Rebel Walking Box Set: In a Heartbeat, Heaven Sent, Banded Together Hilary Storm

This set includes In a Heartbeat, Heaven Sent, and Banded Together.

In a Heartbeat - Eaven Bennett is a college student with a passion for photography. She has high hopes of completing college and starting a new life as she moves away from her hometown with her best friend, Ivy Adams. Her last boyfriend ruined any chance of her trusting ever again.

Talon Walker is the dark and intriguing drummer for the up and coming band 'Rebel Walking'. A tragedy in his past has left him empty with no desire for a relationship. That is until he meets Eaven.

One minute your heart is filled with love, the next your entire life comes crashing down. Everything can change in a heartbeat. Can Eaven and Talon overcome the obstacles in their way and find love?

Heaven Sent - The Rebel Walking Series continues with Taron and Ivy's story, Heaven Sent. The explosive chemistry that these two share ignites a relationship of epic proportions.

He has been dubbed 'the panty stealer', but Taron Walker has his eyes set on the beautiful, full of life, Ivy Adams. Ivy doesn't usually put up with the player type, yet there is something about Taron that has her intrigued. Taron must leave to go on tour with Rebel Walking and Ivy will be left to face serious struggles on her own. Will she reach out to Taron for help, or will she push him away? Can these two find happiness in each other's arms, or will they tear each other's world apart?

Banded Together - You've asked for them, some have even begged for more of the Walker twins. 'Banded Together' is a continuation of the Rebel Walking Series that will give you insight on Talon and Eaven's wedding as well as the rest of the characters in the series. Taron and Ivy are not left out of this one and you'll quickly see the banter between them remains.

The previous books in the Rebel Walking Series should be read before this one for the best experience and optimal character development.

Tonya Boutwell Hauser says

OMG I loved these books. I laughed and I cried. The first couple Eaven and Talon. They have to over come Talon crazy ex girlfriend. Eaven is almost killed by her. Their chemistry is smoking hot. They are soul mates.

Taron and Ivy are amazing. The toast that they give thru out the books are funny as hell. Their chemistry is amazing. I cried like a baby thru their story. I'm glad they got their shit together.

I can't wait to read the next books in the series.

Karen says

Talon and Eaven are amazing! Taron and Ivy are so powerful!

Talon has been through some gut wrenching stuff. Eaven was definitely his angel from above to help him heal from his past tragedies. Their love is nonstop emotions to read!

Taron is the lead singer of Rebel Walking that does not look like the type to ever settle down, but he's gotten "Poison Ivy", ha! They finally decide to go for it and promise to be exclusive, but tragedy happens very quickly in the story to Ivy and will break your heart to read it. Her struggles are real and Taron does everything he can to help her. They are both very strong independent stubborn people and butt heads alot. They learn through time each other and help each others weaknesses get stronger.

Very sensitive situations happen in their story. You will cry in both books when the plots opens up full throttle. Kyle and Lilly's story is up next. Can't wait to read about their situations they overcome.

Diane Holtry says

Hilary Storm creates relationships with both main characters and others that just make you want to know more. I felt the characters' emotions portrayed throughout this box set, which makes me vested in the outcome, so I will be reading more!

Let's toast to Rebel Walking!!!

In a Heartbeat (Rebel Walking #1)

What a great start to a series!! I really enjoyed the characters and story line. I was routing for happiness all around before the end of the first chapter. The story just pulled me right in and I was hooked. This book has

everything - a cocky a\$\$, a ballsy supporting female lead, a damaged and broken hero, and someone strong enough to bring them all together. And now a bit about the story...

Eaven and Ivy are leaving home for their junior year of college. This is their first year away from home. Luke, Eaven's cousin already goes to the school and welcomes her with open arms. They go to a bar to see his band play and where they meet his bandmates. Two are identical twins -- Talon and Taron. While one keeps you laughing or wanting to smack him silly the other is so broken. But he starts to heal with just one look. Give this series a try and find out how he overcomes his past -- more than once!!

Favorite passages:

- I want to sing 'Ding Dong the Bitch is Dead'.
- "Do you not remember that we're identical twins?" "Bro, it's your lame ass personality that lost you girls." He says, smugly.
- You came into my darkness and in a heartbeat you brought light into my life.

Heaven Sent (Rebel Walking #2)

To get to Heaven, some must first go thru Hell...

OMG, this story was so terrifyingly wonderful. It is so emotional and my eyes were so full of tears they spilled over a few times. Even though I was already attached to the characters from the first story, this one brings you even closer. And now a bit about the story...

Ivy and Taron had an instant attraction, but his man whore ways had her out of there in no time flat. As Eaven and Talon grow closer it is only natural for her best friend and his twin to continue to tempt each other. But can either ever settle down and trust? The Hell they face may throw a monkey wrench in though. Will they fight or give up?

Favorite passage: "Holden. Don't let anything happen to her. She's my life. I'm trusting you with my life."

~~*~*~*

Banded Together (Rebel Walking #2.5)

Way to plan a wedding!!

Great continuation of the Talon & Eaven and Taron & Ivy sagas!! Even a sneak peak at the heat and chemistry in book #3!! And now a bit about the story...

