Never Look Back

Linda Lael Miller

Never Look Back Linda Lael Miller

Linda Lael Miller delivers "heart-stopping suspense" (*Winter Haven News*, FL) in her *New York Times* bestsellers featuring savvy defense attorney Clare Westbrook and sexy homicide detective Tony Sonterra. A hungry attraction. A hidden enemy.

A multimillion-dollar inheritance from the father she never knew has allowed Clare Westbrook to turn a storefront in a tough Phoenix neighborhood into the legal firm of her dreams. But when explosive shots take out her street-level windows -- and nearly take her life -- Clare must surrender to Tony Sonterra's protection if she wants to survive.... Sonterra has designs on a career move to the FBI -- and on rekindling his scorching, no-strings-attached affair with Clare. But can the man who sparks her passion be trusted with her life? Or is someone using Clare, the one person Tony has dared to get close to, to get to him?

Wendy says

I guess I'm just a true fan of LLM's work. this is again one of her great books. I liked the characters, though you wonder at times how these people can handle all of the excitement and trauma. It was definately a page turner, one exciting thing after another. And The love interest was really hot. I give this one 5 out of 5 stars.

Kathy says

I got this from the library and had no idea it was a sequel. Thankfully the author did a geat job tying the two books together. It was an easy read that kept my attention the entire time & I finished it quickly. I would definatley read more from this author.

Toni says

Miller never ceases to amaze me. One of my favorite authors.

Lynette Willerton says

Wow, what a sequel!! I can't believe how crazy good this book is. I just knew is was going to interesting but not as interesting as the first even thought Linda leaves you with a pretty big cliff hanger question and talk about creepy dolls (I should have known is was the doctor and that the girl who calls the house was connected to the killer

rjp316 says

Very interesting trilogy. I had not read anything by Linda Lael Miller in years (maybe a decade or more) but picked up this book at the library since I recognized the author. Was not what I was expecting at all but liked it – last time I read Miller it was all about the romance. Found it hard to read at first but then enjoyable that Miller wrote the books in the first person but past tense. The story lines was a bit farfetched in that I am sure all these events could never happen to one person in their whole lifetime, but I enjoyed the relationship between Clare and her boyfriend, Tony. I like that they both were very strong and independent but could still find middle ground, especially towards the end when it was not just in the bedroom. I did however find that the “mystery” part of the book was pretty predictable in some of the books, especially #2. But enjoyed the whole trilogy – thankfully I read them after they were all written so I did not have to wait to read them all. Will definitely be picking up more of Miller's more recent book especially as they fall into the romantic suspense themes.

Donna says

Attorney Clare Westbrook opens her own legal office in a rather sleazy part of town after her father leaves her several million dollars. A drive-by shooting brings cops, including her boyfriend Tony Santana and a new client Shanda, who takes a job as Clare's assistant. Someone begins leaving creepy dolls for Clare and she receives threatening calls from someone calling himself the doll man. A mentally ill man tells Clare this is all due to Tony. When the mentally ill man is killed, Clare moves in with Tony for protection but someone breaks into his home too. The neighbor is killed, Clare breaks her arm, Tony is shot, Shanda is kidnapped, and the action continues until the doll man makes his final move.

I liked the first installment in this series and this one was just as good. The action is never ending. I look forward to reading the next one in this series.

Kristi says

Super quick read and after the last few books much needed. I love the characters and the writing style. I did figure out the mystery person a bit early in the story, but there was still enough surprise to keep the pages turning.

CJ - It's only a Paper Moon says

A good follow up that evolved the relationship between Tony & Clare. I felt the end was a bit rushed and could've been expounded on but it was still good. I've come to expect that every ten pages or so Clare is going to end up hurt, scared, shooting someone or crying. You think it would detract my attention but it doesn't, I finished it in one day and am a little sad that this is only a trilogy. I love when Miller writes romance mystery. I loved her Mojo Sheepshanks stories too.

Jeanne (love2cook) says

I found this little romance/mystery story to be a pretty good read. It was easy to follow, a typical cozy mystery type with romance thrown in.

Stacey Houllis says

Book Two in the trilogy about Clare Westbrook and Tony Sonterra. The Story continues with a Clare opening up her own law office where she defend people who are innocent and can not afford legal representation, next door to a doctor's office where she meets one of his patients Peter Bailey who is under psychiatric care of the doctor and he tells of friend Angela who thinks is in trouble and so it starts again. Clare looks for her in process Shanda a single comes to her needing her help to get off for writing bad checks. Clare hire her as assistant.

Clare starts to get threats from someone sending her photos of dolls. The book has many twist and turns just

to name a few Peter Bailey is found dead in her back yard pool. Her niece runaway from her school trip overseas to come to help, Tony is shot, Clare kills Shanda boyfriend in self defense as he shot Tony, Shanda and her child with father Mike kidnapped.

Until the doll man is found. And the end Clare tells tony she is pregnant with his baby and her ask her marry him. Can't wait to read book three.

Kris - My Novelesque Life says

3.5 STARS

"Devoted defense lawyer Clare Westbrook, used to working for others, can now call the shots on her own terms. A multi-million-dollar inheritance from the father she never knew has allowed her to start her own practice. And with her teenage niece, Emma, whom she's raised as a daughter, on a school trip to Europe, Clare has been able to focus on turning a storefront in a tough Phoenix neighborhood into the legal firm of her dreams and offering her services to the troubled community. But just as she opens for business, explosive shots take out her street-level windows -- and nearly take her life. Someone clearly has targeted Clare, though she doesn't know who or why. All she knows is she must surrender to Tony Sonterra's protection if she wants to survive....

Sonterra has designs on a career move to the FBI -- and on rekindling his scorching, no-strings-attached affair with Clare. But can the man who sparks her passion be trusted with her life? Or is someone using Clare, the one person Tony has dared to get close to, to get to him?" (From Amazon)

The second book get better as we get more Tony and Clare's chemistry and love the suspense.

Cindy Grossi says

Good pool reading - mystery, romance... Serious stuff going on, but this book is not dark and has touched of Stephanie Plum. You just keep expecting Ranger to show up. We already have Morelli.

Colleen says

I enjoyed this one more so than the first book in the series. Maybe since I was used to the writing style - I don't know, but this one just seemed to work better for me. Tony and Clare are great together and I really enjoyed reading about them again (the sexual tension between these two is fantastic).

Michelle says

This was a great mystery with some humor and romance mixed in. My kind of book!

Gisela says

Second book in a trilogy. I liked all the characters especially Sonterra, Clare and Emma. Romance/mystery story with some humor in it. I will definitely read the first and last books. 4 stars

Mojca says

2 ½ stars

Jenn says

I absolutely love this trilogy. I love the way she lays out the suspense with so many potential suspects and happenings that are and are not related all at the same time. The main character Clare has grown since the first book and is learning to depend on others as well. As for Tony, well.....close your eyes, picture him and there is nothing left to say.

Monique J. says

Good enough that I want to finish the series. But if Clare doesn't marry Sonterra, I will go back and revise my ratings. Miller has created a heroic, honorable, and extremely "hot" male lead in Detective Tony Sonterra. Everyone can see it: Emma (Clare's niece), Loretta (Clare's best friend), Mrs. K. (Clare's neighbor), so Clare's cold feet are becoming annoying. My advice to Clare Westbrook: marry the man already before someone else scoops him up!

Jktk08 says

Great Book, Easy read!

Linda says

This was an author I never read before and I look forward to reading some of her other books. Staged in Arizona. Reminds me of Janet Evanovich (quick and fun reads). There's action, mystery, and humor.
