Christine says

I sort of wish I read this book in the right order. This was necessary, it gave me a little bit more of the family dynamic and the love life dynamic i felt like i was missing. I love the pets in the book, they are funny. I think Grandmother is becoming nicer each time I read a new book in the series. Winky, is by far my favorite character.

Strega says

Potato chip

Maria Mitchell says

Cute addition to the series.

Jade Jones says

A lovely Christmas short featuring all the favourite characters of the series

Rosemary says

This is the first book that I have read from this author. It was a cute story about a girl who is a witch and has a cat named Sunny, who lives at her P.I. office, and he can talk but only she can hear him.. Lol, even though she doesn't have any clients in this holiday story. I loved reading about the cold weather, snow and the characters during the Christmas season. I had a few times that I didn't understand some of the wording, as I am guessing that the author is from England or that area, but it was fine and all in all, it is still a fun read. I will read the next book in this series....

Kirs Hall says

As much as I absolutely love the Witch P.I. series as a whole, I absolutely love this Christmas short. Winky is a fast favourite from book one and you are always left guessing what shenanigans he is going to get up to next. This is such a lovely heartwarming read. And I truly love Barry and his issues with snow, and the mix-up with the lunch dates. ;)

Dharia Scarab says

Since I don't normally write reviews unless I have something specific to say, here's the break down of how I rate my books...

1 star... This book was bad, so bad I may have given up and skipped to the end. I will avoid this author like the plague in the future.

2 stars... This book was not very good, and I won't be reading any more from the author.

3 stars... This book was ok, but I won't go out of my way to read more. But if I find another book by the author for under a dollar I'd pick it up.

4 stars... I really enjoyed this book and will definitely be on the look out to pick up more from the series/author.

5 stars... I loved this book! It has earned a permanent home in my collection and I'll be picking up the rest of the series and other books from the author ASAP.

Lisa says

Cute holiday short story that fits in nicely with the characters created in the main Witch PI series. I would say, though, that if the reader has not experienced other books in the series, this may not read as well as it could, as the reader will be at a disadvantage...readable just not as good. Having read #1 in the series, I was fine but obviously Jill has come a long way in her, well, witchy ways. Her family dynamic on the witch side has broadened, as one would expect. I believe Winky's attitude herein is a one-off...holiday spirit, if you will. I doubt he's a changed cat, but a short story like this is definitely the place to test out a change of heart. I could see Abbott writing other short stories from Winky's POV between the other books in the series, as Winky indicates at the end.

Ashleigh says

Cute Christmas

Socks, charities, inch with both Jack and Drake. Oh, and mistletoe and a missing TWO What will Santa have up her sleeve? Her?!?

Lynne H says

We witch you a merry Christmas

Short holiday story. Always entertaining and fun! Now to learn who Jill winds up dating and will it last. Looking forward to the next one.

Carol Darby says

Always a good cozy read

Lucy King says

It was nice, easy short story, nothing special, just enough to spend some extra time with Jill and her family during my own christmas time now.

Linda says

This is a fun Christmas short story. Things are all going wrong for the "witch" Jill just before Christmas. But, in the spirit of Christmas, Jill and her cat, Winky, work to make a magical, wonderful Christmas for everyone. I would like to have been able to follow-up on Jack and Drake meeting at the restaurant. All in all this was a fun story.

Gloria Fitchhorn says

A very Winky Christmas to you

Funny as always, . Wish I could speak to my cat! 1 2 3 4 5 6 7 8 9

Chloe says

This is a novella in the Witch PI mystery series and it's just as cute as the others. In the end it has a blurb from Winky the cat and I really enjoyed that.

This story is about Jill's first Christmas after she finds out about her witch family. She is going to spend Christmas eve with Kathy and her family and Christmas day with her witch family. She was supposed to get a Total Dream Office for her niece, but its the hottest toy of the year and she procrastinated too long to get one! Winky saves the day and gets one. He also helps Mrs. V. in her goal to knit 100 socks for a charity. Winky is showing his softer side!

Mikey also stops believing in Santa in this book, but thanks to Jill, she convinces him that Santa is real :) Christmas in Candlefield goes well and has the usually quirky antics of her witch family.

The reason this isn't 5 stars is because I just hate how many men Jill is trying to juggle. She's casually dating both drake and jack, as well as trying to get her bookkeeper to meet her under the mistletoe.

I'm still really enjoying this series. You definitely need to read them in order though!
