## Until Tomorrow Nancy Naigle

After yet another heartbreak, Flynn Crane is pretty much done with dating. She's not even sure she can keep her grandparents' struggling bed-and-breakfast afloat. But just as she's about to give up on both her business *and* her dream of settling down in Boot Creek, Ford Morton walks back into her life.

Even from thousands of miles away, Ford never forgot the spark that ignited when he first met Flynn. Now a monthlong artists' residency near Boot Creek gives him the perfect opportunity to find out just *how* intense the fire between them can get.

Neither of them expected just how that little spark would turn into heated passion. With Ford's return to Alaska looming near, Flynn is torn between her life in Boot Creek and a chance to move to the wilderness for love. Can Ford and Flynn find a way to share tomorrow together—before they both lose their hearts in Boot Creek?

# From Reader Review Until Tomorrow for online ebook

## Tami says

Very nice contemporary romance.

This review is based on the ARC provided by the author and/or the publisher via NetGalley in exchange for my honest opinion.

---

## Kathy says

Until Tomorrow is the third book in the Boot Creek series by author Nancy Naigle. I read the first two books in the series and enjoyed both of them.

Until Tomorrow is set in Boot Creek, North Carolina but also in a small town in Alaska...think Skagway or Juneau. Flynn lives in Boot Creek and owns the local B&B. Ford is a glassblower who lives in Alaska. They had met at their friend's wedding the year before. Now Ford is in town for a month to teach at a glassblowing workshop. Both have deep roots in the community they live in so the biggest hurdle to their relationship is geography.

As always Nancy Naigle writes a well written and clean romance. Her novels are always a pleasure to read. I particularly enjoyed the Alaska scenes in the book.

Highly recommend Until Tomorrow.

---

## Claire says

I think most of us have that friend. The one who you love dearly, but kind of want to give her a good shake now and then, especially when you're discussing her love life (or lack of one). That's Flynn. She has a knack for baking, but she also has a knack for picking the wrong guy. Ford left a lucrative career as an attorney to move to Alaska and make a living as a glass blower. But his interest was piqued when he met Flynn at one of his best friends' wedding, and nearly a year later he seizes an opportunity to spend a month as an artist in residence near Boot Creek--and see if he and Flynn can make some sparks fly. The sparks do fly, and suddenly both Flynn and Ford find themselves reevaluating what--and who--they want in life. Light, lovely read full of familiar characters from Boot Creek. This whole series belongs in your summer tote for the pool, beach, or back patio. They say Virginia is for lovers, but Boot Creek, North Carolina is for anyone who loves a happy ending.

---

## ReneeB says

Having previously met at their mutual friend's wedding, can Flynn and Ford re-connect? Ford travels from Alaska back to North Carolina to teach glassblowing for a couple weeks. While he's there, he's hoping to

connect with B&B owner, Flynn.

Having just ended a relationship, Flynn has sworn off men. Especially while she's trying to renovate her grandparents B&B that she recently acquired.

But can Ford break through to Flynn. Can they survive a long-distance relationship?

This book was cute. It was pretty predictable. And to me, Ford just seemed a little too "nice". But it was a cute read.

\*ARC provided by Montlake Romance via NetGalley in exchange for an honest review\*

I'm a sucker for small town romances, and I've been friends with the author on GR for a while now and always wanted to try one of her books. Although this is the third book in a series, it works perfectly well as a stand-alone. Couples from previous books show up because this couple is friends with them, but you don't have to know the other books to enjoy this. This was a really nice, drama-free, second-chance small-town romance. It was a quick and easy read.

Flynn and Ford met at their friends' wedding a year ago, but nothing happened then. Now, Ford has agreed to share his knowledge about glassblowing with a local art school and hopes to reconnect with the woman he keeps thinking about. Flynn, meanwhile, has moved to Boot Creek, North Carolina, to take over her grandparent's B&B. After yet another failed relationship she has sworn off men and decided to focus all her energy on the B&B. She tries not to become too attached to the handsome, laid-back, and sweet Ford who lives all the way in Alaska. Caught between responsibilities and the chance at happily ever after, Flynn has to decide what really matters to her...

