## **Ruin - Part Two** Deborah Bladon

Kayla Monroe had fallen hard and fast for Dr. Ben Foster. He was everything she needed and wanted after being dumped by the man she thought she loved. What started as a one night stand quickly turned into a blossoming relationship. Then the complications of his youth halt everything in its tracks.

The voices around her are telling Kayla that Ben isn't the man she thinks he is but her heart is telling her something completely different. She's drawn to him like a moth to a flame and as she listens as he explains his past, she sees the promise of a future with him that she desperately wants.

She's the thread that will weave a path for Ben back into the family he has lost. She senses it and as she takes on the task of releasing him from his burdens, she discovers that the man she has been sharing her bed with is, more complicated than she ever imagined.

Just as Kayla is about to step into her future with Ben, she ends up in a place where she's forced to accept a truth that she never knew existed.the next few weeks.

\*\*\*\*\*4.5 STARS\*\*\*\*\*

In this one, Ben and Kayla must face what happened in his past. Kayla is falling for him and believes his innocence. She's trying to help mend fences for him.

The sex is still pretty freaking HOT!! There's plenty of filthy talking in this installment as well. Just when Kayla thinks she is in a dead end relationship with Ben, he asks for exclusivity. She's over the moon happy and while he's away at a medical conference in Boston, she learns more about what happened during his past. The news is good because it can clear his guilty conscience.

Kayla decides to go to him in Boston to share the news. I had a feeling something would not be copacetic about this conference. I was right but **HOLY HELL**, I was not expecting that ending. My fucking heart is crushed. Book 3 better be damn good and not disappoint!! I'm totally saying **WTF** right now!!!! Ben, I don't think I like you very much right now!

Wow...Deborah needs to get the awards for Queen of OMFG...Cliff-hangers. My heart usually starts beating faster whenever I reach the last two chapters of her books. Wow..Wow..Wow...I am "floving" this story so hard. I love that we get to see Noah's breakthrough. Can't wait to see where this goes! Parker you suck!!! Lol....Ben you do to but I like you still!

---

**Noelle says**

Im getting a little tired of the he-said, she-said, they-said...no wait he & she said.... But the ending?!?! HOLY SHIT BALLS!! I'm going straight for the conclusion Right Now!!

First of all...

*What the f\*ck Ben?!*

**WHAT. THE. FLYING. F\*CK?!?!**

Okay, now that THAT is out of the way, we can get going.

Kayla Monroe has fallen in love with Dr. Ben Foster hard and fast. What started off as a rebound-hit-and-run has blossomed into something that she wants to cling to and never ever give up on.

Everyone keeps warning her off about Ben, but she knows in her heart that he is "*the one*" and that he is just a misunderstood and terribly lonely man. She doesn't care what everyone else thinks. She *knows* him.

The more time they spend together, sharing secrets and touching each other's souls through skin, Kayla becomes more and more attached to this dangerously enigmatic but deliciously caring man.

And when they touch each other... Oh man, *these two ignite the pages!* They are seriously *too hot* together!

Kayla knows that she is the key to bring Ben back to his lost family and to warm things up between him and his twin brother, Noah. All she has to do is learn exactly what has happened that tragic night years ago, that destroyed a whole family apart.

Ben needs her. And she would do anything to mend Ben's broken heart.

But does Kayla really know Ben? Can she really trust him with her heart? Would Ben ever do anything to hurt her or break her trust?

The answer is very easy:

**OF COURSE HE F\*CKING WILL!**

Anyway, congratulations to Deborah Bladon for rising from the dead and claiming back her former awesome self! I really loved this one! *Brilliant!*

Now about that damn cliffhanger...

Goddamn Ben better have a GOOD explanation or I'm gonna flip out!!

### **CAN'T WAIT FOR PART 3!**

#### **Natalie M says**

I purposely waited to start this series until the final book was released. As usual with Ms. Bladon's books, I zipped right through the first two and after that ending I am waiting on book number 3!! I love her books!! They draw you in from the start, they are hot as hell and always leave you wanting more! I hope to dive into book #3 today (fingers crossed)!

