## From Reader Review Wild Dawn for online ebook

### **Kah Cherub says**

This is a really great book!! At first I was getting a bit mad at MacGregor, and was siding with Regina, but then we got to know his past a bit better and saw repeatedly how he acted with his scrap of a baby and her... man, my heart was completely lost to the man.

The plot was really interesting, with great characters appearing all the time, hot scenes between the main characters and there was also real development and growth from both of them.

I liked reading about the Indians at the time, how they suffered and fought. The author is very talented, indeed.

At I was getting to the end of the book, Regina (or Violet) was starting to annoy me a bit, but I got her point of view, and she redeemed herself... the end was really sweet. I wish I could have Pierre and/or MacGregor for myself. I'll be reading it again soon. ;)

### **Jessica says**

\*3.5 Stars\*

---

### **Minybgood says**

I read it in 2007/8. I fall in love Regina/violet and Mac Gregor Two hearts!!

---

### **Shireen Hakani says**

Very boring! Very confusing writing style. Read half and gave up.

---

### **Faye says**

Very Enjoyable read

---

### **Becca Walker says**

Picked up a cheap copy from Amazon and wasn't disappointed. The language is a little hard to understand at times, there are bits that aren't described fully and I had to reread. However I enjoyed this as a forgotten heartwarming romance.

I loved MacGregor and his gruff ways and his love for his motherless baby. The only thing keeping me back

from five stars is Regina needing to have a stern word with herself, she should of realised her love for MacGregor sooner. What a guy!

---

### **Luxica says**

Kinda long. But a pretty reasonable tale.

---

### **Lorrane Gloriya says**

I love Mountain Man "MacGregor" he was verryyy clear in expressing his feelings. Sometimes behavior of Regina really pissed me because she wants to run away from Mr. Two Hearts because of her own reasons but such circumstances arose n she realized that she love him. McGregor also realized how to use *lovely* words while dealing with his beloved Violet. It was an enjoyable read.

#### **Mountain man**

Great story with outstanding character.it's like you stepped back in time and found situations which confronted our early Americans. Feel sure you'll like this book.