Ok, so Ford really reminded me of Josh Lucas's character from Sweet Home Alabama. Gorgeous smile, southern accent, laid-back, works with glass... That's where the similarities to the movie end though ^^

The only real issue I had was with the pacing. For me, the "I love you"s just came way too fast. (view spoiler). But hey. That's just me.

All in all, this was a nice read, and I think I might be revisiting Boot Creek in the future.

## **Eliza says**

I just won this book from the contest ! I can't wait to begin reading it. I'm almost tempted to stop reading the book I'm on and go for it ugh this is so hard not to just drop the other book lol. I think the waiting may make it even better ? like waiting to take a first bite of your favorite Cheesecake hehe .

I'll be back to review this book as soon as I read it soon ?!

## Heather says

Until Tomorrow is a sweet, romantic book that has only a handful of very mild curse words (no “f-bombs”) and one vaguely described fade-to-black kind of sex scene – nothing graphic or scandalous. But because this is a Nancy Naigle book, the story itself is intriguing enough that it doesn't need graphic sex scenes or cheap bedroom tricks to keep a reader interested.

I have to admit that for me, this story started off a little slow at the very, very beginning. Flynn comes off as a little self-centered and a little woe-is-me at the start, but stick with it because that is NOT who she turns out to be. The story picks up tremendously once Flynn and Ford finally come face to face. For me, the first few scenes in Alaska were interesting, the scenes in Boot Creek, not so much, but once they got together? I didn't want to stop reading. I absolutely loved the looks into Ford's glass-blowing career (which gave me an item to add to my previously-empty bucket list), and into Flynn's relationships with Billy and her grandparents. The personal moments are what make Nancy Naigle's books so special, and this one was no exception. The camping scene was probably my favorite in the book. \*\*\*SPOILER to end of paragraph\*\*\* I was a little surprised (and almost) that there was no conclusion regarding Flynn's father. It felt like we were gearing up to something, but that never happened. The drama that was in the book was interesting enough that it wasn't needed, I was just surprised when it didn't happen.

The main characters were really great. Ford was a seriously good guy, a nice guy who didn't need to be a bully (under the guise of being an “dominant alpha”) or a swaggering jerk in order to be sexy. His appeal started and ended with him being a solid, good guy. And Flynn, while a bit of a hot mess, was doing the best that she could while trying to hold her family's legacy together, which made me like her so much. Again, if you start this and wonder what is going on with her, don't fret because she definitely gets it together.

If you enjoy a small town romance book, a book that so vividly describes places (Alaska/Ford's home) and experiences (glass blowing) that you find yourself itching to try it yourself, and a book where the couple don't just hop into bed together and call it love, but actually develop a relationship together, you should give this one a read. I am so glad that I was able to take one more trip to Boot Creek with Nancy Naigle's wonderful characters.

I requested and was generously granted an ARC of this book. I was under no obligation to write this review, I did so because I very much enjoyed the book.

## Sharon Mariampillai says

I received a copy from Netgalley, in exchange for an honest review.

### **Actual Rating: 3.75**

This was an enjoyable read. The story and characters were really strong. The story was slow in the beginning, and then got better as the story continued. Also, I really liked how the author developed her characters. They felt more authentic and relatable. It was a sweet romance. I thought Flynn was cute, while Ford was sexy. They had great chemistry together. I thought the ending was great. This can be read as a series, or a standalone. I can't wait to read more of this series. Overall, a great read.

---

### **Yvonne says**

I loved book one in this series, Every Yesterday, and though I missed book 2, I was looking forward to this book. Sadly, I was disappointed.

The story centers around Flynn and Ford. Flynn is struggling to keep her grandparents B & B afloat. All she really wants is a family to call her own.

Ford, currently living in Alaska, now a glass blower, was a lawyer in his past life. He is ready to find a woman and start a family. He takes a month long engagement in North Carolina with the ulterior of finding said wife. He has his eyes on Flynn, whom he met at his friend's wedding.

