Traitor Chris Bradford

Top bodyguard recruit Charley hunts down a rock star-obsessed stalker in this pulse-pounding finale to the mission she began in book 7. Perfect for fans of Alex Rider, *Tom Clancy's The Division*, and James Bond.

Ash Wild is the most successful teen rockstar in history. Millions of fans adore him. But one fanatic wants him dead.

Having been tasked to protect Ash in Bodyguard book 7, Charley Hunter, an inexperienced bodyguard on her first mission, learns the hard way that it's no simple task keeping up with the demands of a celebrity. Yet she is all that stands between him and the business end of a gun . . . and fame makes for an easy target. Can she spot a killer in a crowd of 50,000 screaming fans?

Combining pulse-pounding action, diabolical enemies, and an insider's knowledge of the tricks of the trade, this prequel story in the BODYGUARD series is the perfect target for fans of Alex Rider, James Bond, Jack Bauer, and Jason Bourne.

Janet Riegel says

What an excitng ending to another Bodyguard book. I am a big thril of Vince Flynn and Brad Thor. Has the same adrenaline rush as those book have !

Maria Kiguthi says

Charley is a bodyguard for Ash Wild as he is touring. I found the plot engaging and the relationship between Ash and Charley fun to follow. I was surprised in the last few chapters, but no spoilers from me.

I received a copy through GoodReads FirstReads.

The Brothers says

[Did not expect Big T to betray them. (hide spoiler)]

Ms. Yingling says

After attacks in Pittsburgh and Columbus, Ohio, the security team is on high alert. Every venue is potentially fatal; every fan a potential assassin. Charley has her hands full, since Ash doesn't fully understand the peril he is in. It doesn't help that there is an overly zealous fan, Pete, who has altered his appearance to look as much like Ash as possible and is following the tour. Is he the threat? As more and more near misses occur-- aggressive paparazzi, a hotel fire-- everyone seems to be a suspect. The Guardian's tech people are brought in, and Charley escapes a fatal beating when they alert her to the presence of the cell phone that has been making the threats-- it's right next to her, under a concert stage! Since the potential killer knows how close Charley is, the threats escalate. Even though she is doing her best, it's almost impossible for Charley to keep Ash completely safe. It doesn't help that she is afraid she is becoming emotionally involved with the rock star. After several more harrowing episodes, it emerges that there are many people out to get Ash. Can they all be stopped before Ash's career, and possibly his life, is ended?

Strengths: The brief overview at the beginning of the book isn't really necessary, because I can't see readers waiting more than a day or two before plunging head first into this second book! This book certainly tests all of Charley's many skills, and even the romance aspect is handled from her main job as a security expert. Weaknesses: The many twists do get to be a little bit unbelievable. And boo! I knew what was going to happen to Charlie, but it still made me sad.

What I really think: Definitely purchasing this entire series in a prebind. Excellent choice for gifts for young readers, and I appreciate that these two books can be read outside of the main series. Caveat: Don't just buy book one! The second is a direct continuation of the story, and if avid readers don't have it, there will be

complaints!
