**The Naked Laird** Sally MacKenzie

**Lords and Ladies can make strange bedfellows. . .**

The viscount's house party promises to be one of the season's highlights, and Lord and Lady Kilgorn are delighted to attend. If only the long-estranged couple had realized they were both invited—and assigned to the same bedchamber. . .

Lady Kilgorn did not travel miles from her comfortable home to share a too-small room with the handsome Scottish scoundrel she'd married far too young—and far too eagerly!

And the last thing Lord Kilgorn needs is to be teased by the sight of his ever more beautiful wife! But as the weekend progresses, the pair will discover there are some fires even time cannot put out. . .

Previously appeared in the anthology *Lords of Desire*.

### **Maura says**

What a cute story. Ian and Nell have been separated for 10 years after Nell suffered a miscarriage and in his youth and inability to understand her grief, Ian was somewhat insensitive. Bitterness, grief and anger ensue and next thing we know they find themselves sharing a room at a house party having not seen one another in 10 years. Both characters, although stubborn, were very likeable and it is very clear that they still love each other. The ending was a bit too quick with them wrapping things up and I didn't much care for the fact that Ian got away with his multiple infidelities and never even apologized for it. Especially in light of the fact that Nell had been faithful and had just apologized for her part in their separation. I think the discussion should have been drawn out a lot more. Still, all in all a very entertaining and sweet romance story.

I love Sally's humor mixed with her stories. This is in the middle of the house party going on within the Naked Nobility series. The estranged husband and wife of 10 years being forced to share a room. Will they finally call it quits or fix what's broken?

### **Tiny Shen ??? says**

Ceritanya biasa aja sih, konfliknya tertunda 10 tahun penyelesaiannya..

#### **Simple Delight**

I confess I've read all of the previous books in this series. They are like a breath of fresh air. Light, entertaining romance. Morton's elderly aunt is always conniving in the name of love. The tale is shorter and the plot simpler than the other novels but it's still a fun quick read.

The Naked Series never disappoints!

**Mary says**

I really, really didn't Lord Kilgorn. I understand that he's an alpha male who doesn't show emotions, even if he had any, and I understand that Lady Kilgorn shut him out of her bedroom, but I hated that he cheated on his wife after she miscarried, never tried to console her, thought having another baby immediately would replace the one she lost, and I most hated that it was OK for him to cheat, but G-d forbid that he thought she did the same.... and for him to use the "tricks" his mistresses taught him, but when she tried something new, he went ballistic thinking she'd learned it from one of her "lovers".

I also get really frustrated with the "period" slang that is used in all of her books. It gets to be too much!

That said, I liked the way the reconciliation was handled, with both admitting fault.

**Alice says****Lovely Short Romance**

Lord and Lady Kilgorn have been separated for ten years. They unexpectedly attend the same house party and are expected to share the same bedroom. Misunderstandings, emotions and some manipulations by friends lead to the conclusion. Nice with a simple plot.

I enjoyed reading.

**Lily says**

Light and quick read.

---

**Cathy Dunlop says**

Short but fun I really like this series of books by S MacKenzie. The main characters of this story Nell and Ian have been kept apart for ten years due to an early tragedy in their marriage. Neither of them handled the

situation right and now others have conspired to get them back together.

### **Pamela Shropshire says**

Sweet, emotional novella that takes place at the same house party as *The Naked Baron*, and details the reconciliation of Lord and Lady Kilgorn.

### **Ana Bella says**

Como siempre esta autora sabe como hacerme reír, y llorar a la vez. Es la historia de Nell y de Ian, a los cuales los sufrimientos de la vida los separó. Han pasado 10 años y se reencuentran en una fiesta donde tienen que compartir habitación. En esos días los dos tendrán que limar asperezas y decidir si seguir o abandonar. Ha sido un relato que he disfrutado bastante. No os lo podéis perder.

### **Beth says**

Short and cute.

### **Hortensia says**

Una corta novela, precuela en la serie "Nobleza al desnudo". Algo divertida y amena, me gustó la historia, y me encantó el final, porque hubo mucha emoción entre los protagonistas. Espero que las demás de la serie sean por el estilo.