While Talon and Taron are running around getting surprises ready for their women, Heaven decides to make her appearance!! I'm not sure which I liked better the wedding or his wedding ring!!

Favorite passage: "I like cake and I can practice smearing the frosting on your lips." "We are not having sex in there so get it out of your head right now." "We'll see."

Tabitha Willbanks says

This was a great boxed set! How could anyone not fall for those those rambunctious, and oh so sexy Walker twins! This set follows Talon, Eaven, Taron, and Ivy as they all work for their HEAs.

Book one is Talon and Eaven. That man is something special. He has some dark skeletons, but Eaven is just a woman to help him over come his past.

Book two continues on with the two badasses of the group; Taron and Ivy. These two never thought they would be able to find their equal. Fate had another idea, when Ivy's best friend fell in love with Taron's twin. The road to their HEA wasn't easy, but anything worth fighting for rarely is.

Banded Together, is a sweet little novella, that follows the four of them as they try to plan their future.

Danena Freeman says

The first 3 books in the series boxed together makes a good deal because these stories are short. The stories are great reads. I bought the rest of the series because I had to know what happened to the rest of the guys in the band. They were very short reads...not such a good deal...less then 100 pages each Rated good

GOOD ROCKER SERIES

This series has romance, intrigue, mystery, sexy times, love and good times with great friends. I loved all the men in the stories, especially Talon and Taron. Eaven was a believable character and perfect for Talon. I laughed at Taron and Liv, however, if you have childhood issues seek a therapist but continuously holding back and/or running gets tiresome to read about. Makes me talk to my Kindle and tell Taron - Let her go, let her see what her wish will leave her with. A great big fat ALONE. I wanted her to learn a lesson. Does she really deserve Taron? I'm not so sure. I would recommend this series. It really is good. The dates for the next story's release was July, what happened? Will it really be written and released? I hope so I look forward to Aiden's story.

Marina Skinner says

I really loved this series and was so glad to be able to read each book one after the other...Hilary certainly gives us books with great characters that stay in your heart...I swear I felt emotional more times than I would have liked after what some of the characters went thru. Heartwrenching, happy, and all around great reads!! I cannot wait to read more!!!

Amber Fueston says

Great introduction to the Rebel Walking series by Hilary Storm

This box set contains the first two books in the series plus a novella.

In a Heartbeat is the story of drummer Talan and Eaven. He is the brooding drummer and she is his light. They shy but fierce girl works her way into his heart. There is a lot to overcome though before they can get their happy ever after.

Heaven Sent is the story of Talons twin Taron. He is the loud vulgar one of the group, the one they think will never settle down. He has met his match with Eavens best friend Ivy though, the two spar verbally while sparks fly. She makes him want forever but after a vicious attack she pushes him away.

Banded Together catches us up with both couples. We finally get to see the wedding and Taron and Ivy give us a wonderful surprise.

This was a very good series. You can see the growth as the stories progress. These are not your typical rocker romance as the stories focus more on the couples than the music. There is lots of hot sex and funny banter throughout the series. Hilary Storm is definitely an author to keep your eye on!

Amber says

best book

Ever!!!! Ohhhh my goodness where do I start!!! I absolutely fell in love w these characters and soooo loved the story line. Go ahead and read it you won't regret a thing!!!

Dana says

What if led me to this

After reading Luke &Lilly's What If story I just had to start from the beginning! I must say I love the twins and seeing everyone grow. Can't wait to continue reading the series!

Elisa Villanueva says

This is a collection of books in a set. I was privileged to win a copy from the author. This genre is not something I normally follow but I was surprised that I enjoyed the series and can't wait to finish the whole collection. It's funny, sexy and it keeps you wanting for more. The story revolves around twin brother, Talon and Taron meeting best friends, Eaven and Ivy. The books was about these twins that couldn't be more different. About how these two are and their past. It's deals with how things had gone crazy and wrong but the main characters were still about to overcome and was able to deal with it. It's too young for my taste but it was a good read. The author was able to get me hooked and she's an incredible writer. I would recommend this to young college grad and their age group but it's a fun read for even someone as old as me.

Nicky says

Let me start by saying that I love rock bands. Hilary does not disappoint with this series. The characters are passionate, funny and loyal to each other. This series has a fair amount of angst, hot sex scenes and many funny moments. All in all a great read....!

Tricia Bartley (iScream Books) says

Talon and Eaven....Wow..just Wow..This is my first book from Hilary Storm and I love her style of writing. (I actually got to meet her in OKC this year at an author event..she is soo nice!!) I wasn't able to get her book read before that event but I finally got to now and man..I am soo happy that I finally got to read it!! I really loved this first book "In a Heartbeat". This was a crazy ride and a really...ummmmm really hawt crazy ride. I loved the hot rocker in this book- Talon..and actually I love all the band, they are a bunch of crazy ass guys and I really loved the girls in this book too...they are just as crazy as the guys and it makes it sooo much fun to read. I cant wait to read the rest of this series and find out what is in store for the rest of them :)

Amy says

Loved all of these stories the first time through. Just as wonderful the second time reminding myself why I love Hilary Storm as an author. The members of Rebel Walking are hot men who fall hard for the women they love! Add in some awesome toasts and kick back for a great read.
