Grammar for IELTS Diana Hopkins , Pauline Cullen

Cambridge Grammar for IELTS provides complete coverage of the grammar needed for the IELTS test, and develops listening skills at the same time. It includes a wide range of IELTS tasks from the Academic and General Training Reading, Writing and Listening modules, and contains helpful grammar explanations and a grammar glossary. A Student's Book 'without answers' is also available.

Help me review my grammar and take notice of important grammar

Jad Deeb says

special thanks for the one who helps me a lot with my love.

Mario says

If your grammar skills are advanced, then this book is perfect for you.
Honestly, I would use another grammar book along with this one.

Sherzat says

good book

????? ????? says

Thanks, I am just searching for it

Turkel Afandiyev says

Cambridge's Grammar for IELTS, just like its counterpart Vocabulary for IELTS, does not actually have much to do with IELTS exams. However it can help students to deeply recognize their weak spots, common mistakes and problems with English grammar.

There are 25 units in the book, and each unit is divided into 4 parts. With grammar part being an exception, all other parts, in my opinion, fail to help the students in reaching higher IELTS score.

Although I assess it as a better book than Vocabulary for IELTS, here are some drawbacks about this book:

a) Not all tasks necessarily stimulate IELTS format tasks;

b) There are some mistakes in the answers section. Yes, one may assume that it is not the book's, but the student's fault in recognizing the right answer. However, in IELTS exams, in listening and reading parts, there can be more than one correct answer (e.g. next week/in a week/in one week/the following week), at least that is what other Cambridge publications assert. However this book provide only single right answer for its tasks.

c) Some tasks fails to provide information about its requirement (e.g. lack of hints like "You can use one letter more than once").

For an IELTS self-study reasons Grammar for IELTS is not of much use, albeit grammar section of each lesson can be used by all students as a really good source on English grammar. Especially units 23, 24 and 25 can be more informative and helpful.

Cambridge Grammar for IELTS Student's Book with Answers and Audio CD

Fa Waranthorn says

The explanation in each topic is very good and easy to understand. But the example and exercises are not enough.

Should buy another exercises book and use it together . It would be great.

Anyways, I recommend this one !
