## Ya nada es igual Lisa De Jong

Siempre he dejado que el pasado dicte mi futuro, que cree una imagen falsa de lo que no soy y me arrastre hacia donde no quiero ir.

Drake Chambers es tan arrogante y cabezota como yo. Al ser quarterback en el equipo de la universidad, una estrella nacional, creí que solo era uno más de esos chicos... de los que toda chica en su sano juicio debería huir. Pero no solo lleva el peso del fútbol sobre los hombros. Y ha descifrado los sentimientos y creencias a los que tanto tiempo me he aferrado.

Creí que lo teníamos todo solucionado. Dos personas que se quieren y que han encontrado, por fin, su final feliz, pero el pasado siempre busca la manera de colarse en el presente... y de estropearlo todo.

Porque, a veces, una simple decisión te cambia la vida... para siempre. Y ya nada vuelve a ser igual.

### Consuelo says

2.5 Nada que ver con Cada vez que llueve, no en tema , nada que ver en hacer sentir, en personajes, historia en si....parece que la autora sea otra...demasiadas expectativas

---

### Blair says

*4.25 stars*

I really liked this book.  
The epilogue was beautiful !!

---

### Lisa De Jong says

On Sale for 99 cents!

Amazon: <http://www.amazon.com/Changing-Foreve...>

---

### Dilinna says

My kind of book but with a case of overexaggeration of situations, annoying hero that does not knw what he wants...i wanted to punch him alot of times! Alot of discrepancies with the same events that happened in After it rains and this one. I loved the heroine so much...she was totally my kind of girl...she really took alot from the hero though but gave him a hard time from time to time which was good. All in all i enjoyed it. Lovely epilogue!!

---

### Juan Vorágine says

Llevaba las expectativas altas con este libro, ya que había leído muy buenas críticas de su autora, pero ha conseguido superar con creces mis expectativas. Os encontraréis con una historia de amor única y un giro en la trama que os sorprenderá. Espero que el tercer libro de esta serie llegue a nuestro país, y si puede ser cuanto antes, mejor.

## **Ms. Brandon says**

La historia de Kate dejó el listón demasiado alto, soy sensible por naturaleza, pero solo dos veces he llorado tanto con un libro como lo hice con "Cada vez que llueve" (la otra fue con "El jinete de bronce"). En este segundo libro de la serie supongo que esperaba un grado parecido de intensidad y no lo he encontrado. La historia de Emery y Drake es una historia bonita, pero se queda ahí, en una historia bonita más.

---

## **Viri says**

Para nada lo que esperaba.

La personalidad de los protagonistas totalmente inverosímil.

Historia llena de clichés. (De los malos)

Actitudes bobas e ilógicas.

Insta-love Insta-hate Insta-lust

Narrativa normalita sin más.

Aburrido.

Ufff, no me gustó y eso que el principio pintaba para más.

No creo que vuelva a probar con la autora.

## **Arlene says**

*Two different people.*

*Two different worlds.*

*Two different dreams.*

Wow! What an emotional rollacoster that was! I knew I wanted to dive into Drake Chambers and Emery White's story when I got a glimpse of their tumultuous relationship in **After the Rain**. There was a significant reveal in that book that something went horribly wrong with these two, so I immediately jumped into their novel **Changing Forever**, and I finished it too quickly! This book was filled with raw emotion, definite chemistry and heart break all around. Exactly what I've been in the mood for lately.

Drake is Southern Iowa State's star quarterback. He has a broken past and knows that the only way he can give his mom and two sisters any chance at a good life is if he lands a pro-football contract after college. School comes in second when it comes to his primary focus revolving around his football dreams. However, when he meets Emery, who is attending the university on a full-ride academic scholarship, he begins to question what part of that dream really makes him happy. When they are paired up to complete a project in one of their classes, their relationship is anything but easy.

After constant starts and stops because of Drake's hesitations and Emery's solid walls of protection, they finally give in to their feelings and realize that their romance is explosive.

*...when you take goodness, add fire and gasoline, it fucking burns...*

What ensues is a heated relationship that's filled with emotional moments, tragic reveals and a crash landing that leaves them both broken and lost.

Overall, I loved Drake and Emery's story. There were so many moments that I hoped Emery would just walk away, and that baffled me because I really liked Drake. I think I just didn't like them together... at the time. However, that all changed at the twist of the story and it hit me like a ton of bricks. I love when a book changes my feelings about how I want the outcome to unravel and **Changing Forever** did exactly that. Let me just say... The epilogue... oh my!! I loved that final touch. Perfect ending for a couple of characters I came to adore! **Changing Forever** was emotional, hopeful with a dash of drama. Just how I like it!!

