And I thought Monae had issues!!!!

This was a really good story line , I would of never expected it to be Angel she was or always apostates to be

the weak link. I'm glad Ky didn't die he was always the funny one in the crew, now the girls are all about to have babies.. Do I see a part 5 in the future...hmm

Our favorite couple Law and Honey are back with all their crazy friends. Very good ending to a great series and I hate it's the end of these characters. Once you think all the drama they've encountered is over, here's something else from the person you least expected. Glad they were able to overcome this last bit of drama and everyone had their happily ever after and then some. Loved how all the characters continued to come together and show loyalty and love for each other. All I can say is this one one really great series and I highly recommend it, you won't be disappointed. And welcome back KY Jelly... Awesome job Kelly Marie, can't wait to see what's next from you...

Great series

I really did love this series. The women in this book is what you really call BOSS ICHEs. They were really true friends and stood by their men. Tasha was my girl with her crazy self. This book will make you laugh and cry. This is a must read series.

Awwwww

I just love honey and law. My heart hurt for KY though. Angel good riddance. Ricky and Sydney too funny. Tasha and chase hilarious. I'm kinda sad to see them end. Maybe we can get another story about them.

Great Series

Angel was a psychotic female! To nurse KY back to health & make him believe his family tried killing him and taking over his life, is beyond crazy. All because she couldn't have Ky-Mani. I'm glad KY found out the truth & things got back right with he & his family. This was an amazing read.

Banging 5 star Series

This series was a straight banger. I love me some Law. Him and Honey are made for each other. All the couples went through it. All because of Law crazy baby mamas. I'm glad that Ky was able to get his memory back and remember his family before killing them. Will definitely recommend reading this series.

Good read!!

Very good ending to this series! Loved all of their relationships. I'm trying to see what spin-off I would love to read about. Probably Syd & Drake...

Michele says

Great ending to a great story

Kelly you did that. I loved this story from the first time I picked up the first part. Crazy is as crazy does, that damn Angel. Your writing style is truly great.

Candace McCracken says

Great Series

Talk about A PAGE TURNER

I love the way each character had their own chapter which allowed me to get to know them outside of the crew, especially Tasha.. Omgawd talk about crazy (in a fun loving way).

All in all I loved the storyline, all the characters and the ties that binded.. Thanks for such a great series

Sonia Smith says

"It's so amazing to be loved...

All 4 books was just simply amazing... I waited before I commented. I love a book that tells a great love story Ky'Mani and Honey are just that; they loved from their soul. The friends and family were a bonus, but the craziest of all Monae, Angel and Jerome. These 3 were just stupid as stupid gets, but all in all it was funny, loving, surprising and a really great read. Keep them coming
