Seeing the Unseen: A Daily Dose of Eternal Perspective Randy Alcorn

Reach through the fog of this life...and see the world beyond. From the author of the bestselling book Heaven, here are 60 meditations that will inspire you to live each day with an eternal perspective. Spiritually speaking, we live in the Country of the Blind. Sin has blinded us to the truth about God and Heaven, both of which are real yet unseen. But just as the physically blind must accept by faith there are stars in the sky, we must remind ourselves what Scripture tells us about eternal realities. In daily doses, author Randy Alcorn offers insights on the Christian life along with Scriptures and inspirational quotes that can transform the way you think and live today. It's time to open your eyes--and see the unseen.

A 60 day devotional that recalibrates your heart to what really matters - the eternal stuff.

This book was a bit of a challenge to me. Normally I like Randy Alcorn, and don't get me wrong, I did here too, but it still felt off to me somehow. Maybe it's my questioning of some of the pet peeves of Western and American Christianity I don't feel is entirely biblical at times. Note: I mean cultural issues, not theological ones. I am mostly evangelical/Reformed (if I can ever understand the term "Reformed" enough to decide which I am) ;).

The other problem I had was that Alcorn in most of his books is more into theological discussions, while here he was basically giving us short little sermonettes, with very little introspection about any issues. What if someone makes a mistake? What about the nuances of non-doctrinal issues? What if one is struggling. Alcorn seems to communicate a message almost of saying "suck it up and serve God". Not as good by far as his books on Heaven and *If God Is Good*.

Despite the above, I did enjoy the reminders that Alcorn gives readers to serve God, and to think of the future. I think he has hit the nail on the head that we think too much entirely of the here and now, but not nearly enough of our eternal home in Heaven, if we know Christ.

So the above and other reminders are good and edified me muchly, but at the same time, the quality wasn't as good as his other books, so it isn't quite as good as said books. It was a good read with my daily devotions though.

Rating: 3.5 Stars.

A daily dose of Heaven!

So good to be reminded daily of a Christian's final home. I loved Randy's insights, and the ability in this ebook to link with his blogposts on similar topics.

I won this book through a GoodReads Giveaway, and I'm glad I had the opportunity to read it. I had mixed feelings about this book when I finished reading it. Not being a Christian myself, I enjoy reading

perspectives on all religions and using them to help clarify my own world view.

I think this would be a great daily "journal entry" reminder for Christians who share the author's beliefs. The segments are short and sweet and are interspersed both with quotes from scripture and quotes from famous world leaders, movers, and shakers.

I did feel that most of the opinions were directed specifically at those people sharing this perspective. If you don't share these opinions, therefore, venture into this book with an open mind.

Great devotional

Great daily devotional. The verses included contribute not just to a better understanding of the Bible, but also regarding how we should live our lives on a day to day basis.

Keep your eyes on things above

Great book! I read this as a daily devotional. It definitely served its purpose for me: keeping my eyes on my heavenly home and not on things that will pass away. I liked the links at the end of each reading leading to Randy's blog post touching on the same subject as the book chapter.

Book Review: Seeing The Unseen: A Daily Dose Of Eternal Perspective

By: Randy Alcorn

Great read for all Christians and believers of Jesus Christ & the heavenly father. The scripture interpretations are easy to understand and follow. The author, Randy Alcorn makes great sense with his view points. A great eye opener for the spiritually in tune :-) This book also brings about great hope and a new perspective to those new to the light of Jesus Christ.

I received a free copy of this book in exchange for an honest review. The book came at the perfect time! This short book offers 60 devotionals that remind us to set our affections on eternal things... the only things that will matter when we die. I love that Alcorn presents various Scriptures and also quotes from famous Christian authors, preachers, theologians, etc. I was encouraged through the reading of this book and plan to pass it along to a family member. Thanks, Randy!

This is a devotional by Randy Alcorn. I loved it SO MUCH that I couldn't just read one entry a day. I had to keep reading it. Randy Alcorn is one of my FAVORITE authors (and teachers).

Debra Torgerson says**Could not finish.**

I tried to keep reading but could not. I have enjoyed Mr. Alcorn's fiction books. But as I am in a different place in my walk with Christ I couldn't keep reading this devotional. God is Good always, God is love Always. He wants us to have an abundant life He loves all of us unconditionally. He doesn't give us sickness for any reason. How can we believe God for healing, provision, protection, etc if we think He caused our circumstance and if He gave us poverty, sickness, accidents then why are we trying to fix it all and avoid it all. So I would not recommend this book. I read up to day 45 .

Tom says**Helpful, approachable**

I really enjoyed this 60 day devotional. Each entry was short, thought provoking and thoroughly scriptural. I highly recommend it.

Excellent addition to ones daily time with God

These are not lengthy, but have great reflective power. Do not rush. Take the 60 days to absorb it's truths about what is important. You will be glad you did.

James Groenestein says

It's taken me way too long to read this book, but I've finally finished it.

Some great and meaningful words
