Maddie's Recipe of Mysteries Emily Page

The sweet smell of success... a bitter dose of death! For baker Madeline McDougal, life is sweet, literally. As a bakery owner, Madeline spends her days baking a large variety of tasty treats. A skill passed down to her by her late Mother. Madeline's pastries are a hit with not just locals, but people from all across the country. But as of late... business has been waning. Yet everything changes when Madeline notices that the backdoor of her shop has been tampered with, and is led to an even more gruesome discovery. When the local police chief begins his investigation, Madeline becomes the prime suspect. Is she really a suspect? Or just a pawn in a dangerous game?

Jean Maggioncalda says

Good story

This was an interesting mystery that ended with a nice twist. I look forward to reading the next one in the series,

Kay (Brigidsmomma) Compton says

This was really good! A nice mystery, and a fun read. Maddie, the owner of the bake shop, discovers the body of an ex-employee and former friend near the dumpster behind her store. The local police chief, who is less than competent, decides that since the body was found by Maddie and she had a negative history with the victim, she is obviously the killer. He isn't interested in investigating, and is ready to throw the book at poor Maddie. Luckily, Maddie's granddaughter and her friend, both of whom have a legal background (she's in law school and he is already a lawyer) come to the rescue and get her out of jail before she is charged with anything. Maddie and the young couple then work to find the real killer, and set Maddie free. A cute story and a new series that I think I will enjoy.

Mary Schildman says

Almost

Good story line and really good characters that would give way to future stories. Way too quick ending, could have been stretched out. Its a bakery for crying out loud, where's the free recipes . Only took an hour to read this book. I want a book to entertain me for hours.

Vykki says

A great cozy mystery the story kept you reading and the characters were great.

ChrisGA says

Light and cozy mystery

Chrys Matthews says

A fun read.

Very well written and executed. A quick read for a day off or at the beach. Well worth the time to read.

Tere Fredericks says

I Must Have Missed

Where this is a novella. I had it set to read on my return from Boston to Springfield (about 1 1/2 hours). I was barely out of Boston proper (yes, on a bus!) before I was done. No cuddly cops, indeed only a cranky police chief) barely any mention of the critter, and a pretty obvious evildoer. Cute story, much too short.

Jane Love says

Maddie finds her rival Emma whom she had not seen or spoken to for 2yrs dead behind her shop but who would it, will Maddie and Kyle and her granddaughter find the truth

Patricia A. Bryant says

Another good book

This was an easy, good read that is well written. I would recommend all mystery books written by Emily Page to everyone. Enjoy

Sharon Samms says

Book 1 of "A Rockcrest Cove" Series

I chose 5 stars because I really enjoyed this book. The characters were not only believable, but I felt like the "good guys" were the type of people who I'd actually be friends with if they were real people. It took me a while before I figured out who the killer was and by the time I did, I was almost finished with the book! If you like books by Leighann Dobbs, I think you'll also like any of Emily Page's books as well. Enjoy! I look forward to reading your reviews!

Carrie says

I have mixed feelings about this book/series. I did enjoy the actual story and the characters. But I had a hard time with the way it read. Sometimes you couldn't tell who was speaking and had to rewind to connect the comment with the person saying it. Also the picture of the main character maddie on all the covers of these books shows a young brunette girl in her 20's maybe 30's yet she is supposed to be a grandma. Bailey her

granddaughter is old enough to be in college, meaning maddie should at the youngest be in her 50's. This just messes with your head.

Charlene Davis says

Cute cute cute

Its an afternoon or couple hour read but it's very good and the main character is adorable. I use text to speech which takes longer than if I read it but my eyes hurt often. Anyway even listening only took a few hours. Relaxing book.

Shannon Binegar-Foster says

This is the first book I have read by Emily. I really enjoyed it. I totally picked the wrong killer. I hope there are many more books in the series.
