Digging Deeper Into Sin D.J. Parker

Attention: A revised file of Dipping Into Sin 2 is now available, and will be updated in the Kindles of any previous purchasers momentarily

She will always be my bella mia...

Even after five years of being apart, she still manages to affect me in more ways than one. Everything about her caused every part of my body to ache with need. As I tried to recall the last time a woman had stirred me to no control, Simone's face appeared like a flashing sign. As much as I tried to part ways with my feelings for her, I just couldn't. Seeing her at Donald Spillmore's wake confirmed the undying fact...I'm still in love with my bella mia.

But still, five years ago, I vowed to stay away from her. I needed to ensure that she remained safe. Even if that meant, being without my heartbeat. Yet, even as I made that painful decision, I vowed from that day forward I would avenge the day I had to decide between my bella mia and La Cosa Nostra.

I Love To Read says

Drop Everything & Read This-

What a fabulous ending for Adriano and Simone. Although I felt their HEA was a bit rushed, I'm am happy with their conclusion. I loved getting to know the other side to Adriano, still alpha male and still sexy as he'll, but now a father. Simone... I wanted to strangle many, many times throughout.

Although Adriano and Simone's story is complete, I hope they visit during the next chapter in this series that includes Nicolai and Reign. I also hope that book answers the question as to why Victoria insists on trying to get herself killed.

This book is definitely a keeper!

S/N: Not sure if the author has been made aware, but there are identical pages in different sections of the book.

Shantee' Parks says

Spectacular

She used more characters which was fine even though I only wanted to read about Simone and Andriano. The other characters added to the story line making it more intriguing. Simone was bent on not forgiving Andriano. Her heart was so hardened. The story takes you to the edge of your seat a few times. I cried on a couple of parts that were so heart felt. The connection between them is so great. I loved Andriano's determination to be with Simone. I am most satisfied with the book. Books 1 and 2 are classics. I could read them over and over again. Thanks to D J Parker for delivering such spectacular work!

M.J. Friday says

The highly anticipated Dipping into Sin 2 is here! I feel like I waited for ever for this book and I could not wait to dive in. That being said this was not as good as part 1, not to say it wasn't good but I was just expecting more of what we got from part 1 and this book was a little softer to me. I did love that Andriano and Simone found each other and worked thru there issues to be together. I really like how that portion of the book was written, she did not just jump into his arms and let him into her and her children life she made him work for it and I was really glad especially considering how things ended in book one. The disappointing part was how weak Andriano became. The one thing I love about our hero was he was All Alpha male in book one, he was the man in charge and took what he wanted, he reminded me of my favorite guy Giovanni Battaglia for Sienna Mynx' Battaglia Mafia Series, but in book two I barely recognized him. It's like he was rewritten to be soft and I felt fans of book one loved him just the way he was. All in all, I am glad I finally got see what happen with these two and I hope that if there are more books in the series they are more reflective of the man from book one.

Genevieve Woods says

Digging his way out.

Adriano was digging his way out of sin to me. I enjoyed this climax of series 5 years have passed and Simon and A are reunited. I love how A fights and waits patiently. For her love. He shows that he is the man when he finds out about his daughters it was great writing and reading for him to know the triplets belonged to him. Now Simone tried to fight it but in the end true love won. Now don't get name wrong I'm a sucker for romance and that is how I rate books. Make no mistake there is plenty of action, deception, violence, teachers a cast of mobsters and the I r women. Great gob Mrs Parker.

Anino says

To be succinct, I liked the characters, but I really didn't care for some parts of the dialogue. In my opinion, this book had the potential to be a 5 star epic read, but it got mired in overcooked porn, lag, and squirrelly twists in the storyline...

Not to say that it sucked, but it definitely could have been better.

Giving this one: 2.75 stars.

Debra Spears says

Dipping into Sinn part two was well worth the wait! Very good and Adriano behavior? Totally him totally Alpha! Some of her antics was expected but laughable. She knows he is who is and gets what he wants. I truly admire her for doing her best to create a safe life for and her kids. Looking forward to continuing saga of this story. Proud of you DJ!

~*~Princess Nhya~*~ says

WTF KIND OF ENDING WAS THAT?!!!!

That Epilogue!!!! You can't leave me hanging like this *D.J. Parker!* NOOOOOOOOOOO!!!!

I'm Dead... I don't know whether to wind my butt or scratch my watch.

This was a great follow up to book 1 in this series. But my heart is hurting right now. I'm scared to find out what that Epilogue is leading to. Maybe when I grow some stronger female balls I'll dive into book 3. But for now I kinda got to step away for a bit. But... Just.. WOW!!!

Based on books 1 and 2, I would definitely recommend this series.

Happy #DangerousSexyIntenseReading ;D

Zandra says

UDATED REVIEW: Okay. 3.5. I just read the updated book and I have to say OMG, what a relief. This version is MILES better. Yeah, the cheesiness is kinda there and the dirty bits are still dirty (yay!), but this version is way less preachy and the writing is more succinct. Simone is not such a wimpy, whiny wuss and reminds me of the Simone I knew in the first book, and Andriano has grown up. I am looking forward to reading part 3.

ORIGINAL BASED ON FIRST UPLOAD.

Don't let this man around any doors.

