## Law of the Mountain Man William W. Johnstone

Smoke Jensen had just ridden into the middle of the fiercest range war in years. He had to either choose sides or return home on the back of a horse. Jud Vale's cutthroats tried to push him around - but Smoke had never taken kindly to being bullied.

## From Reader Review Law of the Mountain Man for online ebook

### **Timothy Boyd says**

Very good western series. The story of Smoke Jensen, trained by the last of the mountain men as a boy. If you like men's adventure and westerns then you will enjoy the series. Recommended

---

### **Tori says**

Excellent plot - loved it!

---

### **Orville Welch says**

Good book, very enjoyable.

---

### **Cody Stow says**

If you like westerners, then the mountain man series is for you. William W. Johnstone brings his characters alive. Smoke Jensen is now one of my favorite characters.

---

### **LeeAnn says**

4 stars. Leave it to Smoke Jensen to head out on a little vacation trip and end up in the middle of a range war. But what do you expect from a man whose skill with a gun is legend, and not just on the pages of those dime novels folks young and old like to read? But this war isn't fiction and it has Smoke facing an opponent who isn't just dangerous, he's stark raving mad.

Full of classic Johnstone gun battles, fist fights, wicked villains, noble men you'd "ride the river with", spirited women ready to fight right alongside the men, and just to keep things from getting too dark, a hearty helping of humor. If you are in the mood for a good, old-fashioned shoot 'em up western, the Smoke Jensen (Mountain Man) series is an option worth trying.

---

### **Morris Edmonds says**

One of the best western writers of all!! The mountain men series will keep you reaching for the next book !!

---

## **Ric Piehl says**

I have read all of Johnstone's books in the last 7 years. He is the best

---

## **Violet says**

Another story of the invincible white knight, Smoke Jensen. Just like Hopalong Cassidy, Roy Rogers and Gene Autry, the good guy wins out and it is very entertaining. The bad guy was crazy and trying to build his own kingdom, similar to another book by the same author. But I like the addition of old mountain men and, in this story, the addition of youngsters and their sling shots. That was a nice touch.

I did have a problem with this pocket book, published by Kensington, in the actual production of the book. I counted more than five places where a sentence was not finished in the printing at the bottom of a page or the next page started in the middle of a sentence, or something similar. Since this is a book from our local library, I will show them the errors and let them decide what to do with it, if anything.

## **Daniel says**

### **Excellent**

Excellent book for anyone who loves a great western book. A must read for those that like the mountain man series.

---

## **Rob Smith says**

'Law of the Mountain Man' follows the trail of the four books in the series before it and tends to rehash most of those plots. Either Johnstone was trying to best the books before 'Law of...' or the publisher asked for more of the same. There are some definite differences and it's still a good book, but the fundamentals are way too similar. For someone reading just this book, the novel is very, very good.

The writing is very good as a whole, but there are some obvious missteps that even a bad editor should have caught. Seems to me that Johnstone found himself in the midst of starting this series along with pumping out other books in different genres and ran into trouble.

A huge gold star goes to Johnstone in having a ton of characters in this book and being able to discern who is who. Something I had trouble with in the book I read before this by Louis L'Amour.

I'll continue on from here and hope for better in that this series has continued from this 1989 book to now, 2013. I'm getting pessimistic, though.

---

## **Dick Dubay says**

### **Lots of action**

Lots of action and good story lines. I would recommend this to anyone that enjoys a great western. Very enjoyable.

---

## **joan k moore says**

**8bikini;;;;;John;;;;;;John;;;;;;John;;;;;;John;;;;;just;just:::husky yum!**

Every William Johnson that I have read has been a good read.  
Law of the Mountain Man was one of the best.

---

## **Kevin Jackson says**

### **Blazing guns.**

Another great story with Smoke Jensen. I don't think the proof reader did a very good job in this story. The story was great and full of action.

---

## **Shirl says**

Over the past four months I have been reading the Mountain Man series by William W. Johnstone. They are a throwback to the old west and come complete with rugged terrain, outlaws, Indians, and heroes. I enjoyed these books for the simple reason that I feel transported back to a simpler time when right was right, wrong was wrong, and there wasn't nearly so much gray. The reader gets to learn a lot about what it was like for the men and women who broke open the territory but especially we get to cheer on an old fashioned hero or two. You will enjoy this trip back to the mid 1800's and you'll willingly cheer for the good guys who are interesting and funny characters, and hate the villains. Enjoy!

### **Good Read!**

Really an excellent story and would have gotten five stars easy had it been edited better. Totally wrong words in several cases!

---
