### **Diane Rembert says**

Our favorite sexy BOSS, Kayson is back to claim his throne and no one is safe...except his wife and son!

More secrets are revealed as they get one step closer to those responsible for bloodshed years ago.

KoKo is happy to have her husband back, but find it hard to turn over the throne that she inherited for years. A turn of events, forces her to sit down...but not for long.

I'm loving this more and more as I go along. For that reason, as well as a host of others (character development, plot, editing, climactic ending), I have to rate it ??????. Don't wait as long as I did, to get TRAPPED by @nene\_capri\_bosslady!

I am usually ready to quit on the 3rd going into the 4th book but there is soo much going on in this series that you need one more before you write the finale! Well Done Ms. NeNe I need to the outcome of Tyquan, Night, KoKo, Kayson and the rest of the crew! I must know. . .lol

Hands down NeNe Capri did an awesome job with this book. The story line flowed and held my attention from beginning to end; I consider this book as being well written. The sex scene was so off the chain.

Wow...Where do I start...

This was an very anticipated book for me. It was not disappointing....But I must tell you, I am truly GRIEF STRICKEN....

Nene brought all the same flavor once again with straight in your face dialogue and non stop twists and turns between the characters as well as jaw dropping Drama from the past.

I am still Shaking my head at some of the dialogue that comes out of Koko and Night. Night truly shined as a DARK KNIGHT in this book. I was so amazed at how he and Baseem were down for Koko no matter what. She had a ROD for life....

I am trying my best not to give too much information, so I will end it with...

GO GET IT and buckle down for a fast pace read...

Can't wait for PT4

Wow! This series was so good! It was one of those ones where I'm sad that I've finished it. The twist at the end caught me totally by surprise this whole time I thought that Keisha was Koko's mom and really she wasn't. Keisha was definitely a grimey, conniving bitch that start up blindsided me and Koko as well. I was really happy thay Kayson came back into the picture because the second book just felt like something was missing. I was actually sad to see Night go that was unexpected. Overall the twists in this series keeps you on your toes and wanting to read more. Most of the questions I had at the beginning were answered. Great book,

definitely worth 5 stars!

I'm trying to find more stars, 5 is not enough!!!!

YOU KNOW A BOOK IS GREAT WHEN YOU LOOK DOWN @ YOUR KINDLE & IT SAYS 75% & YOU THINK TO YOURSELF DANG I'M ALMOST FINISH ALREADY?

I seriously went on a major EMOTIONAL ROLLER COASTER RIDE; honor, true love, deceit, and heartbreak! OH YESSSS The Boss/Enforcer was back and ready to take back his status & protect his family at any cost! KoKo was still KoKo the Baddest take charge & living large type of Boss she is!

OMG I absolutely fell in Love with Night, he brought so much life & laughter to the seriousness that Koko try to betray. Night, KoKo and Baseem (True R.O.D.) were off the chain, the love and bond that they carry for each other was amazing especially since they are always having to look over their shoulders not knowing who to trust. Mann I didn't think there could be any more secrets hidden but I guess living the life as a Boss there will always be secrets!

Confession: I did have 2 really bad TEAR JERKING moments where I had to stop & pull myself together. THERE IS SO MUCH MORE I HAVE TO SAY BUT THAT WILL PUT ME IN SPOILER MODE!
