**David Dalton says**

Wow! I just love this series. Each time I finished an episode I wonder why it takes me a while to go to them, even though I am crazy about this series. I just like to read many different types of books. I plan to get to episodes 11 and 12 to finish off Season 2. I suspect the authors will lead us readers on to a Season 3.'

This series has it all: mystery, sci-fi elements, a power mad inventory. Kind of like Twin Peaks on acid. I recommend this series very highly. Try just the 1st episode and you will get hooked just like I did.