I somehow did not find the story nor the characters engaging. I would have stopped midway, but felt I owed it to the author to finish it.

I was gifted this book by Netgalley. The opinions expressed are solely my own.

### **Carla Johnson-Hicks says**

Until Tomorrow is the third book in the Boot Creek series, but you do not have to read the previous two to enjoy this sweet, romantic story. I enjoyed the fact that there was no graphic sex scenes and very few mild curses so this could be read by older teens.

Flynn has been laid off from her job and purchased her Grandparent's B&B. They have headed off to Florida to find a place to live. She had a romantic interest in her live-in handyman who seemed more interested in tearing the place apart rather than putting it back together. That relationship has ended and she is rethinking her life without a man in it. Enter Ford. He and Flynn met the previous summer at a wedding of mutual friends and he cannot stop thinking about her. He is a well-known and sought after glass blower, who just happens to live in Alaska. When he is invited to come and teach at the school near Boot Creek, North Carolina, he jumps at the chance to reconnect with Flynn. With the help of friends, they get together and the feelings begin to develop. They develop a friendly relationship before they begin to deal with a sexual one, which I loved. Can Ford convince Flynn to give up her dream of running the family B&B and move with him to Alaska? Can Flynn convince Ford that he can do his work anywhere and to remain in North Carolina?

I love seeing the characters develop. Flynn changes from a "poor me" character into one you are rooting for. Ford was a serious, caring, good person who was sexy in the way he treated others. I loved learning about Ford's glassblowing, the process and his artistic pieces. The glimpses of life in a small town in Alaska were also very interesting. The book did end with some questions left unanswered, but maybe there will be another book down the road where the ends are tied up. The story starts slowly, but moves quickly once you get partway into the story. I read this one in a day and now want to go back and revisit Boot Creek by

reading the rest of the series. If you like a nice, sweet romance then pick this book up along with the rest of the Book Creek Series. The publisher generously provided me with a copy of this book via Netgalley.

---

### **Judy says**

Until Tomorrow is a quick, entertaining read. The characters are interesting and likeable. The ending left me wondering what happens next in the characters' lives, setting the reader up for the next book in the series.

---

### **Amy says**

Once again Nancy Naigle takes us back to Boot Creek, NC. I really love this small town where everyone knows each other.

Flynn and Ford met at Angie and Jacksons wedding. Ford had feelings for Flynn then but went back home to Alaska, where he lives in a small town where everyone knows each other.

Ford returns to Boot Creek for a job. Flynn still running the Bed and Breakfast is looking for love, obviously with all the wrong guys.

Will Ford and Flynn find there way to each other?

A wonderful story full of emotion and perseverance, love, life, family and friends.

I could not put this book down!

I received a copy of this book from NetGalley. Thank you Nancy Naigle and Montlake Romance for the opportunity to read this book.

---

### **Laura says**

This is a great book; this is the third book in the Boot Creek series written by Nancy Naigle. After yet another heartbreak, Flynn Crane is pretty much done with dating. She's not even sure she can keep her grandparents' struggling bed-and-breakfast afloat. But just as she's about to give up on both her business and her dream of settling down in Boot Creek, Ford Morton walks back into her life. This is a great book with a wonderful story and well developed characters. This book will keep you reading long into the night. If you are looking for a great book, then you need to read this book. I am looking forward to reading the next book by this great author. I voluntarily reviewed an advanced reader's copy of this book. The free book held no determination on my personal review.

---

### **Sabrina says**

Flynn has chosen the wrong guy yet again. Is there a special someone just for her ? So many things need to be repaired at the B&B and this has Flynn re-evaluating what she really wants to do with her life. She so

badly wants someone to love and family.

Ford is back in town as a guest lecturer at a near by school and he has fond memories of his time spent with Flynn. Ford has so many memories of the way Flynn made him feel a year ago at his friends wedding. He's back for a month and would like to go back to Alaska with a wife, preferably Flynn. Ford has the same desires as Flynn, someone to love and a family.

I enjoyed this book immensely . It was very entertaining watching two people with the same hopes, dreams and desires find each other. And it was very uplifting to see them find each other.
