Twisted Minds Keta Kendric

Megan

How in the hell did I end up here; on a heavily-wooded road in the middle of a racist county, all alone with nothing but my twisted mind for protection? After convincing the August Knights Motorcycle Club to allow me to work off a debt my sister owed them, I found myself in the middle of madness and mayhem. I should've known that this was what life inside this dangerous club would be like, right?

Aaron

How the hell did I end up here? I was face to face and chest to chest with the one woman I was forbidden to touch.

Strange, sexy, inexplicitly delicious, and just downright twisted events started to unfold when I meet Megan. I can't figure her out, but there is one thing she can't hide- her attraction to me. When Megan wiggles her way into my life, I discover that her quiet, good-girl persona is a cloak she uses to hide the twisted mind she harbors. A mind just as bent as mine.

*** WARNING ***

This book contains strong violence and sexual content and is intended for adults. If you are easily offended or squeamish about harsh or demeaning language, murder, and violence, this may not be the book for you.

Lyn says

Is it possible to feel like a story was rushed even though it doesn't seem like anything much was happening? That's how I feel about this story.

Megan, a black lady, walks into a racist motorcycle club and says "Hey, my drug addicted sister owes you money. I want to pay off her debt by being your maid".

The club president says, "Okay, for 30 days you'll be the maid" to the member he says, "Nobody can fuck the black lady."

Half way through the 30 days, Megan meets the president's son, Aaron. He has a 10-inch dick. They find each other irresistible and fuck a lot.

Okay, so that's not exactly how it went down, but that's the gist of it. There were, of course, some violent scenes. Megan is pretty badass. She says she's twisted because violence doesn't faze her. She is, by no means, a damsel in distress. Megan imo was the best part of the story.

I'm hoping the next two books in the series offers more substance.

Nile Princess says

This trope - (ex) White Supremacist, Nationalist, sympathizer / Black woman is one of my favorite guilty pleasures. I know. I know. Given the current political climate they've become a lot harder to enjoy, and they've taken a bit of a back burner on my reading list, but I stumbled upon this one and decided to give it a go. I enjoyed it, and am anxiously awaiting Book 2. That's right, the story doesn't end here; you have to read on for the HEA.

For a debut novel, this was pretty impressive. I had my issues, and didn't really settle into the plausibility of the story until right at the 50% mark but, after that, it was smooth sailing.

Megan goes to the August Knights motorcycle club to petition Shark, the MC President, to work off her sister's drug debt. I've seen this storyline before and I always have problems with it, especially given the fact that Megan is a black woman and this is a racist, redneck MC. The author does her best to set up a backstory, that Megan has let investigators know she's there so they can't just kill her, and that the club President is amused that she's 'crazy' and heck, why not just have their own personal maid/slave for a month...but it doesn't really work for me. I really see no reason why Shark would agree to this, given that he really had no way of knowing she wasn't a plant even though he confirmed that yes, her sister is in rehab, and yes, she does write books. I think the Feds could pull those two things off. So, we start off with me already giving this whole scenario the side eye. There is some passing mention of Shark finding her attractive and you get the sense that his strict orders that no one have sex with her, is because it would be bad form to him to take a taste himself. I wish he had been the one to mention her physical features, because Megan being the one to go on about her nice ass and breasts while in the middle of the situation she was in, was making me give this whole thing side eye #2.

Then, Aaron returns. Aaron is Shark's son and Vice Chairman/Enforcer. He'd been out on a job and is now back after two weeks, wondering why the hell there is a black woman serving food to the club members. Long story short, Megan is given to him to clean his house to compensate him for money owed to him by his cousin, and then it's places, people! Cause we're cooking with gas!

Aaron is not his father and the author takes pains to show that he is dissatisfied with MC life, and thinks most of them are a bunch of ignorant knuckleheads. He doesn't have some archaic view on race, though he's not exactly joining the NAACP. His thing is 'you respect me and stay out of my way, and I'll respect you'. But man, is he attracted to Megan and the curvy body she's trying to hide under her loose fitting clothes. Again, the build up here is a little clunky with much being made of Megan being 'crazy' and liking to walk on the wild side so we don't question her reasons for falling for a big, 'racist biker'. I felt it was a bit of a copout ie. telling and not showing. I did like that Aaron was big on consent, and that his stir craziness over his attraction to Megan was well done, and well documented. Once they were locked and loaded, I was fully engaged and really started to enjoy the story.

The sex - yes, yes, lawd and sweet, baby Jesus! Aaron was laying that pipe like he worked for the union. I was not mad at Megan AT ALL. Megan was a strong heroine and not one of these other silly types that get on my damn nerves. She was ride or die and, when placed in a precarious situation where she had to step up, she did the damn thing.

The 'ending' was fitting, and I didn't so much feel it ended on a cliffhanger, as it closed a certain chapter and prepared you for the next. Be warned, there is no HEA here; you have to wait for Book 2.

There are some funny moments - the scene with the black guys at 'The Mart', and Shark calling Megan every other 'M' name but the one her mama gave her.

Editing is very well done.

Warnings - you have to have an affinity for this type of book. The original scenario is offensive, the racist language, the whole servitude to work off the debt thing, and like I said, Megan's initial reaction to both Shark and Aaron will have you going, 'Say what??' The whole maid/slave cleaning bit had something raise up in me hard, and I struggled in the beginning. As for the author's warnings, violence, murder etc avoid if these are triggers for you. For me, it's right up my alley and I almost broke a nail rushing to hit the 'read for free' button.

Final answer - this was an enjoyable book, with a bit of a clunky start, that evens out midway. For a debut novel I was very impressed, especially because the author takes care to avoid many of the pitfalls of much more seasoned authors in this trope.

I give an A for effort, and very much look forward to Aaron going to get his woman!

