## Trigun Maximum Volume 14: Mind Games Yasuhiro Nightow

Fourteen volumes, almost three-thousand pages, an internationally popular anime, and one of the most recognizable characters in the genre: this is the saga of Vash the Stampede. For the past decade, Trigun Maximum has pollinated the manga medium and now permeates the otaku culture worldwide. Now, join Dark Horse Manga as they celebrate the amazing conclusion to this epic tale. Running and gunning Vash keeps his trademark wits and savvy fully loaded with both barrels blazing as his enemies draw nearer and his friends hang dangerously in the balance. As the sun sets on this climactic final fight, will it be happy trails for Vash or will it end in a blaze of bullet-riddled glory?

## From Reader Review Trigun Maximum Volume 14: Mind Games for online ebook

### Zach Sparks says

So. Big Battle. Epic Finish. Bad guy brought to justice. Right? Nope. Vash and Knives fight it out among themselves as humanity struggles to reconnect with the plants by literally plugging them in to life support systems and trying to communicate good will. V and K nearly knock each other out and Knives drags Vash's butt to a remote former monastery to recover. Vash wakes up and Knives is gone leaving Vash to do what? That's right, run from the forces from the Earth, the Gunsmoke military, and every bounty hunter on the planet just like he has always done. This isn't very much of an ending because, after 14+ volumes, we have managed to resolve nothing. Meryl and Millie are now reporters and they help contribute to the overall cheesiness of the ending. Just... if this wasn't the last book in the series, I would have quit here anyway because it just got too ridiculous.

---

### Israel says

No sé porqué esperaba un final menos feliz. (pero me gustó) ---

---

-- I do not know why but I expect less happy ending. (but I liked it)

---

### Sara says

[ I'll be honest, ever since I found out about the black hair thing, I

---

### Nura says

Kuciwa.... masa gitu doang endingnya? Udh nunggu lama banget... tapi judul bab terakhirnya puitis banget: Lagu yang tak pernah berakhir. huhuhu... mellow... I'm gonna miss you, vash. By the way, you look handsome when turn to black :p

---

### Miss Ryoko says

AAAAAAHHH!!!! I was not expecting this ending! Pretty much every reason I love Vash is present in this volume. He's amazing! I'm sad Trigun is over but very pleased with the ending! I was smiling a lot more than I was expecting.

Even though the series is over, my love for Vash will continue on forever

---

### **Jennifer says**

This review stands in for the whole series, which starts in the same place as the anime, but departs about two-thirds of the way through and ends up adding some interesting additional plot wrinkles and characters. Suffers from the usual "WTF is going on here?" of many epic world-conflict manga, but the characters keep the story grounded and engaging.

### **emily\_oriley says**

For a series that I barely understood, I loved it! Much more serious and waaaay more bloody than the anime, this actually provides a bit of a better understanding of all the characters' motivations -particularly Knives (also explains his name which bugged the heck outta me the whole anime). The dialogue is difficult to comprehend most of the time and in the end I was left with only a very basic understanding of the conclusion but all in all -if you don't mind a few headache moments of WTF -a very enjoyable series.

### **Gabriela says**

Bueeeeeeno...

Esperaba mucho más de este último tomo, aunque con todo me ha gustado. Disfruté mucho toda la historia y tal vez me vea el anime.

Puntuación general de la serie: 4/5 Estrellas.

---

### **Yvensong says**

Overall, this was not my favorite Manga. I loved the Anime based on the Manga a lot more. The Manga suffered from not being as coherent, for me. The gun action scenes, which there are LOTS, can be confusing. It can be difficult to determine who thought and speech bubbles belong to. The story-line is interesting, though, which kept me reading through the whole series.

This volume is the final in this series, and the final battle between Vash the Stampede and Knives. Without giving away too much, I think the ending worked for the direction the story-line between the two was heading in.

---

### **Krystl Louwagie says**

Sigh, the Trigun manga is done...it ended on a much more uplifting note than I thought. But sadly, no Wolfwood, so how could it be that uplifting? ;)

Out of all the anime series to be re-made, this one needs to be. It needs to be longer, and, honestly, I understood the anime better than I do the manga, so I need it to fully get everything. The fighting scenes

confuse the hell out of me, and there's a lot of them. Still, I found this last volume easier to understand than Vol. 13. And while it really wasn't all that great, the art is just so beautiful, and my love for the series so large, that I can't bare to give the last volume anything less.

### **Dallen Malna says**

Ever start a paper and it's pure gold and you have all these amazing ideas? But then it's 1 am and you're just trying to make sure what you're putting down is still English and hoping it somehow resembles the brilliant idea you had at the start...or that it's even the same paper? That is this ending.
