Another 100% alpha hero. He is cruel and obsessed and possessive with his wife. I know most readers hate her cruel heroes but I enjoy them, they are so much fun! Love Jordan Silver!

Mari?ina says

2,5 Stars!

Much better than her other books..

I really am happy to see the evolvement in Jordan Silver's work..

Stryker was short and started out with a very upsetting scene.. But after a while things got better..

Nadia comes back to their house after she left for 2 weeks without saying anything and Gabriel decides that she needs a good lesson..

Well nothing so hardcore like the above gif..

They seem to struggle a bit and then everything falls into place..

THOUGHTS ABOUT THE BOOK

- Of course his penis is 11 inches.. I mean is there another number?
- And of course he has to do something with a bikers club.. But in a good way.
- His was forceful at first.
- An o.k. read.

Makhda says

How could you do that to someone you love..?

Editing, editing, editing. This book needs some serious editing. This was my first Jordan Silver and I think the author has the bones of a decent story. Stryker is a real over the top alpha and gets mad at his wife so treats her like dirt. Some of the things he does to her - oh my. But I have to say that I sort of liked him. That may seem odd given the way he acts but hey, to each his own! I have a penchant for aggressive alphas and Stryker fits the bill. Just didn't like some of the stuff he did. I had some difficulty getting into the story because of missing commas, odd wording of sentences, fragmented or run-on sentences, etc.

This was so stupid

Michele bookloverforever says

too cruel, heartless, brutal for my tastes...then the switch to loving concern too quick. also, too short...maybe if it were longer we could have had more build up to the beginning scenes and the denouement was too quick.

~*~Princess Nhya~*~ says

Well, this one was rough. As in "*OMG! I can't believe he's doing this?!*" rough.. But I did like how things came together and how their HEA came to a close.

I must say that the "Villain" in this, could they have been any more stupid? I found it hard to take them seriously. Much like our hero, **Gabe**, he treated them as if they were flies, nothing more. It was quite comical at times.

That being said, it was a decent enough read. The start is definitely brutal. Not for faint of heart, so be WARNED. But I would recommend this read.

Nichole says

Wow, I only read the sample but that was pretty much the most ridiculous and disgusting thing I've encountered. That's impressive. And terrible. Gross.

Jane says

This is **NOT** dub-con. First chapter consists of a rape scene, a threat to break her neck, kidnapping, and forcibly detaining her.

Second chapter: another two rape scenes including sodomy. This guy is NOT a "book boyfriend". This is a

sadistic rapist with major anger management issues.

Add to that, the truly horrendous writing and editing.

Anyone who has rated this book above a 1-star has some serious issues.

Gabe/Striker and Nadia. Not my fave by this author, that's for sure. The first 3rd of the book is Stryker disciplining his wife without letting her give any explanations for her running away. It was VERy OTT. The rest of the book is lovey doveey a-la-alpha style and the OW getting her just desserts. But I never really forgave Stryker for his asshole behavior at the start of the book...

Veri says

It was terrible -- There was enough drama to make The story longer. The hero is The worst hero I have EVER read (he rapes his wife in the beginning because he's mad at her) and this isn't like older bodice rippers with the forced seduction - nope he WANTED to hurt her. Basically by the end of the book I wanted the heroine to LEAVE the hero - If she had , I would have rated it higher.

100sweet says

I was really angry that the H raped the h so brutally at least twice b/c he was angry she disappeared for 2 weeks. She was crying during the ordeals and he didn't care. He claimed it was to teach her lesson since he was so heartbroken and scared when she was missing. He was so childish in his need to punish the h. The H loved the h but treated her more like a child than a wife. The wife just let him abuse her and never even tried to stand up for herself.

A quick read that went from dub-con to fairytale in 51 pages!

I generally love both, my issue here is that I wasn't quite sure how to take this one. It is another unapologetically wild Jordan Silver read!

Perhaps that's why I love her books - Jordan clearly doesn't give a shit about convention... and more power to her for it! You know what you're going to get if you're reading her books so there's no point in complaining afterward!

I was loving the fact that Stryker had an eleven inch cock!

And my God he wasn't afraid to use it...!

Yeah baby! Bam Bam with a great HEA!

Sooo... this was.... intense....

I don't usually read short books but this one caught my eye... and I must say I liked it. I am not gonna go into the details but let me just warn you it's not book for everyone.

Ivie ☆Born to Magic-Forced to Muggle☆ says

There is a difference between an alpha male and a caveman. Between being steamily possessive and insanely abusive.

Stryker is the type of a man who shows his affection in such a way that if a woman shot him dead with a shotgun, she would be acquitted by any jury.

That's not alpha. Sorry Jordan Silver.
