WOW!!!! We all fell in love with Brittan and Jordan already, but to see Brittan come out of her shell and actually live & enjoy the holidays was so magical. I could see and feel everything that they were doing while Jordan shared his Christmas the way he always did every year and Brittan opening up and having so much fun. Loved the way Jordan made Caine apart of their Christmas, it was so heart felt and I actually cried with her. Danielle you "Rock", and I love reading your books!!!!

It was great to spend a Christmas with Jordan and Brittan. I just adored their book and this just added to it perfectly. Loved getting a glimpse into their first Christmas together, where there passion was still as hot as ever and their dedication to each other couldn't be questioned. Thank you Danielle for giving us more Jordan. I loved it!!!

Loved their first Christmas together. The first experiences for Brittan with a white Christmas with Jordan seeing Christmas through her eyes and her being able to say goodbye to Cane even though she now realizes he will always be in her heart and Jordan is ok with that because he is her future.

After reading Tempt My Heart I became infatuated with Jordon Valentine and I needed more. Yes, I said needed more it was a must and Danielle Jamie came to the rescue with Tempting Christmas.

Tempting Christmas is the story of their first Christmas together, and let me tell you Christmas has never been so hot. The sexual chemistry radiates from the pages and the sweetness will seep into your pores. Yet again I am left wanting more.

If you read Tempt My Heart, you know the story of Brittan and Jordon. If you haven't read it, it is a must

read. You technically could read this as a stand alone but trust me you want to know the whole story!

You gotta love Jordon and Brittan! They are so adorable, sexy and loving with each other. This novella should be read after reading Tempt My Heart. It gives any inside look into what is going on with them going through their first Christmas together. Light 'Em Up!!

Theresa says

Continuing on in the crazy Tempt My Heart tradition, Brittan and Jordan share a fun filled, festive, and passionate Christmas. It will be a white one this year in the windy city with Jordan's family. Wonder if Jordan will like his present?

Favorite passages:

- "Sometimes I hate being an irresistible rock god,"
 - "So, what did you think of your present? Was it everything you hoped for?"

I ABSOLUTELY LOVE Danielle Jamie! We all fell in love with Jordan and Brittan in Tempt My Heart and couldn't get enough. After reading this I am even more in love with them.

Danielle has a way of making you fall in love with all her characters. Of course I cried just hearing Canes name. I love that Danielle doesn't let us forget the love Brittan and Cane shared. It's also nice to see how understanding Jordan is about the love they shared.

Jordan will have you swooning and Brittan will have you laughing with her sassy mouth. Trust me when I say you will never look at Christmas lights the same again. Jordan will definitely have you wanting to play what's your favorite song with some of our favorite Christmas songs.

Jordan is hot

This was awesome. I love Danielle Jamie. She has a way of making you feel apart of the book. With this one we get to see how they celebrate Christmas and much their love for each other has grown. The sex is off the chart. Jordan and dirty mouth. The only problem it's not Kong enough. Love it.