I was so stoked to see part 2 coming out that I one-clicked in 2.2 seconds. After rereading part 1 to go into part 2 smoothly, I immediately began noticing issues. For some reason Simone was more wishy-washy and not as strong as in the first book. Also, the religious tones were just so awkward next to the sex scenes. It felt as natural as talking to a nun about blowjobs. YIKES.

And can we talk about the OTT descriptions? I'm serious. Andriano went from being suave to being The Hulk. I lost count of how many doors he ripped off the hinges. There were also the issues of the timelines not adding up, a passage repeating, and changes in font.

I'm honestly not sure what happened here, but a solid editor and extremely honest beta readers are needed. This is an ongoing issue I see with many talented, indie authors. It almost feels as if the rough draft was uploaded.

While I was disappointed with this follow up, I'm not willing to count this author out. I'll be reading part 3.

PS, the breakout stars of this series has to be the triplets. They are going to be something else when they grow up. My bet is The quiet one ends up being shy like her Mom, but deadly like her Dad.

Mspraise50 says

This the is conclusion to Simone and Andriano's story.

I did not enjoy this book as much as book 1. I found the story quiet torturous to read even though it was riveting at the same time. I found Simone's constant rejection of Andriano hard going even though we understand what he did in the past was wrong, he was only trying to protect her. He tried his best to show her that she and their daughters was going to be his top priority from now on. I just did not feel the love from Simone.

There was a lot happening in the book, lots of twists and turns as was well as the set up for Nicolai and Reign's story. Although we get our happy ending, I felt that there was a lose end with Victoria because how

will she keep Simone and Andriano's secret when she knows he was responsible for her father's death? May be that loose end will be clarified in the next book.

A good read but not that enjoyable for me. However, I know lots of other readers will not feel the way I do about this story! This is just one person's view on the story which I am sure will be a minority view!

Shankya Sprinkles says

Don't read this !!not worth it !

This book was a mess and filled with problems. There was a chapter put in their twice and you would think that after she revised it she would be smart enough to take it out. I tried my best to overlook the issues but the the epilogue just ruined the entire point of the book. It was disturbing and a completely left field. You manage to make Simone seem weak, took away the reasons we all loved Andriano and made us hate her best friend. A complete waste of time. You left us wondering about so many details !!!! You can't just introduces scenes and people to the story and then make it disappear with no warning.

Auhmanduh says

2.5 stars

What happened?!! I was so excited for this follow up... stalking her Facebook page... googling... I KNEW NO BOUNDS. And I'm disappointed. There was a page and a half that was literally in two different spots, not deja vu. The same exact paragraphs in two very different chapters.

Simone was literally all over the place and an emotional mess. I was waiting to see this strong woman but she was the opposite.

So why 2.5 stars? Because he ended up doing the right thing. *le sigh*

Judi rob says

Good follow up but fell flat

A long awaited second half just did not live up to first story. Although I enjoyed knowing that love conquers all...the journey did not fell authentic to me. At times during my marathon reading session the story felt disjointed especially during switching from the various voices . However, I will continue to support this author and read her other works.I just hope that the main players have more depth to their character, show me not tell me .

Ren says

It had the potential to be great, but it needs serious editing. I'm not giving it 1 star because it actually held my attention, otherwise it felt contrived and disjointed.

ugh...such potential....

P. says

3.5 of 5 stars

I felt the chapters were somewhat out of order, which for me as the reader made the flow of the story a little discombobulated. After about 4 chapters I got into the groove over the story. Andriano was certainly redeemed in part 2. He gave up Simone to save her life and as a result saved the lives of his children. Nicolai continues to be his stand up right hand man he was in part one. Vincenzo continues to be the jealous ass he was in the first book. I wished the story went a little further in detail on how the scene played out with Andriano, Nicolai, Vincenzo and Battista in the basement. The author skipped over some crucial scenes there. Hopefully it will be addressed in Nicolai and Reign's story.

I think this book needs to be re-edited. I don't think the repeat of the conversation between Simone and Shannon was intentional, or was it and the part about Simone recalling her conversation with Shannon was left out? The concept of the story was good, re-editing would do wonders. I would have given it 4.5 out of 5 stars.

Lin (Nerdy Bookworm) says

This book was a mess. I was torn between giving it one star or two because this was a total disappointment. I impatiently waited for Dipping Into Sin Part 2 to be released only to end up reading a bunch of confusing and out of sync holes in the plot. The amount of times I rolled my eyes, shook my head or wanted to bang my head into the desk... Yet I kept on reading it. Why? Beats me. Maybe I was hoping for something, I guess. A miracle that didn't happen. All this back-and-forth between Andriano and Simone throughout the entire book got so old. Simone whining and whimpering was annoying and childish more so than the kids, they acted and talked more grown-up than the mother. Her emotions were all over the place and she never put her big girl panties on. I have to agree there is indeed a passage of the story that appears twice, and it not a formatting glitch... You notice because the second time it repeated, the scene changed greatly. There is one whole chapter that came at the end of the book that should have been placed earlier. The whole book has chapters disorganized and needed editing. Nicolai's (Vincenzo) brother behavior and ending was left to be figured out by the reader. This book was so incredibly disorganized and poorly edited it was such a big let down and I wish this author would have stuck to her style of writing. There are so many things that go on in this book and it took away from the storyline. It feels like the author rushes through and skips over things that should be important yet we get a lot of unimportant details, such as Victoria complexion and Simone new hair cut. I know that Dipping Into Sin 2:Digging Deeper was a DIGGING DEEPER MESS and a waste of money!!!!
