## Finding A Loyal Love A'Zayler

Having watched her two best friends find the love of their lives, Lay-Lay is ready for her turn. It's been a jagged and tiring road with her longtime boyfriend Smoke. In the beginning she thought maybe he had been the one for her, but now she's not so sure. From dealing with baby mama drama to random females on the side, Lay-Lay has had enough. Not only has she grown tired of Smoke's cheating ways, but she's finally ready to move on. In the back of her mind she knows she deserves better, but letting go is entirely too hard. Although Smoke's reckless behavior plays a major role in Lay-Lay's decision to move on, that isn't the only reason why she's ready to call it quits. Kyle Taylor, is and has been the most constant male figure in her life for as long as she can remember. When thinking of her fairytale ending her is who she would see as her knight in shining amour. The only problem with this is, he has a girlfriend. Fed up with the constant fussing and fighting, Lay-Lay isn't sure whether or not Kyle is worth leaving behind the love and history she has with Smoke. Torn between the man she loves and the man she deserves, Lay-Lay is forced to make a decision.

## **Latoya Brooks says**

### **On point!**

This part in the series was better than the rest and they were good as well. So much went on and I'm glad lay pay hot her happy ending. Hopefully she doesn't catch a case giving Alyssa a beat down!!

### **The love triangle has expanded**

Kyle better know what he has and take care of his business. Laylay don't play. I think they can be epic together let's hope bullshit don't get in the way.

#### **Great read**

I really liked this urban love story. 1st read by A'Zayler. Lay-Lay didn't play around. Not saying that I agreed with her violent actions, but I do understand... I was glad Kyle was there for her, they made a happy couple. I didn't care for Smoke or the females that entertained him. I thought A'Zayler did a great job writing this story & I'm looking forward to reading more about these characters

3.5 Stars

At first I thought what is this ratchet ish I am reading, but sometimes I need a good ratchet book in my life to get me out of a reading funk. About halfway through the book I thought ok now I get it, and I was really starting to understand the inner workings of Lay Lay. I'm curious to see how her and Kyle's relationship will progress. I'm intrigued to read on.

#### **What seriously?**

Ok so I'm overjoyed at the fact that Lay Lay is finally with a Kyle. It was a long road getting there, but finally she's where she needs to be. I wanted to smack some sense into her when she turned that gun on herself though. Smoke was so not worth all the effort she put into his nasty ratchet behind. It looks like he is gonna be trouble though. I'm hoping Lay Lay doesn't mess up the good thing she has going. Need that next book asap.

This was a breath of fresh air compared to all these pop up hood books coming out. I enjoyed the read, Lay-

Lay had her issues though. I thought she'd be the level headed one after the whole drop off the baby stuff then she flipped the script. Couldn't wait to see if she was going to grow up and take Kyle for what he was. Enjoyed his character but I'd like to see him really step up to the plate and put his foot down. Seems like he's more of a let the cards fall and wait instead of picking up the pack and dealing what he wanted. Not sure about the ending, doesn't seem like much more can happen but I'll give it a try.

#### **Finding A Loyal Love**

I like Lay Lay and Kyle together. Smoke done lost him a good Woman and he's regretting it. I hope Lay and Kyle relationship last cause she deserves to be happy.

### **Lenika Winfield says**

Lay Lay was crazy lovesick girl! She really surprised me in this book. She's definitely my fav out of the three girls. Smoke and his infidelity got him caught up in a bad way he got what he deserved

#### **An okay read**

The drama with smoke and lay-lay and this back and forth drama is so draining. Lay-lay needs to it smoke go through all that mouth shut got she ends to just put herself first and bad with Kyle. Smoke is a dog and chasing behind women is all he good for. Jade and Morgan are crazy but they support their friend even when she's being stupid for smoke. Lay-lay reaches her breaking point and almost kills herself smoke and his baby mama. Kyle is their friends lay-lay but he won't play third wheel to her feelings from smoke. A near death experience for lay-lay ,she finally gives Kyle a chance but his little friend alissa is rubbing her wrong and to be continued....

#### **Good**

I really enjoyed this book just like the last one. I do have to admit though that when I first started reading, I didn't remember the first book at all, but after reading a little bit more then it all came back to me. I hope now that the Author don't take mad long to bring out the next book. Can't wait