### **La Narradora says**

Entre 3 y 3,5 en realidad. Me ha parecido una historia New adult bastante normal, no me ha sorprendido mucho y me esperaba más. Ha sido por culpa de mis expectativas eso está claro, pensaba que sería más como Cada vez que llueve pero es una historia más sencilla. Para las que les guste el género es una opción pero id pensando que no es como la primera. Eso sí Kate sale y me ha encantado saber de ella y como recuerda a alguien que yo me se cuando caen gotas de agua. De todos modos es una historia entretenida que se lee en nada. ### **Suzana says**

This is the second installment in the Rain series ...

The first book is one of my favorites ...

I couldn't wait for this one to come out ...

Drake is a student and a football player, years before he lost his father, and now he has a mother a two sisters to take care of ...

Emery is also a student and Kate's roommate ... her mother left her when she was a little kid and now she is determined to succeed in life, and become nothing like her mother ...

I was little frustrated with the two of them, especially with Drake, he blamed himself for the past, and he wouldn't let Emery in his life, he thought he wasn't good enough for her ... they were always like one step forward and two back ...

Overall I liked this one, Lisa didn't disappoint .... and now I can't wait for Rachel's story ...

*“When you love someone, like that deep down, absorbent kind of love, you want to spend every minute you can with them. Being in love is the best feeling in the world, and once you have it, you'll never want to lose it.”*

## Rag says

### 2.5 Forever Stars

Drake is the football quarterback. Football is the only thing he knows. Literally the.only.thing.that.he.knows. Em is a small farm girl who feels like Collage is finally her *Freedom*. When she was going around campus to see around and look she bumps into Drake. It was kinda funny, they have this bickering between them. They "hated" each other at the beginning but you know what they say, The person that you hate is actually the person that you like.\*wink\*

**"Two different people.**

**Two different worlds.**

**Two different dreams."**

This book made me feel **A lot** of things. Em and drakes relationship was back and forth. When they start something I'm like this....

Finally!

But then drake comes with his football crap and how he's not good enough and blah blah blah, then I'm like this....

Like seriously dude get your shit together. I mean I understand what they both went through but god..not to this level.

**"Do you compare everything to football?" She asks.**

Trust me through this whole entire book I asked myself that question million of times.

**"I give you permission to hit me next time. Yell at me. Whatever you have to do; just don't ever let me spend another day away from you"**

If you were here I will beat the crap out of you and tell you to get your shit together.

I got into this story thinking it was going to be a sweet jock falls for the good girl kinda book. I haven't read those for a while, don't get me wrong it kinda was but it wasn't a light-hearted story. I was so frustrated. It was ok I guess. Not my favorite but *Ok*. I also enjoyed Kate in this story.

**"When you love someone, like that deep down, absorbent kind of love, you want to spend every minute you can with them. Being in love is the best feeling in the world, and once you have it, you'll never want to lose it."**

## Moni says

Estaba deseando leer la segunda parte de Cada vez que llueve, pero me he llevado un pequeño chasco. Eso no significa que no me haya gustado. Es una bonita historia New Adult, con unos protagonistas que se hacen querer, pero me ha faltado la chispa o algo que lo haga destacar con respecto a otras historias de este género. Esto es lo malo de tener las expectativas muy altas... No lo puedo comparar con Cada vez que llueve, que es una historia que me hizo llorar muchísimo y me encantó. Aún así tres estrellitas para estos dos universitarios ;)

---

### **Liriom says**

3.5/5 ?

La verdad es que después de lo intenso que es "Cada vez que llueve", personalmente no me esperaba una historia similar.

Me ha gustado bastante y me ha encantado reencontrarme con Kate y Beau ?.

Un relato bonito, con dramas probables que llevan a Drake y Emery por un camino donde les cuesta llegar a darse cuenta de cuál es el adecuado para estar juntos (muy New Adult ?).

### **Lady Vigilante (Feifei) says**

**3 stars!**

I really enjoyed this book and it was a solid NA romance read until the 75% mark. After that I pretty much lost all interest in the story. While Changing Forever is book 2 in the Rain series it can be read as a standalone – this book focuses on Kate's (from book 1) roommate Emery.

Character descriptions:

**Emery:** a straightforward, takes-no-shit kind of girl. She gave up a lot just to attend college and pursue her dreams and won't let anyone or anything stop her from getting what she wants. It took me a while to warm up to Emery's character as she didn't let anyone know the *real* her until later.

**Drake:** an outwardly charming, cocky football player who shoulders some heavy responsibility. He takes care of his younger sisters and mother after his father died and in a twisted way, believes that he needs to carry out his father's dream by playing football. Like Emery, he doesn't let anyone get too close to him.

I really enjoyed this author's writing style and it was obvious to me that the plot was well thought out and the character development was great. At the 75% mark, there was a plot twist that didn't sit well with me at all and part of the reason was because I've never seen it done well before. After that point the story became predictable, cheesy, and I personally didn't think the hero groveled enough for the heroine to take him back so easily. Overall a solid NA read if you're looking for something in this genre but nothing extraordinary.