#### **Amy J Romance Author & Reader Events says**

This was my first series by Deborah Bladon and I think I may have read them out of turn. They are quick, steamy, entertaining reads.

The story of Ruin pairs a doctor and a recently single heroine , who unbeknownst to them already have baggage before they even really get a chance. The best friends story was the earlier series I believe but I couldn't stand her in this story so I probably won't go back and read it.

Part 2

Well this has been one jaw opener after another. It seems to be a triangle with Ben, Noah and Kayla. Things are just happening and the love that Kayla has for all three is being tested. My heart goes out to Kayla. We shall see what happens in book three. Where is Ben coming from?

---

#### **Dawn Parker says**

Just WoW!!! This picks up where the first left off. It is filled with drama, shockers and the hotness just as the original. I will say...have the final book ready. My jaw literally dropped on this cliff hanger!!

### Rating: 4.5

WOW, I'm reading and reading and reading, the tension is rising, and the storytelling is getting good. I'm on the edge of the seat waiting with Kayla for the reveal of what's she is hearing in the apartment.

There it is. The Big Reveal. In total shock because I really did not see that coming. Touch the screen for the next page, and oh my goodness. The end of RUIN, Part 2 by Deborah Bladon. Go to next installment. Scream.

Before I do, however, I rush to write up my review report to document my reaction. I don't want details from part 3 to affect my thoughts on part 2.

I was annoyed at the writing in part 2. I felt the author stretching the storytelling for affect. I think trying to create tension. The question is whether the tension came from frustration of the slow pace story or tension rising as we move along the story.

The MC sex scenes are hot but repetitive. Once they become repetitive, they become annoying. So I naturally start skipping the intimate scenes.

I love, love getting to know Noah whom I didn't like much in Part 1. His meetings with Kayla are enlightening to the reader, to Kayla, and yes to Noah. Alexa, Noah's fiancé has been put in a difficult position of being loyal to her soon-to-be husband, to Kayla, and the friendship they have developed over the years. And Ben, poor Ben.

I have to move on. I want to read Part 3 like now. That cliffhanger, I have no idea where this is going and whether this is good for Kayla.

Overall, this installment is very good. I was total immerse in the story as it moved along to conclusion. The author interjects more details and insights into the storyline, which serve as a means to grow characterizations and to set the plot sizzling. Ruin, Part 2 is deliciously bad. I love it.

Bump up the star rating to 4.5 for broadening of characterizations, and the deepening of plot development.

Deborah Bladon really knows how to end books a cliffhanger! I absolutely hate Ben in this book. He's manipulative, deceitful and untrustworthy. The last few pages will have your head spinning. I definitely wasn't expecting that. I don't know if I can even wait for the next installment. I need to know what Kayla says to Ben and Parker. The suspense is killing me!

## **Susie says**

OMG are you kidding me!!!

The last few pages of this book were so INTENSE my head is spinning!!

I was so right in waiting for all the books in this series to be released before starting this series.... Deborah Bladon is the QUEEN of cliffhangers!

Now that I've picked my chin up off the ground I can dive into book 3 ;)

## **Ashley says**

This one was just as good as the first. It continued to be fast-paced.

I liked how the chapters alternated between Kayla with Ben and Kayla with Noah as the truth of what happened all those years ago continued to unfold.

I could have gone for a bit more detail. A bit more story outside of this mystery unfolding. But I thought it was good for what it is.

Those last few pages had me saying "WHAT!?"

I immediately started part three.

**WHAT??? OMG....what did I just read? I want to throw something, break something, punch something or someone...Ben**

Angst=100%

Cliffhanger=100\$

Story line=Fantastic

Wait for Book 3=Impossible

I can't say anymore because I am so pissed off right now. Hurry up Book 3! How long do we have to wait to put me out of my misery?