Bennita says

3 1/2 stars

First off, Aaron was extremely sexy, obscenely dominant and hella hot! This man literally threw the h over his shoulder and had his way with her. The sex scenes were great but the relationship development needed

work. I didn't connect with Megan the entire story. She didn't have much dialogue or personality. I couldn't figure out why she behaved the way she did and I didn't really feel her connection to Aaron either. The only part of the book that she actually caught my attention was the last page.

?Meme?Reads love? says

[**Warning Warning** there is one hell of a cliffhanger but I am excited to read the next book (hide spoiler)]

Zandra says

Just so cheesy!

I so wanted to like this book more, but it reads like Sons of Anarchy fanfic at best. And seriously, why did every man want her so badly? I'm all for being confident, but this was just weird. Also, Aaron was a very one-dimensional character. He is also very clumsy when he's horny. He also knows how to unbutton a shirt, but not undo his cuffs. So strange. Even more strange is that I'll ready book 2.

***Dee's Reading Time Matters says**

If you love reading gritty and fast-paced MC books that are memorable with lots of twists and turns and pulsating sexual chemistry, then read Twisted Minds by a great new author, Keta Kendric! Aaron and Megan will keep your attention throughout this story... but Megan is holding back a lot of ... secrets. Really looking forward into them being revealed in Kendric's next book.

5 fast-paced stars *****

Gina says

Good book need part 2 like now!!!

Rosie J. says

Buy It! Read It! Wow ... just wow. This book was so good.

Megan wants to settle her sister's debt to a couple of MC members in order to save her life, so she puts herself at risk by driving to their compound and asking to speak to the MC President. It's Klan County, so everybody thinks she's an apparition, because no way would ANY black person be dumb enough to seek them out or *is she just crazy?*!

"None of the men voiced an opinion. Some shrugged. A few irritated grunts sounded, and a few heads nodded uncaringly. One stared at my face with wide unblinking eyes like I was a unicorn."

WARNING: Ends on a cliffhanger. Offensive language, graphic sex and violence. **A little birdie told me that Book 2 has been written and is scheduled to be released on December 23.**

Twisted Hearts (Book 2) Synopsis - RELEASE DATE: December 23

Megan:

How the hell did he do it? Aaron had messed with my mind and twisted up my heart, but my body had never been so splendidly ravaged.

Stepping away from the August Knights Motor Cycle Club was easy, but leaving Aaron was killing me. Was it crazy for me to want to subject myself to the madness that the group stood for just because I couldn't shake Aaron's hold on me? But, I couldn't go back. I had to consider his safety. I couldn't allow my twisted past to go crashing into the turbulent life he led.

Aaron:

How the hell did she do it? Megan had cracked my chest open and filled it with crippling emotions that I couldn't shake.

Letting Megan go wasn't easy. Was it crazy of me to go chasing her after we'd agreed it was time to let go? I had to find her. My infatuation with her didn't leave me any other options. In my quest to find her, I had discovered that Megan had secrets, deep dark ones that I could have figured out if I hadn't gotten distracted. When I find her, I was going to make her tell me what she was hiding in that twisted mind of hers—or else.

Sammie Shorter says**Frustrated**

I wish this book was advertised as part one, because if I'd known I wouldn't have read it. This was my first read by this author and enjoyed the story. I seriously dislike authors who hack the story in multiple parts when one would suffice. I doubt I'll be reading Twisted Hearts, the next installment.

Flip says**I need more!!!!**

Holy smokes this book was so good. I need book 2 to come out like real soon. Aaron and Megan are two nutters but had some really steamy scenes together it reminds me of that show "Sons of Anarchy" but with BWWM couple. I really enjoyed this book and I think many of you will also have a good time as well. They only thing I would change is I wish the book was longer but that's my only problem, other than that I'm fine!!!!

Paganalexandria says

There were things I loved, and hated about this book. In general I have a side-eye for the "racists in love" trope that has become a thing in interracial romance of late. For that reason I want to go in on this, but the execution was done too well. I was begrudgingly all the way in for the ride the writer took me on. It helps that I am so thirsty for great biker reads in this subgenre. The ending is bit "to be continued" without being completely cliffhanger-y.

JESSICA says

*First off, I don't like reading racist interracial romance books. But damn I'm really glad I stepped out of my comfort zone because this book right here (is frickin' bloody amazing) Holy shit! I was completely immersed in this book, I couldn't put it down and I didn't want to stop reading until the end. Mrs. Keta Kendric; {Applauding You!} Loved Megan's character (one strong bad ass, chica) could I have done what she did? Hell To The Frickin No! I would have been like, "What Sister?!?" And Aaron - *Sigh* I'm in love with Aaron. My goodness! I have no words! But all I know is, when Megan and Aaron come together (Their Chemistry Was Through The Roof) I truly hate there is a major cliffhanger, though! Because that ending, WTF?!? Girl, I need book #2, like right now! Can't leave a girl hangin! Lol.*

Would I Recommend This Book? Hell Yes! Highly Recommended This Dark Interracial "MC" Romance.

My "2" Favorite Quotes:

- "Do I need to repeat the part about not fucking her? From what I hear, black pussy makes white men do strange shit!"*
- "It was funny how these people claimed to hate blacks, but the moment they saw an African-American woman that piqued their interest, they'd lose their fucking minds."*

Justine L2r says

First, let me say that it is a well written book. I simply however could not abide some things that made this not work for me:

The use of the N word

One of the reasons why I will not travel further south than DC, is that people down there don't seem to understand slavery done. Aspects of this book brought back all the negatives that I have heard about the South.

100sweet says

This book was smoking HOT! WOW, WOW, WOW! Great story! This author is a serious talent. I'm jumping into the next book immediately.
