazing book. From the laughing out loud moments to the nail biting life or death ones, this book keeps you wanting more. I loved Hayden, Dixie's odd little family, and I always enjoy mother nature. Snarky romance at it's best, 5 out of 5 stars. I can't wait for book four!

Dixie isn't like most demons. She is nice, has a hard time being mean to others, she is a virgin, and is kind hearted. It burns her father up. Oh and her father is Satan, King of the Underworld. Her magic is iffy and hasn't come all the way in yet but they are coming soon. Her dad is sending her to earth to represent her race, in Eden, KY to be exact. She doesn't want to go. The demon of her dreams has been giving her attention and she wants to jump his bones. And what is it about him? But her duty must be done. She must find the Balance of Chaos and find the Sword of Death before someone tries to kill her father.

This series rocks!!! This book grabs you from the beginning and holds you the entire time. I picked it up and didn't put it back down. Robyn is such an amazing and talented author! I love her books! If you enjoy a good laugh and some action both in and out of the bedroom, then this book and whole series is for you!

Once again Robyn Peterman has given us a book full of twists, turns and tons of hilarious fun! As has come to be expected with Robyn's books there is plenty of humor. But as I've also come to expect, there is true character development and wisdom that comes from the journey she takes us on. I truly enjoyed reading Dixie's story and I can't wait for the next installment in this series!

I had no idea this was Dixie's book because I jumped into it without reading the blurb. Dixie is an unusual Demon and she was nervous about being deported from Hell. She is Satan's favorite daughter and leads a sheltered life. Dixie doesn't know her birth mother and no one answers her questions about this mystery.

I go to group therapy.

When you live in Hell and you're not considered to be evil enough, you have to do therapy.

Her therapy group volunteers to guard her on Earth.

Hayden Black was the boy of Dixie's dreams and she was always flustered around him. Hayden was patient, protective, funny and sweet.

“You scare the Hell out of me, Dixie, in the best way possible.”

“Don’t back away from me, Dixie,” his voice was soft. “Not now. Not like this.” He held his arms out to me.

I didn’t hesitate or even think. I ran right into his arms, the only place I ever wanted to be again.

Dixie needs to find the Balance of Chaos, the Sword of Death and her powers must appear before she runs into trouble. She learns about True Immortals and realizes that being away from her support system was a necessary evil.

It frustrated the Hell out of me that everything and everyone was so damn cryptic, but that was the way of the immortal world. I could learn or burn. I decided to learn.

Astrid and her adorable demons make an appearance, Gigi joins the party and Dixie goes on a quest that threatens her demonic existence.

This series is working out really well for me. We are introduced to new, powerful characters and all of them are hiding something. The world building is spectacular, the writing is snarky and clever.

### **Vicki says**

In the third installment of the Hot Damned series by the amazing Robyn Peterman, Satans youngest daughter, Dixie, heads to earth with her crazy group of protectors to pose as a college student and restore the Balance of Chaos to the world. Dixies book is a journey of self discovery. She has to learn who she is and what her role is on her own.

As is always the case with Robyn's books, I had so many moments where I was laughing out loud. But her

books also contain so much honesty and raw emotion. The love the characters have for one another is so real that it brings an honesty to the books that always leaves me wanting more. I cannot wait for the next book!

### **Eva says**

I absolutely LOVED this book. It was great reading about Dixie coming into her powers and discovering who she was to be. I enjoyed every chapter I read. Robyn Peterman outdid herself with this book and god it was well worth the wait, she didn't disappoint at all. I enjoyed both the new characters as well as reading about the ones we already know and love. Astrid as usual was funny as hell as well as her little demon eaters.

Another wonderful read from Peterman. This book focuses on Dixie, Astrid's cousin from hell. Little demon Dixie has to go to Earth on a mission from her father, Satan. Hilarity ensues when she takes her 3 misfit protectors to Eden Kentucky, and she starts to learn about her destiny.

Dixie gets deported from Hell and ends up in Kentucky to save the world. This is another totally messed up book from the warped mind of Robyn Peterman that will have you laughing non stop! I'm beginning to wonder about her.... I love Dixie and her extended fu@ked family and you will too! I can't wait to see what Robyn can think of next!
